Loves Parole Regency Romance No 155:

Forthcoming Books Rose Army,1994-02 **Sacred Marriages** Martti Nissinen,Risto Uro,2008-06-30 The title of this volume Sacred Marriages consciously plays with the traditional concept of sacred marriage but the plural form sacred marriages gives the reader an idea that something more is at stake here than a monomaniacal idea of manifestations deriving from a single prototype Following the guidelines of one of the contributors Ruben Zimmermann the editors tentatively define sacred marriage as a real or symbolic union of two complementary entities imagined as gendered in a religious context Sacred marriages plural then refers to various expressions of this kind of union in different cultures that seek to overcome to cite Zimmermann again the great dualism of human and cosmic existence The subtitle indicates that the contributors are primarily interested in different aspects of the divine human sexual metaphor that is the imagining and reenactment of a gendered relationship between the human and divine worlds This metaphor which is essentially about relationship rather than sexual acts can find textual ritual mythical and social expressions in different times and places Indeed the sacred marriage ritual itself should be considered not a manifestation of the sacralized power of sexuality experienced in sexual intercourse but one way of objectifying the divine human sexual metaphor **Books in Print** ,1993-09 V 1 Authors A D v 2 Authors E K v 3 Authors L R v 4 S Z v 5 Titles A D v 6 Titles E K v 7 Titles L Q v 8 Titles R Z v 9 Out of print out of stock indefinitely v 10 Publishers **Rock Music in American Popular Culture II** Frank Hoffmann,B Lee Cooper,Wayne S Haney,Beulah B Ramirez,2015-12-22 From Who Put the Bomp in the Bomp Bomp Bomp to a list of all song titles containing the word werewolf Rock Music in American Popular Culture II More Rock n Roll Resources continues where 1995 s Volume I left off Using references and illustrations drawn from contemporary lyrics and supported by historical and sociological research on popular cultural subjects this collection of insightful essays and reviews assesses the involvement of musical imagery in personal issues in social and political matters and in key socialization activities From marriage and sex to public schools and youth culture readers discover how popular culture can be used to explore American values As Authors B Lee Cooper and Wayne S Haney prove that integrated popular culture is the product of commercial interaction with public interest and values rather than a random phenomena they entertainingly and knowledgeably cover such topics as answer songs interchanges involving social events and lyrical commentaries as explored in response recordings horror films translations and transformations of literary images and motion picture figures into popular song characters and tales public schools images of formal educational practices and informal learning processes in popular song lyrics sex suggestive tales and censorship challenges within the popular music realm war examinations of persistent military and home front themes featured in wartime recordings Rock Music in American Popular Culture II More Rock n Roll Resources is nontechnical written in a clear and concise fashion and explores each topic thoroughly with ample discographic and bibliographic resources provided for additional research Arranged alphabetically for quick and easy reference to specific topics the book is

equally enjoyable to read straight through Rock music fans teachers popular culture professors music instructors public librarians sound recording archivists sociologists social critics and journalists can all learn something as the book shows them the cross pollination of music and social life in the United States Modeling Love Dynamics Sergio E. T. Al RINALDI,2015-10-22 This book shows for the very first time how love stories a vital issue in our lives can be tentatively described with classical mathematics Focus is on the derivation and analysis of reliable models that allow one to formally describe the expected evolution of love affairs from the initial state of indifference to the final romantic regime The models are in full agreement with the basic philosophical principles of love psychology Eight chapters are theoretically oriented and discuss the romantic relationships between important classes of individuals identified by particular psychological traits The remaining chapters are devoted to case studies described in classical poems or in worldwide famous films Giving Voice to Love Judith A. Peraino,2011-11-17 The lyrics of medieval courtly love songs are characteristically self conscious Giving Voice to Love investigates similar self consciousness in the musical settings Moments and examples where voice melody rhythm form and genre seem to comment on music itself tell us about musical responses to the courtly chanson tradition and musical reflections on the complexity of self expression **The Form of Love** James Kuzner,2021-08-03 Can poetry articulate something about love that philosophy cannot The Form of Love argues that it can In close readings of seven metaphysical poems the book shows how poets of the early modern period and beyond use poetic form to turn philosophy to other ends in order not to represent the truth about love but to create a virtual experience of love in all its guises The Form of Love shows how verse creates love that can't exist without poetry's specific affordances and how poems can in their impossibility prompt love's radical reimagining Like the philosophies on which they draw metaphysical poems imagine love as an intense form of non-sovereignty of giving up control They even imagine love as a liberating bondage to a friend a beloved a saint a God or a garden Yet these poems create strange striking versions of such love made in rather than through the devices structures and forces where love appears Tracing how poems think Kuzner argues requires an intimate form of reading close even too close attention to and thinking with the text Showing how poetry thinks of love otherwise than other fields the book reveals how poetry and philosophy can nevertheless enter into a relation that is itself like love The Literary World ,1884 **The Publishers' Circular and Booksellers' Record** ,1920 **The Songs of Charles Dibdin, Chronologically Arranged, with Notes, Historical, Biographical, and Critical** Charles Dibdin,1842 **Suburban Space, the Novel and Australian Modernity** Brigid Rooney,2018-11-15 Suburban Space the Novel and Australian Modernity investigates the interaction between suburbs and suburbia in a century long series of Australian novels It puts the often trenchantly anti-suburban rhetoric of fiction in dialogue with its evocative and imaginative rendering of suburban place and time Suburban Space the Novel and Australian Modernity rethinks existing cultural debates about suburbia in Australia and elsewhere by putting novelistic representations of suburbs suburban interiors homes streets forms and lives over time in dialogue with the

often negative idea of suburbia in fiction as an amnesic and conformist cultural wasteland Suburban space the novel and Australian modernity shows in other words how Australian novels dramatize the collision between the sensory terrain of the remembered suburb and the cultural critique of suburbia It is through such contradictions that novels create resonant mental maps of place and time Australian novels are a prism through which suburbs as sites of everyday colonization defined by successive waves of urban development are able to be glimpsed sidelong *La Plonqui* Jesús Rosales, Vanessa

Fonseca-Chávez, 2023-09-26 Celebrating more than forty years of creative writing by Chicana author Margarita Cota Cordero this volume includes critical essays reflections interviews and previously unpublished writing by the author herself to document the lifelong craft and legacy of a pioneering writer in the field This volume's essays analyze her work's themes of Chicana identity the Chicana movement and the sociopolitical climate of Arizona and the larger U S Mexico border region as well as issues of gender sexuality and identity related to the Chicana experience over time **A Marginal Jew: Rethinking**

the Historical Jesus, Volume IV John P. Meier, 2009-06-02 John Meier's previous volumes in the acclaimed series *A Marginal Jew* are founded upon the notion that while solid historical information about Jesus is quite limited people of different faiths can nevertheless arrive at a consensus on fundamental historical facts of his life In this eagerly anticipated fourth volume in the series Meier approaches a fresh topic the teachings of the historical Jesus concerning Mosaic Law and morality with the same rigor thoroughness accuracy and insightfulness on display in his earlier works **The Middle**

English Lyric and Short Poem Rosemary Greentree, 2001 This Bibliography assembles annotation of collections and criticism of lyrics of religious and secular love carols and songs and rhymes of everyday life *Literary News*, 1903 *A New English Dictionary on Historical Principles* James Augustus Henry Murray, 1928 *An Historical Syntax of the English Language* Fredericus Theodorus Visser, 2002 The aim of this study is to provide an outline of the development from the earliest times to the present day of all the English syntactical constructions with a verbal form as their nucleus Professor Visser's description is based on a very extensive collection of documentary material covering every kind of writing in prose and poetry in the Old Middle and Modern periods drawing on quotations illustrating syntactical phenomena in Bosworth Toller O E D M M E D E D D and D O S T but also making reference to obsolete usages not found in any grammar and to the views of English and American grammarians of the 17th 18th and 19th centuries on the various syntactical constructions The volumes of this work originally appeared in the early sixties and seventies and were well received by readers and reviewers Volumes 1 and 2 underwent correction in the light of these early reactions We should like to think that this work will continue to be available to the scholarly world without great increases in the price We are however only reprinting the individual volumes in small numbers and so we have decided that in order to guarantee a consistent reprint and pricing policy for the future the work should be available henceforth only as a set of four volumes **An Historical Syntax of the English Language** F.Th. Visser, 2023-05-08 Frederik Theodor Visser's *An Historical Syntax of the English Language*

published in four massive volumes between 1963 and 1973 is certainly one of the cornerstones of research in English linguistics Visser's achievements can hardly be overestimated Before the advent of modern corpus linguistics he compiled a remarkable wealth of detailed philological data from all periods of English and combined this with current grammatical analyses of his time This has made this publications an indispensable resource for anyone investigating the history of English syntax This reproduction of Visser's volumes is more than welcome and timely as the volumes have been out of print for quite some time and were sometimes a little bit difficult to navigate Having a searchable and easy to use online version although maybe not perfect available now means a revival for scholarship that celebrates its fiftieth birthday without losing any of its relevance **Alden's Oxford Magazine** ,1875 *Poole's Index to Periodical Literature: 5th suppl 1902-1906* ,1908
