Sex Shops And The Law:

Sex Shops and the Law Colin Manchester, 1986 **Sex and Sexuality in China** Elaine Jeffreys, 2007-01-24 Elaine Jeffreys explores the issues of sex and sexuality in a non Western context by examining debates surrounding the emergence of new sexual behaviours and the appropriate nature of their regulation in the People's Republic of China Commissioned from Western and mainland Chinese scholars of sex and sexuality in China the chapters in this volume are marked by a diversity of subject material and theoretical perspectives but turn on three related concerns First the book situates China's changing sexual culture and the nature of its governance in the socio political history of the PRC Second it shows how China's shift to a rule of law has generated conflicting conceptions of citizenship and the associated rights of individuals as sexual citizens Finally the book demonstrates that the Chinese state does not operate strictly to repress sex it also is implicated in the creation of new spaces for sexual entrepreneurship expertise and consumption This comprehensive study is a valuable resource for scholars in the fields of sexuality studies and post socialist societies and culture directly appealing to both East Asia and China specialists Technologies of Sexiness Adrienne Evans, Sarah Riley, 2015 What does sexiness mean today Has sexiness become something that is bought and sold What identity effects does a sexiness informed by consumer culture have This book addresses these questions off the back of a heightened visibility of sex sexiness and sexualization in everyday life Sex and the contract Vincenzo Zeno-Zencovich, 2015-10-01 DOI 10.13134/9788897524458 (Sub)Urban Sexscapes Paul J. Maginn, Christine Steinmetz, 2014-10-10 Sub Urban Sexscapes brings together a collection of theoretically informed and empirically rich case studies from internationally renowned and emerging scholars highlighting the contemporary and historical geographies and regulation of the commercial sex industry Contributions in this edited volume examine the spatial and regulatory contours of the sex industry from a range of disciplinary perspectives urban planning urban geography urban sociology and cultural and media studies and geographical contexts Australia the UK US and North Africa In overall terms Sub urban Sexscapes highlights the mainstreaming of commercial sex premises sex shops brothels strip clubs and queer spaces and products sex toys erotic literature and pornography now being commonplace in night time economy spaces the high street suburban shopping centres and the home In addition the aesthetics of commercial and alternative sexual practices BDSM and pornography permeate the sub urban landscape via billboards newspapers and magazines television music videos and the Internet The role of sex sexuality and commercialized sex in contributing to the general character of our cities cannot be ignored In short there is a need for policy makers to be realistic about the historical contemporary and future presence of the sex industry Ultimately the regulation of the sex industry should be informed by evidence as opposed to moral panics Winner of the Planning Institute of Australia WA 2015 Award for Excellence in Cutting Edge Research and Teaching An Introduction to Law Phil Harris, 2016 An extensively updated introduction to law through a law in context perspective Illicit and Unnatural Practices Roger Davidson, 2018-11-14 Using a wide range of

prosecution and trial records along with more recent newspaper coverage of court proceedings this book furnishes a fascinating insight into the relationship between the law sex and society in modern Scotland Case studies of sex related offences including abortion bestiality brothel keeping child sexual assault and wilful HIV transmission reveal how far the legal process both reflected and reinforced contemporary moral panics and how far it was shaped by the interplay between law officers and forensic experts by the prejudices of the local community and civic leaders and by Scotland's distinctive legal and moral identity The law in practice is seen to have sustained important norms of sexual behaviour and masculinity along with an enduring double moral standard with respect to female sexuality This volume thus affords a remarkable new perspective on the sexual behaviours and ideologies of Scottish society across the twentieth century and into the new millennium

Medium Law Daithí Mac Síthigh, 2017-09-13 Why should anyone care about the medium of communication today especially when talking about media law In today's digital society many emphasise convergence and seek new regulatory approaches In *Medium Law* however the medium theory insights of Harold Innis Marshall McLuhan and the Toronto School of Communication are drawn upon as part of an argument that differences between media and technological definitions continue to play a crucial role in the regulation of the media Indeed Mac Síthigh argues that the idea of converged cross platform medium neutral media regulation is unattainable in practice and potentially undesirable in substance This is demonstrated through the exploration of the regulation of a variety of platforms such as films games video on demand and premium rate telephone services Regulatory areas discussed include content regulation copyright tax relief for producers and developers new online services conflicts between regulatory systems and freedom of expression This timely and topical volume will appeal to postgraduate students and postdoctoral researchers interested in fields such as Law Policy Regulation Media Studies Communications History and Cultural Studies

Cities and Sexualities Phil Hubbard, 2013-03-01 From the hotspots of commercial sex through to the suburbia of twitching curtains urban life and sexualities appear inseparable Cities are the source of our most familiar images of sexual practice and are the spaces where new understandings of sexuality take shape In an era of global business and tourism cities are also the hubs around which a global sex trade is organised and where virtual sex content is obsessively produced and consumed Detailing the relationships between sexed bodies sexual subjectivities and forms of intimacy *Cities and Sexualities* explores the role of the city in shaping our sexual

lives At the same time it describes how the actions of urban governors city planners the police and judiciary combine to produce cities in which some sexual proclivities and tastes are normalised and others excluded In so doing it maps out the diverse sexual landscapes of the city from spaces of courtship coupling and cohabitation through to sites of adult entertainment prostitution and pornography Considering both the normative geographies of heterosexuality and monogamy as well as urban geographies of radical queer sex this book provides a unique perspective on the relationship between sex and the city *Cities and Sexualities* offers a wide overview of the state of the art in geographies and sociologies of sexuality as well as an empirically grounded account of the forms of desire that animate the erotic city It describes the diverse sexual landscapes that characterise both the contemporary Western city as well as cities in the global South The book features a wide range of boxed case studies as well as suggestions for further reading at the end each chapter It will appeal to undergraduate students studying Geography Urban Studies Gender Studies and Sociology

Words as Swords: Verbal Violence as a Construction of Authority in Renaissance and Contemporary English Drama Senlen Sila, 2012-07-24 Verbal violence as a sophisticated means of persuasion and manipulation is as effective on the stage as physical violence Since the destructive effects of verbal violence are less recognized and long term it is a vital instrument for constructing power and authority S la enlen tackles this subject in Renaissance and contemporary English drama In Renaissance tragedies composed in blank verse such as Marlowe s Tamburlaine Part I and Shakespeare s Richard III political power is identified and matched with a powerful rhetorical style Almost all of the battles in such plays are fought verbally rather than physically on the stage In these verbal duels or battles competent speakers such as Tamburlaine and Richard III exploit the frontiers of deception manipulate abuse and destroy their opponents with low verbal competence through verbal violence Thus a parallel is drawn between rhetorical skills and military power and between word and sword In contemporary English plays the violence of daily language not only contributes to the creation of a realistic spectacle but also and more importantly to the process of replacing free critical thinking by automatically preconceived patterns of thought and speech Institutions and related discourses function to set up norms or standards against which people are defined categorized judged and punished In Bernard Shaw s Pygmalion Harold Pinter s The Birthday Party and Anthony Neilson s The Censor verbal violence in the form of daily language is not only deployed to construct authority dominate and standardize subjects but also to deconstruct and defy authority
