understand is that if you don't respect yourself a man will never respect you. If you feel that you are not attractive enough, smart enough, confident enough, charming enough, or interesting enough, then you have very low self-esteem. If you don't learn to deal with your insecurities, you risk becoming dependent on a man. Insecurity is an inner feeling that makes you believe you are unloved, worthless, and unworthy of love, and it is harmful to your relationship. Actions that stem from insecurity, such as the need for constant reassurance, jealousy, accusations, and the need to control, destroy trust and are unattractive and can drive a man away. A woman with low self-esteem may feel insecure in a relationship because she anticipates rejection and abandonment. Loving a man does not mean forgetting to love yourself. When you don't love yourself, you are likely to settle for less than you deserve. To attract love, you must believe that you are worthy of love. If you cannot love yourself, how can you love another person? The path to self-love and self-esteem is the most important and valuable one you can take. Learn to Love Yourself Enough Andrew G. Marshall, 2014-09-09. Create a wealth of self-worth. In a black and white world, there are two types of people: those who love themselves too much and walk over everybody else, or hate themselves for

failing to achieve goals and probably end up being taken advantage of by others But according to British marital therapist Andrew G Marshall neither has a healthy perception of oneself This is because the secret to self esteem does not lie in the extremes of love and hate but in the middle in the gray area that teaches us to love ourselves just enough enough to have love to offer others enough to be open to receive love from others Only when this kind of balance is created can self love exist Like no other book on self esteem ever written *Learn to Love Yourself Enough* helps readers walk through life on middle ground by revealing the seven factors that together add up to a wealth of self worth Examine your relationship with your parents Discover the six types of child parent relationships and how to accept the legacy of your past Find Forgiveness Debunk the two myths about forgiveness and discover what can be gained from negative experiences Don't let other people put you down Recognize the five phases of projection and how understanding our own projections lead to better and happy relationships Re program your inner voice Identify the three kinds of negative thinking that work together to undermine self confidence and whether they are based on fact or just opinion Set realistic goals Learn how perfectionism undermines self esteem Re balance yourself Understand that problems lurk in the extremes and why the middle way is the most successful way Conquer Fears and Setbacks Overcome the day to day problems that life and other people throw at us Happiness!.
