Loves Philosophy:

Love's Philosophy, 2011 **A Short Philosophical Guide to the Fallacies of Love** José A. Díez, Andrea

Iacona, 2020-12-10 What can epistemology tell us about love Here two philosophers use their training in arguments and reasoning to uncover the role of ungrounded beliefs when we fall in love This not a self help book it is a philosophy book Free of advice methods and strategies for being successful in love it does not offer solutions for problems What it gives us instead is a reading of love as it actually is The authors illustrate the fallacies of love by drawing on personal experiences literary characters and imaginary individuals They provide examples of ungrounded beliefs in Aesop s Fables Cinderella and Don Giovanni amongst others and illustrate love as an inexhaustible source of misperceptions misunderstandings and misconceptions By tackling those characteristic and all too familiar ways in which ungrounded love beliefs arise the book forces us to question why baseless beliefs are maintained and reinforced showing us that many love beliefs are built on anything but logic **LOVE UNVEILED: A PHILOSOPHICAL JOURNEY** Krishna Singh, **AQA Poetry Anthology -**

This is the third volume of the five volume *The Poems of Shelley* which presents all of Shelley's poems in chronological order and with full annotation. Date and circumstances of composition are provided for each poem and all manuscript and printed sources relevant to establishing an authoritative text are freshly examined and assessed. Headnotes and footnotes furnish the personal literary historical and scientific information necessary to an informed reading of Shelley's varied and allusive verse. Most of the poems in the present volume were composed between autumn 1819 and autumn 1820. The poems written in response to the political crisis in England following the Peterloo massacre in August 1819 feature largely among them. *The Mask of Anarchy* and *An Ode Arise arise arise*. The popular songs which Shelley intended to gather into a volume to inspire reformers from the labouring classes several accompanied by significantly new textual material recovered from draft manuscripts are included as are the important political works *Ode to Liberty*, *Ode to Naples* and *Oedipus Tyrannus*. Shelley's burlesque Greek tragedy on the Queen Caroline affair. Other major poems featured include *The Sensitive Plant*, *Ode to the West Wind*, *Letter to Maria Gisborne*, an exuberant translation from the ancient Greek of the Homeric Hymn to Mercury and the brilliantly inventive *The Witch of Atlas*. In addition to accompanying commentaries there are extensive bibliographies, a chronology of Shelley's life and indexes to titles and first lines. Leigh Hunt's informative Preface of 1832 to *The Mask of Anarchy* is also included as an Appendix. The volumes of *The Poems of Shelley* form the most comprehensive edition of Shelley's poetry available to students and scholars.
