Lucid Veil:

A Queer Chivalry Julia F. Saville, 2000 Others decry his monasticism as the regrettably oppressive regimen from which he was able to escape only occasionally through his sensuous sometimes overtly homoerotic verse Julia F Saville uses Lacanian theories of sublimation and courtly love to reconfigure this long standing rift in the field of Hopkins criticism BOOK JACKET

representation of something seen as horrifying for instance a disturbing work of art an existential insight or a recognition of the fundamental inaccessibility of another person's consciousness can serve a protective purpose to defend the writer in some way against the horror he or she encounters On the other hand the representations themselves can be a potential threat epistemologically unreliable for instance or illusory deceptive fundamentally unstable and potentially dangerous to the writers Through a psychoanalytically informed literary analysis *The Medusa Effect* explores crucial ethical and epistemological questions of Victorian aesthetics as well as underexamined complexities of the mechanisms of Victorian literary representation
