Sex Career Family:

Sex, Career and Family Michael P. Fogarty, Rhona Rapoport, Robert N. Rapoport, 2017-01-06 In this book first published in 1971 the authors show from first hand studies of family and working life and with evidence from many countries including the socialist societies of Eastern Europe the nature of the discrimination facing women in the professions and how various family and employment patterns might contribute to solving it Their point is not that some new stereotype should be substituted for traditional views of the role of husbands and wives different patterns fit different situations *Sex, Career and Family* Michael P. Fogarty, 1993

Career and Family Claudia Goldin, 2023-05-09 A century ago it was given that a woman with a college degree had to choose between having a career and a family Today they are more female college graduates than ever before yet challenges persist at work and at home Claudia Goldin traces how generations of women have responded to the problem of balancing career and family as the twentieth century experienced a sea change in gender equality revealing with true equity for dual career couples remains frustratingly out of reach Antidiscrimination laws and unbiased managers with valuable are not enough Career and Family explains why we must make fundamental changes to the way we work and how we value caregiving if we are ever to achieve gender equality and couple equality *Sex, Career and Family* Michael Patrick Fogarty, Rhona Rapoport, Robert Norman Rapoport, 1974

Working Couples Rhona Rapoport, Robert N. Rapoport, 2022-02-23 Originally published in 1978 Working Couples deals with husbands and wives who both hold paid jobs The editors the late Robert N and Rhona Rapoport had established themselves as well respected authorities on dual career families and in this study they call upon other specialists in the field to apply their research experience to the consideration of the particular problems confronting working couples at the time They discuss how some of these issues had arisen and analyse how they were being dealt with in a number of contexts Working couples at the time were subject to constraints of various kinds in meeting the challenges they faced and there were many who rejected the lifestyle on these grounds but there were many others for whom it worked Numerous families were attempting to operate the pattern in new ways Both may have separate jobs and her income may not only be separate from his but in some cases larger and more reliable Such a situation creates its own problems which need to be resolved The authors look at and clarify some of the generic issues and discover which resolutions have been satisfactory as well as the various devices created for helping dual worker families to function

Francis, Marriage, and Same-Sex Civil Unions Todd A. Salzman, Michael G. Lawler, 2024-05-15 In Pope Francis Marriage and Same Sex Civil Unions Foundations for the Organic Development of Catholic Sexual Doctrine Todd A Salzman and Michael G Lawler argue for the organic development of Catholic sexual teaching to recognize the morality and sacramentality of opposite sex and same sex marriage They do so on the basis of Pope Francis support of the legal protection of same sex civil unions new pastoral methods theological anthropological and ethical methodological developments To that end the authors consider the historical development in the Catholic tradition of sexual and marital ethics the impact of virtue ethics emphasis on the authority and inviolability of an informed conscience and a revised understanding of sexual complementarity on defining human dignity and the method for doing Catholic ethics the sacramental nature of opposite sex marriage as an upper case Sacrament and same sex marriage as a lower case sacrament the widespread and growing phenomenon of cohabitation before marriage where couples grow into the ideal of marriage and sociological and experiential data that supports the overwhelming positive impact on children of opposite sex and same sex parents All of these issues are considered in the light of the theological and pastoral changes that Pope Francis is introducing with widespread support and minority opposition into the Catholic tradition Men in Dual-career Families Lucia Albino Gilbert, 2014-04-04 First

published in 1985 The dual career family is emerging as the modal family form in the United States Yet despite its prevalence traditional orientations and social institutions have not adapted to this pattern This volume reports the results of a pioneering investigation of men in dual career families and considers interventions at the societal and individual level that will ease the difficulties associated with the transition to this new family form *Resources in Women's Educational Equity*, 1980

Resources in Women's Educational Equity: Special Issue, 1979 **Handbook of Marriage and the Family** Suzanne K. Steinmetz, Marvin B. Sussman, 2013-11-11 The lucid straightforward Preface of this Handbook by the two editors and the comprehensive perspectives offered in the Introduction by one of them leave little for a Foreword to add It is therefore limited to two relevant but not intrinsically related points vis a vis research on marriage and the family in the interval since the first Handbook Christensen 1964 appeared namely the impact on this research of the politicization of the New Right and

of the Feminist Enlightenment beginning in the mid sixties about the time of the first Handbook In the late 1930s Willard Waller noted Fifty years or more ago about 1890 most people had the greatest respect for the institution called the family and wished to learn nothing whatever about it Everything that concerned the life of men and women and their children was shrouded from the light Today much of that has been changed Gone is the concealment of the way in which life begins gone the irrational sanctity of the home The aura of sentiment which once protected the family from discussion clings to it no more We want to learn as much about it as we can and to understand it as thoroughly as possible for there is a rising recognition in America that vast numbers of its families are sick from internal frustrations and from external buffeting We are engaged in the process of reconstructing our family institutions through criticism and discussion 1938 pp 3 4
