## **Loyalty Is My Honour Personal Accounts From The Waffenb:**

**Personal Accounts of the Waffen-SS at War** Gordon Williamson,2023-06-20 Illustrated with 150 rare black and white photographs not only does Personal Accounts of the Waffen SS at War address one of the most fascinating Third Reich organisations but it also offers personal accounts from inside the Waffen SS This book will appeal to anyone interested in the history of World War II and Hitler s Germany

**The Waffen-SS in Allied Hands Volume One** Terry Goldsworthy,2019-01-29 The Waffen SS are commonly regarded as the elite of Germany s armed forces during World War II They gained much of this reputation while fighting on the Eastern Front in Russia during Germany s war against the Soviet Union They were also called to the fore in an attempt to hurl back the Western Allies invasion forces in Normandy and were used in the last great offensive on the Western Front in the Ardennes and contributed to the final defence of Berlin In adversity they were some of the most resilient soldiers that fought for Germany in World War II and were ideologically and politically aligned with Hitler For over 70 years many of the manuscripts contained in this book and sourced from the United States National Archives have not been scrutinised by modern researchers This book provides a unique opportunity to publish these records in order to provide an insight into the Waffen SS The Waffen SS was a military organisation that is steeped in the military folklore of being a force capable of incredible military feats but it was also capable of incredible evil These records are exceedingly valuable as they are one of the few contemporaneous primary sources of information available in relation to the Waffen SS

**Revolutionary Armies in the Modern Era** S.P. Mackenzie,2013-01-11 This presents a major re evaluation of the standard view of revolutionary armies the range of attitudes towards the role of heroic individuals the formation and leadership of armies and the differences and similarities between such armies Beginning with an exploration of the New Model Army of the 1640s a force whose name itself seems to denote its revolutionary credentials the author presents ten case studies from around the globe including the American War of Independence The French Revolution The Zulu Boer War the Waffen SS and the Viet Cong Through a detailed analysis of source material he examines the images connected with these armies both historical and recent and assesses these images in their socio political and nationalist contexts

**Valhalla's Warriors** Terry Goldsworthy,2010-06 They were the soldiers sworn by an oath of loyalty to follow Hitler into a maelstrom of genocidal barbarity They were the elite of the German military in World War Two They were the Waffen SS On June 22 1941 before dawn German troops invaded Russia The Barbarossa campaign included some of the greatest episodes in military history it also allowed Hitler s ideological warriors the Waffen SS to give full vent to their ideological way of war It provided the killing ground in which some of the worst atrocities seen by humanity were committed In Valhalla s Warriors author Dr Terry Goldsworthy meticulously chronicles what has become one of the most famous fighting elites in World War Two Discovering the truths behind the legend by drawing on hundreds of sources including first hand accounts of Waffen SS veterans and spanning five years of research Dr Goldsworthy leads the reader through the events that

occurred on the Eastern Front both on the front lines and behind This book is an exploration of the Waffen SS and by necessity of evil The Waffen SS are commonly regarded as the elite of Germany s armed forces during World War II They gained much of this reputation whilst fighting on the Eastern Front in Russia Germany s war against the Soviet Union in World War II in particular the role of the Waffen SS forms much of the subject matter of this book The death and destruction during this conflict would result not just from military operations but also from the systematic killing and abuse that the Waffen SS directed against Jews Communists and ordinary citizens This book provides a clear concise history of the Waffen SS campaign of conquest and genocide in Russia by looking at the actions both on and behind the front lines By drawing on the best of military and Holocaust scholarship this book dispels the myths that have distorted the role of the Waffen SS in both the military operations themselves and the unthinkable crimes that were part of them The conventional wisdom that the Waffen SS in World War II fought a relatively clean fight unsullied by the atrocities committed by the Nazis is challenged and largely demolished Focusing on the Eastern Front the book contends that the Nazi vision of a racial ideological death struggle against Slavic hordes and their Jewish Bolshevik commissars resonated with soldiers of the Waffen SS steeped in traditional anti Semitic and racist dogmas In doing so this book clearly shows that the Waffen SS was an organisation that committed widespread atrocities and were truly soldiers of evil

DR TERRY GOLDSWORTHY is a Detective Senior Sergeant with over 25 years policing experience in Australia He has served in general duties watchhouse and traffic branch before moving to the Criminal Investigation Branch in 1994 Dr Goldsworthy has completed a Bachelor of Commerce Bachelor of Laws Advanced Diploma of Investigative Practice and a Diploma of Policing As a result of his law studies Dr Goldsworthy was admitted to the bar in the Queensland and Federal Courts a barrister in 1999 Dr Goldsworthy then completed a Master of Criminology at Bond University He later completed his PhD focusing on the concept of evil and its relevance from a criminological and sociological viewpoint In particular Dr Goldsworthy looked at the link between evil and armed conflicts using the Waffen SS as a case study He has also contributed chapters to the tertiary textbooks Forensic Criminology and Serial Crime published by Academic Press He has also written a chapter to the general crime book Crime on My Mind published by New Holland Publishing

**Honor** James Bowman, 2007 From the earliest records of human civilization until the dawn of the twentieth century and in widely separated cultures throughout the world the story of honor was inseparable from the story of mankind Today an acquaintance with the concept of honor is indispensable to understanding the culture of the Islamic world and its sense of grievance against the West where honor has been disregarded or actively despised for three quarters of a century James Bowman draws from an wealth of sources across many centuries to illuminate honor s curious history in our own culture and he discovers that Western honor was always different from that found elsewhere Its idiosyncratic qualities derived partly from the classical tradition but mainly from the Judeo Christian heritage whose emphases on individual morality and more recently on sincerity and authenticity in private and personal life have acted as

continual challenges to the traditional notion of honor as it is still maintained in other parts of the world These challenges to honor and the accommodations with it that they ultimately produced are a fundamental theme in our own culture s distinctive history and the eventual collapse of the honor culture in the West is the background against which the War on Terror and the Clash of Civilizations ought to be seen Jacket     Voices of the Waffen SS Gerry Villani,2019-03-15 The Waffen SS were Hitler s elite forces during WWII They were the forces that were feared by the enemy and praised by their allies During the Nuremberg Trials the Waffen SS was condemned as part of a criminal organization however the Nuremberg Trials exempted conscripts from that condemnation On several occasions the Waffen SS was criticized by Heer commanders for their reckless disregard for casualties while taking or holding objectives however the Waffen SS divisions eventually proved themselves as capable soldiers The poor initial performance was mainly due to the emphasis on political indoctrination rather than proper military training before the war Despite this the experience gained from the Polish French and Balkan campaigns and the peculiarly egalitarian form of training soon turned Waffen SS units into elite formations These are the stories of the men that once were part of this elite force not to glorify the Nazi regime or crimes committed by them but to give them a voice too     **Hitler's Vikings** Jonathan Trigg,2011-11-30 The Nazis dream of a world dominated by legions of Aryan supermen forged in battle and absolutely loyal to Adolf Hitler was epitomised by the Waffen SS Created as a supreme military elite it grew to become Nazi Germany s second army an immense force totalling almost one million men by the end of the War An astonishing fact about the SS is that thousands of its members were not German Men stepped forward from almost every nation in Europe for many sometimes complex reasons that included hatred of Bolshevism and nationalist sentiment or even straightforward anti Semitism foremost among them were Scandinavians from Denmark Norway Sweden and even Finland Thousands were recruited from 1940 onwards and fought with distinction on the Russian Front They served at first in national legions but were then brought together in the elite Wiking Panzer Division and the Nordland Panzer grenadier Division In Hitler s Vikings Jonathan Trigg details the battles these men fought and what inspired them to join the Waffen SS based in part on interviews with surviving veterans     **SS Leibstandarte, Ace of the Waffen SS, Werner Herman Gustav Pötschke** David G Williams,2015-09-15 This book covers the life of Knights cross winner SS Sturmbannführer Werner Pötschke a little known officer of the Waffen SS This book also examines in detail the question of his personal involvement in the Malm dy massacre at the Baugnez crossroads This book is not an expose of the Nazi organisation or a concise history of the SS it will not come to the jaw dropping conclusion that Werner Pötschke was or was not a Nazi he was a committed Nazi he was an officer in the Waffen SS he was also a ferocious warrior and combat leader He was also quite possibly a mass murderer He was unusual in many ways but what is truly striking about him is just how much front line combat he was personally engaged in during WWII From the very beginning of the SS foundation unto the last month of the war this man was totally committed to the fight unquestioning and uncompromising For the men of steel there was only

victory or Valhalla     The Battle of the Tanks Lloyd Clark, 2011-11-04 A comprehensive analysis of WWII's greatest land battle and one of history's greatest armor engagements Publishers Weekly On July 5 1943 the greatest land battle in history began when Nazi and Red Army forces clashed near the town of Kursk on the western border of the Soviet Union Code named Operation Citadel the German offensive would cut through the bulge in the eastern front that had been created following Germany's retreat at the Battle of Stalingrad But the Soviets well informed about Germany's plans through their network of spies had months to prepare Two million men supported by six thousand tanks thirty five thousand guns and five thousand aircrafts convened in Kursk for an epic confrontation that was one of the most important military engagements in history the epitome of total war It was also one of the most bloody and despite suffering seven times more casualties the Soviets won a decisive victory that became a turning point in the war With unprecedented access to the journals and testimonials of the officers soldiers political leaders and citizens who lived through it The Battle of the Tanks is the definitive account of an epic showdown that changed the course of history A stellar account of the Battle of Kursk in 1943 Booklist

*Leadership, Management and Command* K. Grint, 2007-11-16 The author argues that the successes and failures of D Day on both sides cannot be explained by comparing the competing strategies of each side Instead he provides an account of the battle through the overarching nature of the relationship between the leaders and their followers     The Wehrmacht Retreats Robert M. Citino, 2016-09-16 Throughout 1943 the German army heirs to a military tradition that demanded and perfected relentless offensive operations succumbed to the realities of its own overreach and the demands of twentieth century industrialized warfare In his new study prizewinning author Robert Citino chronicles this weakening Wehrmacht now fighting desperately on the defensive but still remarkably dangerous and lethal Drawing on his impeccable command of German language sources Citino offers fresh vivid and detailed treatments of key campaigns during this fateful year the Allied landings in North Africa General von Manstein's great counterstroke in front of Kharkov the German attack at Kasserine Pass the titanic engagement of tanks and men at Kursk the Soviet counteroffensives at Orel and Belgorod and the Allied landings in Sicily and Italy Through these events he reveals how a military establishment historically configured for violent aggression reacted when the tables were turned how German commanders viewed their newest enemy the U S Army after brutal fighting against the British and Soviets and why despite their superiority in materiel and manpower the Allies were unable to turn 1943 into a much more decisive year Applying the keen operational analysis for which he is so highly regarded Citino contends that virtually every flawed German decision to defend Tunis to attack at Kursk and then call off the offensive to abandon Sicily to defend Italy high up the boot and then down much closer to the toe had strong supporters among the army's officer corps He looks at all of these engagements from the perspective of each combatant nation and also establishes beyond a shadow of a doubt the synergistic interplay between the fronts Ultimately Citino produces a grim portrait of the German officer corps dispelling the longstanding tendency to blame every bad decision on Hitler Filled with

telling vignettes and sharp portraits and copiously documented The Wehrmacht Retreats is a dramatic and fast paced narrative that will engage military historians and general readers alike *War, Genocide and Cultural Memory* Claus Bundgård Christensen, Niels Bo Poulsen, Peter Scharff Smith, 2022-11-01 This book presents the most comprehensive study of the Waffen SS until this date Based on archival studies done in more than 20 archives in 13 different countries over a period of 5 years the book covers the entire history of the Waffen SS and follows the post war fate of the SS veterans as well The evolution of the Waffen SS is analysed with special emphasis on the role of Nazi ideology war crimes and atrocities as well as the unique multi ethnic and transnational character of the organization *Indomitable Will* Charles Kupfer, 2012-04-05 Some of the worst military disasters in U S history occurred between Pearl Harbor on December 7 1941 and the Battle of Midway in June 1942 During this period the American people faced a barrage of bad news and accounts of defeats and retreats Yet if they were shocked and dismayed they showed little panic Indomitable Will resurrects the legacy of this first half year of American combat during WWII a legacy of pain but not of woe Historian Charles Kupfer recounts the story of the war s early defeats Bataan Corregidor Wake Island and the Java Sea Some of these battles remain evocative today others are obscure all were catastrophes for American arms Kupfer asserts however that later victories were made inevitable by the steeling effect of those initial disasters Weaving together military journalistic political and cultural histories this engaging book shows that by setting their collective will on victory Americans in and out of uniform gained strength from their setbacks Indomitable Will spells out how the nation turned early defeat into ultimate victory Scraping the Barrel: The Military Use of Sub-Standard Manpower Sanders Marble, 2012-07-02 From the dawn of organized conflict sub standard men the inverse of the elites that get the lion s share of our attention have served their countries This is their untold history Loyalty is My Honor Gordon Williamson, 1995 Loyalty Is My Honor Williamson Subtitled Waffen SS Soldiers Talking In depth interviews with Nazi soldiers reveal how these most feared soldiers fought and trained their reasons for joining their recollections and what happened to them in the aftermath of the collapse of Nazi Germany A frank and sometimes shocking record of Nazi Germany s Waffen SS Hdbd 7 1 2x 9 1 2 192 pgs 11 bandw ill **The Soviet Union at War, 1941-1945** David Stone, 2010-11-10 Hitler s invasion of the Soviet Union in 1941 precipitated a massive clash of arms that gave rise to destruction and suffering on an unprecedented scale The outcome of this ruthless struggle on the Eastern Front was decisive for the course of the war in Europe Yet the campaigns fought there still receive less attention than those fought by the Western Allies and are less well understood That is why this new survey of the Soviet Union during the Second World War edited by David R Stone is so timely and significant Stone has brought together a distinguished group of experts who give a penetrating reassessment of the Soviet war effort and economy They offer a telling insight into the way in which enormous obstacles were overcome and sacrifices were made in order to achieve an overwhelming victory that changed the shape of Europe Their wide ranging analysis seeks to dispel myths and misperceptions that have distorted our understanding of the

performance of the Red Army and the Soviet people Editor David R Stone is professor of history at Kansas State University He is a leading authority on the military and political history of the Soviet Union in the 1920s and 1930s As well as writing numerous journal articles he is the author of two major studies A Military History of Russia From Ivan the Terrible to the War in Chechnya and Hammer and Rifle The Militarization of the Soviet Union 1926 1933 Crossing the Rhine Lloyd Clark,2018-04-01 The fighting spirit of Allied paratroopers comes through with exciting clarity in this account of two separate invasions of Germany in World War II Kirkus Reviews A main selection of the Military Book Club In September 1944 as the Allies drove across Europe after Normandy British field marshal Bernard Montgomery launched Operation Market Garden to secure the lower Rhine Germany's last great natural barrier in the west and passage to Berlin Though Allied soldiers outnumbered Germans two to one they suffered devastating casualties and were forced to retreat Then in March 1945 Montgomery orchestrated another airborne attack on the Rhine called Operation Plunder This time the Allies overwhelmed the German defenses secured the eastern bank and began their final march into the heart of the Third Reich Including detailed maps and personal accounts from those on both sides of the battle this vivid war story examines Allied attempts to breach Germany's borders and illustrates how lessons learned from failure helped form the second plan of attack and seal Germany's defeat Publishers Weekly **Panzers East and West** Dieter Stenger,2017-09-01 Organized and trained during 1943 the 10th SS Panzer Division saw its first action in the spring of 1944 during the relief of an encircled German army on the Eastern Front Several months later in response to the Allied invasion at Normandy the division returned to the West in mid June 1944 Here the division engaged in a series of armored attacks and counterattacks against British and American forces The 10th SS briefly held off a few enemy thrusts but gradually had to fall back to Falaise where the division escaped the Allied encirclement with no tanks and only a fraction of its men The 10th SS Panzer Division next defended against the Allied parachute assault during Operation Market Garden in September 1944 Depleted and now a division in name only the 10th SS fought in Alsace before Hitler sent it to the Eastern Front again There east of Berlin the division participated in the final battles to enable the escape of German soldiers and civilians from Soviet captivity **Publications Combined: The Battle Of The Bulge - Key Writings Of The Ardennes, Rhine And Bastogne** ,2019-12-18 Well over 2 000 total pages INTRODUCTION The Germans called it the Operation Watch on the Rhine The French named it the Battle of the Ardennes And the Western Allies termed it the Ardennes Counteroffensive But because of the way the map of Western Europe looked at the height of the battle it became known to history as the Battle of the Bulge It was the winter of 1944 1945 months before the war in Europe would end Despite the protestations of his generals Adolf Hitler decided on one final attempt to turn World War II in favor of his German Third Reich For this he ordered resources diverted from other battle fronts including his losing campaign against the Russians in the east The Allies were caught off guard as Hitler had hoped Thousands of U S troops were surrounded at one point In the end the Allies committed enough troops that the tired ill

equipped German army was overwhelmed Indeed the Battle of the Bulge was an important turning point in the war in the Allies favor but it was not without its cost The Battle of the Bulge is considered one of the bloodiest battles of World War II
