Bernice Kanner, 2024-06-04 When it comes to sex and love how do you fit in Are you ahem normal Do you conform to the type standard or pattern the way MOST people do In the bedroom and elsewhere where we copulate we re both entirely predictable and utterly surprising Would you try to conceive without your partner s consent if you wanted a baby What s sexier suits slacks or jeans Do you slant to the right or left when kissing Have you ever lied to get a date Marketing guru Bernice Kanner has spent many years researching how Americans love and lust to give us the statistics to satisfy our every curiosity People talk about sex a lot a worry about it even more So pull up a chair and see how you compare Sex, Love Or Romance Ray E. resource for anyone who cares about these issues and wants to make sense of them **Love, Sex, and Romance** Sergio Garcia, 2003-02 We spend so much time worrying about the little things in life money objects bills insignificant things really We give these things much more importance than they deserve because these things are so truly trivial when compared to the significant things in life like love health family and friends We allow these trivial things to constantly overwhelm us and worry us sick We always wish for the future as opposed to rejoicing in the present and appreciating life for what it truly is a gift an opportunity to love and to be loved and by doing so opening our eyes to a truly beautiful reality a reality we fail to see without love We fail to see the true beauty of life the beauty of a brand new morning the beauty of a butterfly resting in a rose or the sweet melodies the bird sing Instead we focus on the petty things and by so doing we keep ourselves from achieving the true happiness we seek Time and time again I have encountered unhappiness in life and particularly in relationships People do not understand why their relationships are not going in the right direction People wonder why they are not as happy as they wish they could be and usually the reason for this is not an insurmountable one This unhappiness is mostly caused by a lack of communication lack of trust lack of honesty lack of attention or understanding Sometimes a combination of these prevents us from achieving true happiness but they can be overcome and with my help and your willingness to change you will achieve just that These problems unfortunately are very common but there is a solution a simple solution I want to share with you I want to change the status quo by providing you with the tools you will need to overcome these problems I want to provide you with the tools you need to more successfully approach your love interest to better deal with your significant other and to even improve your marriage and everyday life I will show you how to communicate appreciate and better understand your partner above all I will help you love again The reason behind this book being written is the beautiful feeling one feels as soon as one falls in love a feeling that should never disappear It should evolve and become more objective but no less beautiful the flame of love should never vanish The honeymoon period whether you are married or have just entered into your first relationship should not fade and pass it should just transform and it can It will require a little effort and awareness of each other's preferences but remember all worthwhile endeavors do The origin of this book then rests in the predominant lack of understanding between the sexes in the predominant complaint My boyfriend pays more attention to his car than to me as well as My wife is always nagging no matter what I do she's never happy The origin of this book is due to the strong belief that I can change that that I can provide you the reader with a happy medium I strongly believe that I can show you how to meet halfway and become a happier person and a happier couple in the process I believe that I can help change those statements to something more positive I believe I can change those statements to something like my boyfriend enjoys spending time working on his car but he loves me I'm the most important thing in his life or my wife is the greatest she knows how much I love her and she knows any opportunity I get I want to be with her because I'm the most important person in her life Maybe you noticed the use of thing and person and that is a purposeful mistake as

The Secret Life of Love and Sex Terence Watts, 2014. Men and women think differently and work differently but they don't know that SO sometimes a white lie or a secret is a GOOD thing. **Edward II and a Literature of Same-Sex Love** Michael G. Cornelius, 2016-10-21. The narrative retellings of the life, reign and death of the English King Edward II, reigned 1307-1327, present a unique opportunity for scholars of sexuality in the early modern era. This is because the works of authors like Christopher Marlowe, Michael Drayton, Sir Francis Hubert, Elizabeth Cary and Richard Niccols were all inspired by the public cultural memory fashioned from Edward's same sex love affair with Piers Gaveston. As such each of them presents a particular representation of and a specific discourse about male-male sexual relations in the Renaissance. In other words what these works present is a concentrated body of literature about same sex love in the early modern era, works that openly and frankly explore the possible origins of the love, the reasons and causes for it, works that explore the ramifications of male-male romantic relationships, works that explore the sexual politics and sociocultural dynamics of same sex romantic partnerships and works that describe and denote same sex love from an English Renaissance perspective. This study looks at each of the major Renaissance texts about Edward II and examines the means through which each text understands and analyzes the nature of male-male same sex love. From Marlowe's crafting of a lover identity for Edward to Drayton's obsession with Marlowe's version of gay history from Hubert's Augustinian construction of Edward's nature to Cary's identification with the fallen king to Niccols inspired exemplum, what each of these works demonstrates is that the love that dare not speak its name would not be silenced at least not in the case of Edward and Gaveston. When one sees the name Edward II one also sees his same sex loves. The correlation has become ingrained into our public recall of history. Thus as far as the world is concerned Edward II was and ever will be the gay king.
