Sex On Legs:

Sex, Preference, and Family David M. Estlund, Martha C. Nussbaum, 1998-06-18 The public furor over issues of same sex marriages gay rights pornography and single parent families has erupted with a passion not seen since the 1960s This book gathers seventeen eminent philosophers and legal scholars who offer commentary on sexuality including sexual behavior sexual orientation and the role of pornography in shaping sexuality on the family including both same sex and single parent families and on the proper role of law in these areas The essayists are all fiercely independent thinkers and offer the reader a range of bold and thought provoking proposals Susan Moller Okin argues for instance that gender ought to be done away with that differences in biological sex ought to have no more social relevance than one s eye color or the length of one s toes and she urges that we look to same sex couples as a model for households and families in a gender free society And Cass Sunstein suggests that the Supreme Court case Loving vs Virginia which overthrew the ban on interracial marriages in Virginia might be a precedent for overturning laws that bar same sex marriage just as Loving overturned miscegenation laws because they were at the service of white supremacy Sunstein shows the laws against same sex marriages and homosexuality are at the service of male supremacy and might also be overturned Of vital importance to anyone interested in sexuality homosexuality gender feminism and the family Sex Preference and the Family both clarifies the current debate and points the way toward a less divisive future
