collects and introduces some of the best writing on sexual behaviour and gender differences in ancient Greece and Rome including four chapters newly translated from German and French For centuries discussions of sexuality and gender in the ancient world if they took place at all focussed on how the roles and spheres of the sexes were divided While men occupied the public sphere of the community ranged through the Greek and Roman worlds and participated in politics courts theatre and sport women kept to the home Sex occupied a separate sphere in scholarly terms restricted to specialists in ancient medicine And then the subjects were transformed first by Sir Kenneth Dover then by Michel Foucault This book charts and illustrates the extraordinary evolution of scholarly investigation of a once hidden aspect of the ancient world In doing so it sheds light on fascinating and curious aspects of ancient lives and thought **Greek and Roman Sexualities: A**

**World** Anise K. Strong, 2016-07-12 From streetwalkers in the Roman Forum to imperial concubines Roman prostitutes defined what it meant to be a bad girl **Male to Male** Edward Tejirian, 2013-04-03 Explore the feelings of men toward other men without the pigeonholing found in terms like gay and straight Male to Male Sexual Feeling Across the Boundaries of Identity starts with the evidence that most studies on male sexuality have ignored the same sex feelings of men whose identities are heterosexual Of the more than fifty men in this book almost half were aware of some degree of same sex feeling But beyond percentages the primary focus of Male to Male is the exploration through their own words of how these men experienced same sex feelings what these feelings meant to them the fears surrounding them and the consequences of the collision between their heterosexual identities and their same sex feelings In addition to comparative data on women's same sex feelings as well as on what men say in regard to their feelings about women Male to Male includes material from two in

depth case studies The first is on Clark an African American man who moved into sex with men in prison His story shows that the need to see gay men as feminine is really a cultural defense against the powerful pull toward the male to male bond and points to the movement to fulfill that bond when this defense is dropped The second is on Zack a gay police officer His story explores the different dimensions and meanings of the male to male bond as these unfolded in his own life while telling about the heterosexually identified men who came out to him about their own same sex feelings Male to Male will help you explore same sex feelings in heterosexual men and women same sex feelings in the military prison culture and the heterosexual role the fear of domination the aesthetics of fear and power the dynamics of rape passionate relationships between heterosexual identified men and much more Male to Male provides evidence showing that the identity that really counts constituting the deepest source from which men s sexual feelings for each other spring is not specifically a gay or heterosexual identity That source is rather a male identity and beyond that a human identity
