Sex And Women With Learning Disabilities:

Sexuality and Women with Learning Disabilities Michelle McCarthy, 1999 *Sexuality and Women with Learning Disabilities* makes a significant contribution to both feminist and disability literature because it challenges common assumptions about the sexuality of people with learning disabilities forces a reconsideration of how this group of people are viewed by those around them and links gender and disability in its analysis Tizard Learning Disability Review By tackling issues that have received little meaningful attention McCarthy both makes a valuable contribution to the literature and provides a useful practical guide to those wishing to support their clients more effectively *Mental Health and Learning Disabilities Care* The thoroughness and attention to detail with which McCarthy has investigated and written about the sexual lives of a small number of women with mild to moderate learning difficulties is to be commended Drawing upon interviews with the women who participated in this study there is explicit detail about the reality of their sexual lives that overall comes across as sad poignant and often shocking with a high level of sexual abuse revealed however McCarthy has a strong code of ethics and sensitivity and a reflexive honesty about her role and stance as a feminist researcher that removes any possibility or suggestion of prurient voyeurism or exploitation being a part of this research McCarthy writes as a woman with and about women allowing their voices about their sexual experiences to be heard through the medium of in depth interviews Within the book the sexual experiences of women with learning disabilities are set in a wider policy and practice framework and discussed in relation to ideologies surrounding learning disability gender and sexuality in a cultural context The book ends with a chapter discussing and listing policy and practice recommendations including suggestions about changes to the law Overall this was a convincing and compelling book that deserves serious attention and I would strongly recommend it to anyone with an interest in learning disability issues including practitioners carers relatives advocates and counsellors *CSPRD Newsletter* In this study of women with mild and moderate learning disabilities Michelle McCarthy investigates how these women experience their sexual lives basing her research on interviews with the women themselves She argues the importance of informing the work of those responsible at research practice and policy levels with the voices of people with learning disabilities In the interviews women talk openly about what form their sexual activity takes and what it means for them the circumstances in which it occurs and the pleasures or lack thereof associated with it These interviews directly shape the policy and practice recommendations the author makes Michelle McCarthy's findings suggest that women with learning disabilities commonly find themselves engaged in sexual activity which is not to their liking and not of their choosing A high level of sexual abuse was also reported The author discusses this in relation to the cultural forces which have influenced Western perceptions of sexuality feminism and theories and prejudices about learning disabilities She also studied the impact of institutional and community settings on the sexuality of women with learning disabilities In *Sexuality and Women with Learning Disabilities* McCarthy makes recommendations for policy and practice which will protect this

vulnerable group and advises on education support and seeking justice for abused women **Sexuality and Relationships in the Lives of People with Intellectual Disabilities** Daniel Docherty, Sue Ledger, Louise Townson, Rohhss Chapman, 2014-10-28 Wide ranging authoritative and grounded in the expertise of people with intellectual disabilities this book offers an authentic account of the challenges those with intellectual disabilities face in their relationships and sex lives across the globe and explores what society needs to do to respect their rights **Learning Difficulties and Sexual Vulnerability** Andrea Hollomotz, 2011-08-15 People with learning difficulties are considerably more likely to experience sexual violence than those without and for this reason they are often described as vulnerable This book argues that treating adults with learning difficulties as vulnerable leaves them with fewer of the skills which are needed to protect themselves from harm Intimate and Personal Care with People with Learning Disabilities Steven Carnaby, Paul Cambridge, 2006-05-25 This book examines aspects of care such as training ethnicity sexuality and competence in practice Topics include the nature of touch how physical contact is intended and experienced carers duty of care and risk management The book also explores management considerations of best value care standards performance monitoring and inspection *Health of Women with Intellectual Disabilities* Patricia Noonan-Walsh, Patricia Walsh, Tamar Heller, 2008-04-15 The first interdisciplinary book taking a contextual approach to the developing health needs of women with intellectual disabilities It considers the social economic and political contexts of health promotion Its concise but comprehensive evidence base makes it a unique reliable source for a wide readership **Women With Intellectual Disabilities** Kelley Johnson, 2000-03-01 This book provides the first comprehensive exploration of the issues affecting the lives of women with intellectual disabilities Women from all over the world have collaborated to write about their lives their experiences and their hopes for the future Different aspects of life work family relationships and more are discussed *Learning Disability* Gordon Grant, Paul Ramcharan, Margaret Flynn, Malcolm Richardson, 2010-05-16 With its spread of chapters covering key issues across the life cycle this text has established itself as the foundational primer for those studying the lived experiences of people with learning disabilities and their families and outcomes achieved through services and support systems Recognising learning disability as a lifelong disability this accessible book is structured around the life cycle The second edition is refreshed and expanded to include seven new chapters covering Aetiology Breaking news about disability and early intervention Transition to adulthood The sexual lives of women Employment Personalisation People with hidden identities With contributions from respected figures from a range of disciplines the book draws heavily upon multidisciplinary perspectives and is based on the latest research and evidence for practice The text is informed by medical social and legal models of learning disability exploring how learning disability is produced reproduced and understood Extensive use is made of real life case studies designed to bring theory values policy and practice to life Narrative chapters describe in the words of people with learning disabilities themselves their lives and aspirations They helpfully show readers the kinds of roles played

by families advocates and services in supporting people with learning disabilities New exercises and questions have been added to encourage discussion and reflection on practice Learning Disability is core reading for students entering health and social care professions to work with people with learning disabilities It is a compelling reference text for practitioners as it squarely addresses the challenges facing people with learning disability their loved ones and the people supporting them Contributors Dawn Adams Kathryn Almack Dorothy Atkinson Nigel Beail Christine Bigby Alison Brammer Jacqui Brewster Hilary Brown Jennifer Clegg Lesley Cogher Helen Combes Clare Connors Bronach Crawley Eric Emerson Margaret Flynn Linda Gething Dan Goodley Peter Goward Gordon Grant Chris Hatton Sheila Hollins Jane Hubert Kelley Johnson Gwynnyth Llewellyn Heather McAlister Michelle McCarthy Alex McClimens Roy McConkey David McConnell Keith McKinstrie Fiona Mackenzie Ghazala Mir Ada Montgomery Lesley Montisci Elizabeth Murphy Chris Oliver Richard Parrott Paul Ramcharan Malcolm Richardson Bronwyn Roberts Philippa Russell Kirsten Stalker Martin Stevens John Taylor Irene Tuffrey Wijne Sally Twist Jan Walmsley Kate Woodcock The editors and contributors are to be congratulated on the production of a relevant and contemporary text that I have no hesitation in both endorsing and recommending to all involved in supporting and or caring for people with learning disabilities Professor Bob Gates Project Leader Learning Disabilities Workforce Development NHS Education South Central UK This is a seminal text for students and practitioners researchers and policy makers Associate Professor Keith R McVilly Deakin University Australia If I were to personally recommend any book for budding or current learning disability professionals then this would be it James Grainger Student Nurse Social Worker Sheffield Hallam University UK The book gives a true wealth of good practice scenarios that can only help practitioners be good at what they do and aspire to be Lee Marshall Student Nurse Sheffield Hallam University UK
