LOVE'S MADNESS

John Karter

Loves Madness:

Love's Madness Helen Small, 1996 *Love's Madness* is an important new contribution to the interdisciplinary study of insanity. Focusing on the figure of the love mad woman, it presents a significant reassessment of the ways in which British medical writers and novelists of the nineteenth century thought about madness, femininity and narrative convention. The book centers around studies of novels by Jane Austen, Sir Walter Scott, Charlotte Brontë, Wilkie Collins and Charles Dickens, as well as of previously neglected writings by Charles Maturin, Lady Caroline Lamb and Edward Bulwer-Lytton among others.

Madness, Love and Tragedy in Nineteenth and Twentieth Century Spain Marta Manrique Gomez, 2014-01-16 How do Spanish writers of the 19th and 20th century define and represent madness, a basic and controversial aspect of world culture, and how do the different conceptions of madness intersect with love, religion, politics and other literary themes in Spanish society? This multi-author book analyzes the theme of madness in formative masterpieces of Spanish literature of the 19th and 20th century through the use of relevant critical and theoretical approaches. In this context, authors studied in this book include Juan Valera, Leopoldo Alas 'Clarín', Emilia Pardo Bazán, Caterina Albert, Benito Pérez Galdós, Miguel de Unamuno and Juan Goytisolo among others. Divine Madness John R. Haule, 2010-03 *Divine Madness: Archetypes of Romantic Love* examines the transforming experience of romantic love in literature, myth, religion and everyday life. A series of psychological meditations on the nature of romantic love and human relationship, *Divine Madness* takes the perspective that human love is a species of divine love and that our experience of romantic love both conceals and reveals the ultimate Lover and Beloved. John Haule draws on depth psychology, the mystical traditions of the world and literature from Virgil to Milan Kundera to lead the reader inside the mind and heart of the lover. Each chapter explores a characteristic aspect of relationship, such as seduction and love play, the rapture of union, the agony of separation, madness, woundedness and transcendence. Focusing on the soulful and spiritual meaning of these experiences, *Divine Madness* sheds light on our relations, obsessions and broken hearts, but it also reconnects us with the wisdom of time immemorial. As a practicing Jungian analyst and former professor of religious studies, John Haule masterfully guides his readers through the labyrinth of everyday experience and the often hidden layers of archetypal realities, sketching a philosophy of romantic love through the stories of the world's literature and mythology.

Madness in Seventeenth-Century Autobiography K. Hodgkin, 2006-11-28 What did it mean to be mad in seventeenth-century England? This book uses vivid autobiographical accounts of mental disorder to explore the ways madness was identified and experienced from the inside, asking how certain people came to be defined as insane and what we can learn from the accounts they wrote. *The Function of Sublime Rhetoric in Hebrews* Christopher T. Not Quite Hope and Other Political Emotions in the Gilded Age Nathan Wolff,2019 Not Quite Hope and Other Political Emotions in the Gilded Age argues that late nineteenth century US fiction grapples with and helps to conceptualize the disagreeable feelings that are both a threat to citizens agency and an inescapable part of the emotional life of democracy then as now In detailing the corruption and venality for which the period remains known authors including Mark Twain Harriet Beecher Stowe Henry Adams and Helen Hunt Jackson evoked the depressing inefficacy of reform the lunatic passions of the mob and the revolting appetites of lobbyists and office seekers Readers and critics of these Washington novels historical romances and satiric romans a clef have denounced these books fiercely negative tone seeing it as a sign of cynicism and elitism Not Quite Hope argues in contrast that their distrust of politics is coupled with an intense investment in it not quite apathy but not quite hope Chapters examine both common and idiosyncratic forms of political emotion including crazy love disgust cynicism election fatigue and the myriad feelings of hatred and suspicion provoked by the figure of the hypocrite In so doing the book corrects critics too narrow focus on sympathy as the American novel s model political emotion We think of reform novels as fostering feeling for fellow citizens or for specific causes This volume argues that Gilded Age fiction refocuses attention on the unstable emotions that continue to shape our relation to politics as such

In recent years the well established field of human anthropology has been put under scrutiny by the new data offered by science and technology Scientific intervention into human life through organ transplants euthanasia genetic engineering experiments connected to the genetic code and the genome and varied other biotechnologies have placed ethical beliefs into question and created ethical dilemmas These scientific inventions influence our views on birth and death on the construction of the body and its technical reproducibility and have problematized the concept of the human persona The purpose of bioethics the science of life is to find new values and norms which will be valid for a multicultural society Bioethics is today a well respected topic of research that has brought together philosophers and experts to discuss the limits of science and medicine The aim of this book is to merge the two fields of bioethics and law or biolaw through the literary text by taking into consideration the transformations of the concept of persona at which we have nowadays arrived The new meaning of the term persona represents in fact the final point of a long standing quest for man s sense of his own being and human dignity and of his capacity to live in social interrelations The volume presents a wide range of perspectives comprising methodological approaches legal and literary aspects *Philosophies of Love* David L. Being David Ross,2008-12-18 The text is a conversation between the author and himself mediated by the text of Friedrich Nietzsche's *Thus Spoke Zarathustra* The text is a pre text a reading both before and after that frames the art work What is that Let us say in the spirit of inquiry that of knowing thyself What then of this strange hyphenation The present text is a pre text because it is before the Text the text which the author is always writing but which manifests itself in sporadic impulsive bursts in the form of actual works The book is the pre text because it is an excuse a rationale a piece of pretension The book is not about Nietzsche but what it is for someone to read Nietzsche's text a book for everyone and no one How then does one read a book meant for oneself if oneself is everyone and not at all for oneself if oneself is none Or is it that the real task of reading is for the reader to read what reading is Then again need one distinguish between book and text Perhaps it is impossible to read a book such as *Thus Spoke Zarathustra* without invoking the text or even sub text that continually slips away If one can read a book one cannot the text for this reason the text is what the reader has to write through the reading This has been my experience with Nietzsche's text an experience I share with my readers The very possibility of reading invokes the need to re write the text Only in the space between reading and writing can the reader re writer hope to stand and understand the discursive grounds Is that the play which this couplet performs There does not the reader enters upon the playground Read then and play The author's thanks go to Mr Andrew Fuyarchuk for the fine editing job that he did His contribution allowed further clarifications of the argument
