The Vision of the Soul James Matthew Wilson, 2017-06-12 For those for whom conservatism means something more than anti liberalism who wish to dive deep into the conservative tradition in search of pearls *The American Conservative* Ours is an age full of desires but impoverished in its understanding of where those desires lead an age that asserts mastery over the world but also claims to find the world as a whole absurd or unintelligible In *The Vision of the Soul* James Matthew Wilson seeks to conserve the great insights of the western tradition by giving us a new account of them responsive to modern discontents The western or Christian Platonist tradition he argues tells us that man is an intellectual animal born to pursue the good to know the true and to contemplate all things in beauty By turns a study in fundamental ontology aesthetics and political philosophy Wilson's book invites its readers to a renewal of the West's intellectual tradition Conservatism needs a new prophet James Matthew Wilson is the man for the job and *The Vision of the Soul* is his calling card A new classic For it we give thanks to God and to Plato Covenant James Wilson's important book returns to a conservatism in the tradition of Burke Eliot and Russell Kirk He wants us to focus on beauty and its place in Western culture The book is a strong defense of that culture but not an unthinking one *Crisis Magazine* A stirring and timely account and defense of the West's traditional way of understanding the universe and our place in it Matthew M Robare *The Kirk Center* [Headpress Guide to the Counter Culture](#) Temple Drake, 2004 An indispensable sampling of the vast assortment of publications which exist as an adjunct to the mainstream press or which promote themes and ideas that may be defined as pop culture alternative underground or subversive Updated and revised from the pages of the critically acclaimed Headpress journal this is an enlightened and entertaining guide to the counter culture including everything from cult film music comics and cutting edge fiction by way of its books and zines with contact information accompanying each review **Headpress**, 2002 *William Blake's Divine Love* Joshua Schouten de Jel, 2024-03-15 Despite the fact that William Blake summarises the plot of *Visions of the Daughters of Albion* 1793 in just eight lines in the prefatory Argument there are several contentious moments in the poem which continue to cause debate Critics read Oothoon's call to Theotormon's eagles and her offer to catch girls of silver and gold as either evidence of her rape damaged psyche or confirmation of her selfless love which transcends her socio sexual state How do we reconcile the attack of Theotormon's eagles and the wanton play of the girls with Oothoon's articulate and highly sophisticated expressions of spiritual truth and free love In William Blake's *Divine Love Visions of Oothoon* Joshua Schouten de Jel explores the hermeneutical possibilities of Oothoon's self annihilation and the epistemological potential of her visual copulation by establishing an artistic and hagiographical heritage which informs the pictorial representation and poetic pronunciation of Oothoon's enlightened entelechy Working with Michelangelo's *The Punishment of Tityus* 1532 and Gian Lorenzo Bernini's *Ecstasy of Saint Teresa* 1647-51 Oothoon's ecstatic figuration reflects two iconographic traditions which framed by the linguistic tropes of divine love expressed within a female centred mystagogy

reveal the soteriological significance of Oothoon's willing self sacrifice **Paul B. Thompson's Philosophy of Agriculture** Samantha Noll, Zachary Piso, 2024-01-01 This book explores the philosophical thought and praxis of Paul B Thompson who planted some of the first seeds of philosophy of agriculture and whose work inspires interdisciplinary scholarship in food ethics biotechnology and environmental philosophy Landmark texts such as *The Spirit of the Soil* *The Agrarian Vision* and *From Field to Fork* revealed the fertility of food systems for inspiring reflection on our relationships to technology the land and one another Rooted in philosophical traditions ranging from pragmatism to post phenomenology Thompson's work nourishes projects in ethics epistemology philosophy of science and social and political theory not only in academic philosophy departments but also in the social and natural sciences This volume collects this diversity of thought in a tour of the many fields of food systems from theorizing the sustainability of agroecological systems to appreciating the quotidian practice of agrarian communities to anticipating the impacts of emerging biotechnology and to savoring the roles that food plays in forming our identities Composed by an international crop of scholars working on the future of food ethics the volume is a vital contribution to scholars and practitioners thinking through our relationships to the food systems that sustain us

provides the first major study which examines the paradox that Thomas is both opposed to a dominant theme in the Fourth Gospel the eternal life that is a gift to Jesus followers and yet is in support of Jesus himself Thomas appears to have a foot on both sides of the Johannine dualistic divide He seems to be existentially at home on one side and yet ideologically at home on the other No other character in John's Gospel so tenaciously hold on to companionship with Jesus while just as resolutely distancing himself from Jesus central teaching Thomas breaks down the barriers between the disciples those who walk in the light and the world those who walk in the darkness that John takes pains to establish Sylva's new work demonstrates the importance of Thomas in fully understanding the message of the Fourth Gospel

Covenant of Peace Willard M. Swartley, 2006 One would think that peace a term that occurs as many as one hundred times in the New Testament would enjoy a prominent place in theology and ethics textbooks Yet it is surprisingly absent Willard Swartley's *Covenant of Peace* remedies this deficiency restoring to New Testament theology and ethics the peace that many works have missed In this comprehensive yet accessible book Swartley explicates virtually all of the New Testament relating peace and the associated

emphases of love for enemies and reconciliation to core theological themes such as salvation christology and the reign of God No other work in English makes such a contribution Swartley concludes by considering specific practices that lead to peacemaking and their place in our contemporary world Retrieving a historically neglected element in the Christian message Covenant of Peace confronts readers anew with the compelling New Testament witness to peace **Parabola**, 1976

The Unsexed Mind and Psychological Androgyny, 1790-1848 Victoria F. Russell, 2022-01-01 This book explores a significant lacuna in British history Between the 1790s and the 1840s the concept of psychological androgyny or the unsexed mind emerged as a notion of psychosexual equality promoted by a small though influential network of heterodox radicals on the margins of Rational Dissent Deeply concerned with the growing segregation of the sexes supported seemingly by arbitrary and increasingly binary models of sexual difference heterodox radicals insisted that while the body might be sexed the mind was not They argued that society and the prejudicial masculinist institutions of patriarchy should be reformed to accommodate and protect what one radical described as an infinitely varied humanity In placing the concept of psychological androgyny centre stage this book offers a substantial revision to understandings of progressive debates on gender in the late eighteenth and early nineteenth century in Britain
