*Love's Labour's Lost* Felicia Hardison Londre, 2015-07-17 This anthology examines *Love's Labours Lost* from a variety of perspectives and through a wide range of materials. Selections discuss the play in terms of historical context, dating and sources, character analysis, comic elements and verbal conceits, evidence of authorship, performance analysis and feminist interpretations. Alongside theater reviews, production photographs and critical commentary, the volume also includes essays written by practicing theater artists who have worked on the play. An index by name, literary work and concept rounds out this valuable resource.

*Love's Labour's Lost* William Shakespeare, 2009-06-18 The New Cambridge Shakespeare appeals to students worldwide for its up-to-date scholarship and emphasis on performance. The series features line-by-line commentaries and textual notes on the plays and poems. Introductions are regularly refreshed with accounts of new critical stage and screen interpretations. Edited and introduced by William C. Carroll, this edition of *Love's Labour's Lost* features a lively account of the play's performance history from 1632 to the present day. Stage and screen productions of the late twentieth century receive particular attention, and a range of international performances are also explored. New trends in the scholarly criticism are discussed in the introduction, as are the play's sources and historical contexts. Carroll's text is freshly edited from the First Quarto, published in 1598, and presents a highly readable, modernised edition of *Love's Labour's Lost*, a play known for its unorthodox ending and extraordinary use of language.

**Shakespeare's Comedies of Love** Karen Bamford, 2008-12-01 Borrowing its title from renowned scholar Alexander Leggatt's landmark 1974 study *Shakespeare's Comedies of Love*, is a tribute to a critic who has shaped the way the world understands Shakespeare and his comedies. To help celebrate his distinguished career as a teacher and scholar, this collection of essays presents a wide range of new work on the Bard's comedies. The contributors cover diverse areas of inquiry, including the use of the comedies as a source of women's empowerment in nineteenth-century America, civic drama in Elizabethan London, male anxiety about women in the comedies, anti-Semitism in *The Merchant of Venice*, as well as some key productions of Shakespeare's comedies. Rich in detail and broad in scope, *Shakespeare's Comedies of Love* is a celebration of Leggatt's distinguished career and an enduring collection of work on the world's most famous writer.

**New Horizons in Arts, Heritage, Nonprofit and Social Marketing** Roger Bennett, Finola Kerrigan, Daragh O'Reilly, 2013-09-13 Arts, heritage, nonprofit and social marketing today comprise key components of the contemporary marketing management scene. Governments, charities and voluntary sector organisations throughout the world are increasingly involved in the development of marketing campaigns, and more and more of these organisations are likely to be at the cutting edge of the application of the very latest marketing methods. Research in the arts, heritage, nonprofit and social marketing fields is intellectually rigorous, relevant for user communities and has a great deal to offer to marketing theory as well as to promotional practice. This book presents a collection of stimulating articles that report some of the freshest and most innovative research and thinking in the authors

specialist domains Collectively the chapters offer a balance of empirical and conceptual research in arts heritage non profit and social marketing They explore new ideas challenge pre existing orthodoxies develop knowledge and demonstrate the epistemological importance of current research in these critical areas This book was originally published as a special issue of the Journal of Marketing Management Love in Contemporary British Drama Korbinian Stöckl,2021-01-18 Despite the recent turn to affects and emotions in the humanities and despite the unceasing popularity of romantic and erotic love as a motif in fictional works of all genres the subject has received surprisingly little attention in academic studies of contemporary drama Love in Contemporary British Drama reflects the appeal of love as a topic and driving force in dramatic works with in depth analyses of eight pivotal plays from the past three decades Following an interdisciplinary and historical approach the study collects and condenses theories of love from philosophy and sociology to derive persisting discourses and to examine their reoccurrence and transformation in contemporary plays Special emphasis is put on narratives of love s compensatory function and precariousness and on how modifications of these narratives epitomise the peculiarities of emotional life in the social and cultural context of the present Based on the assumption that drama is especially inclined to draw on shared narratives for representations of love the book demonstrates that love is both a window to remnants of the past in the present and a proper subject matter for drama in times in which the suitability of the dramatic form has been questioned

Poet Lore ,1927 **Staging the Lyric** Sarah Berry,2024-11-14 Verse drama is not a dead form but very much alive on the contemporary stage Drawing on plays from throughout the English speaking world including the United States United Kingdom Ireland and the Caribbean Staging the Lyric seeks to explain the 21st century resurgence of Anglophone verse drama tracing it back to an experimental impulse that is present in the modernist verse drama of a century ago Covering major writers including Derek Walcott Seamus Heaney Sylvia Plath Samuel Beckett Dorothy Sayers Djuna Barnes and Ntozake Shange it also encompasses lesser known and more recent poets and playwrights This modern verse drama differs from its ancient and Elizabethan antecedents as it is understood not as a genre in its own right but as a hybrid of the lyric and the dramatic Both modernist and contemporary writers take advantage of this hybridity as fertile ground for experimentation While they differ in their ideology and form this book contends that they are united by exploring the relationship between lyric and dramatic elements on stage and what these two different modes afford To demonstrate this continuity it traces a genealogy from contemporary plays by Joanna Laurens Joyelle McSweeney and David Grieg back to W B Yeats Gertrude Stein T S Eliot and W H Auden to reveal that the tensions that animate verse drama have stayed the same even as the strategies for staging them have evolved The book is divided into three sections Voice Words and Time each treating one feature that has been used to define the lyric Within these sections the chapters compare contemporary plays with modernist ones that experiment with the same point of tension between the lyric and the dramatic **The Era Almanack** ,1889 *Chicken Soup with Barley* Arnold Wesker,2011-06-02 The kettle boils in 1936 as the fascists are
