BOOK JACKET [India-South Asia Interface](#) Partha S. Ghosh, 2021-12-22 India South Asia Interface raises the fundamental question How does one make sense of South Asia Conventional wisdom defines it primarily in terms of regional and international politics The failures of the South Asian Association for Regional Cooperation SAARC are emblematic of that wisdom Marking a departure from such approaches Partha Ghosh makes the case that more than merely a political construct South Asia must be understood as a shared social consciousness Through chapters that explore topics such as threats to democracy religion and politics the place of Kashmir different conceptions of regionalism the roles of America and China and the issue of refugees and migrants he demonstrates that there is no escape from reinventing the region from a people's perspective Only this way can South Asia retrieve its soul and replace its cynicism and despair with expectation and hope Based primarily on Ghosh's research articles and newspaper columns written over the last five years the volume can be viewed as an intimate statement of his understanding of the region an understanding that has matured through decades long interactions with the region's academics politicians and the so-called man on the street In some sense the volume is also a semi-autobiographical treatise which spells out Ghosh's systematic evolution as a confirmed South Asianist The region's destiny ought to be wrested he therefore argues from the
