Sex Matters:

Sex Matters Holly Lawford-Smith, 2023 *Sex Matters* addresses a cluster of related questions that arise from the tension between rights based on sex and rights based on gender identity Topics discussed include what gender is what policies should be for inclusion in women only spaces and whether gender critical speech is hate speech

Sex Matters Osho, 2003-07-11 One of the greatest spiritual thinkers of the twentieth century explores the physical and emotional intimacies of men and women in *Sex Matters* Sex to Superconsciousness Sex matters to us all The Osho approach to sex begins with an understanding of how important love is in our lives while at the same time acknowledges that the journey into love cannot exclude our innate biological energies With this perspective it becomes clear that the tendency for religions and for society in general to associate sex with sin and morality has been a great misfortune *Sex Matters* begins by deconstructing the layers of sexual repression that the condemnation of sex has inflicted on humans Throughout the book in response to questions about everything from jealousy to premature ejaculation the role of intimacy and the differences between men and women Osho proposes a vision that embraces sex as a fundamental gift from nature We learn how orgasm offers a glimpse of timelessness thoughtlessness and pure awareness biology's way of pointing toward the consciousness that helps us to understand ourselves Finally we are presented with a clear choice a repressed sexuality that leads to pornography perversion and a stunted humanity or a playful respectful and relaxed innocence that supports us in becoming fulfilled and whole as nature intended Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness He has been described by the Sunday Times of London as one of the 1000 Makers of the 20th Century and by Sunday Mid Day India as one of the ten people along with Gandhi Nehru and Buddha who have changed the destiny of India Since his death in 1990 the influence of his teachings continues to expand reaching seekers of all ages in virtually every country of the world

Sex Matters Mona Charen, 2018-06-26 Author of the New York Times bestseller *Useful Idiots* and popular columnist Mona Charen takes a close reasoned look at the aggressive feminist agenda undermining the success and happiness of men and women across the country In this smart deeply necessary critique Mona Charen unpacks the ways feminism fails us at home in the workplace and in our personal relationships by promising that we can have it all do it all and be it all Here she upends the feminist agenda and the liberal conversation surrounding women's issues by asking tough and crucial questions such as Did women's full equality require the total destruction of the nuclear family Did it require a sexual revolution that would dismantle traditions of modesty courtship and fidelity that had characterized relations between the sexes for centuries Did it cause the broken dating culture and the rape crisis on our college campuses Did it require war between the sexes that would deem men the enemy of women Have the strides of feminism made women happier in their home and work life The answer is No *Sex Matters* tracks the price we have paid for denying sex differences and stoking the war of the sexes family breakdown declining female happiness

aimlessness among men and increasing inequality Marshaling copious social science research as well as her own experience as a professional as well as a wife and mother Mona Charen calls for a sexual ceasefire for the sake of women men and children
