Macmillan Pro:

The Literary Legacy of the Macmillan Company of Canada Ruth Panofsky, 2012-01-01 Fifth Business and Alligator Pie Stephen Leacock Grey Owl and Morley Callaghan these treasured Canadian books and authors were all nurtured by the Macmillan Company of Canada one of the country's foremost twentieth century publishing houses The Literary Legacy of the Macmillan Company of Canada is a unique look at the contribution of publishers and editors to the formation of the Canadian literary canon Ruth Panofsky's study begins in 1905 with the establishment of Macmillan Canada as a branch plant to the company's London office While concentrating on the firm's original trade publishing which had considerable cultural influence Panofsky underscores the fundamental importance of educational titles to Macmillan's financial profile The Literary Legacy of the Macmillan Company of Canada also illuminates the key individuals including Hugh Eayrs John Gray and Hugh Kane whose personalities were as fascinating as those of the authors they published and whose achievements helped to advance modern literature in Canada Publisher's website *Calendar* University of Sydney, 1904 **Sir Ernest MacMillan** Ezra Schabas, 1994-01-01 *British Government Policy and Decolonisation, 1945-63* Frank Heinlein, 2013-12-16 This book is an in depth study of the importance of the Empire Commonwealth in the two decades after WWII for Britain's self image as a great power By studying a wide range of debates on general and specific imperial problems the book highlights the official mind of decolonization and of late imperialism **Retreat from New Jerusalem** Kevin Jefferys, 1997-06-30 Thirteen wasted years Or the dawn of a new affluent society This book explores which description more appropriately fits the era of Conservative government in Britain after 1951 The author assesses the changing fortune of successive administrations under Churchill Eden Macmillan and Douglas Home He also analyses broader questions such as post war decline the nature of consensus politics and the electoral effects of Britain's entrenched class system In the first major study to have access to all official papers for 1951-64 Dr Jefferys provides a fresh critique of a key period in British political history **The United States Catalog** Mary Burnham, Carol Hurd, 1928 *Having it So Good* Peter Hennessy, 2007-05-03 Winner of the Orwell Prize for Political Writing Peter Hennessy's *Having it So Good* Britain in the Fifties captures Britain in an extraordinary decade emerging from the shadow of war into growing affluence The 1950s was the decade in which Roger Bannister ran the four minute mile Bill Haley released *Rock Around the Clock* rationing ended and Britain embarked on the traumatic disastrous Suez War In this highly enjoyable original book Peter Hennessy takes his readers into front rooms classrooms cabinet rooms and the new high street coffee bars of Britain to recapture as no previous history has the feel the flavour and the politics of this extraordinary time of change Utterly engaging a treat It breathes exhilaration Libby Purves *The Times* If the Gods gossip this is how it would sound Philip Ziegler *Spectator* Books of the Year A particular treat fine wise and meticulously researched Andrew Marr *Stands clear of the field as our best narrative history of this decisive decade* Peter Clarke *Sunday Times* A compelling narrative Hennessy's love of the flesh and blood of politics

breathes on every page Tim Gardam Observer The late Ben Pimlott once described Hennessy as something of a national institution You can forget the first two of those five words Guardian

Anglo-American Strategic Relations and the French Problem, 1960-1963 Constantine A. Pagedas, 2013-10-23 Drawing on official records and private papers this book offers insights into Anglo American reactions to France s development of an independent nuclear capability France s bid for the political leadership of Europe Britain s first application to join the EEC the controversial US multilateral force MLF proposal for NATO Britain s numerous propositions to France for the development of an independent European nuclear force the tense Anglo American diplomatic quarrel that was the Skybolt crisis and the creative diplomacy that produced the Nassau Agreement of December 1962

The Annual American Catalogue Cumulated ,1902

In the Name of Oil Ivan L. G. Pearson, 2010 Using recently declassified documents author Ivan Pearson argues that although the Suez Crisis was cataclysmic on many dimensions it did not mark a precipitous turning point in Britain s ability to affect events in the Middle East decisively Although Suez wholly undermined British prestige and revealed severe shortcomings in its military capabilities this work states that these losses were considerably offset by the increasing ability of British policymakers to influence the United States a country with an emerging presence in the region In the Name of Oil documents the frequent bureaucratic infighting between the administration state department and CIA on the American side as well as the way in which the British took advantage of the blurred line between communism and Arab nationalism in the Middle East to mislead the U S into pursuing policies that would protect the cheap oil supplied by British owned oil giants such as the Anglo Iranian Oil Company and the Iraq Petroleum Company

Sea stories for French composition, collected by L. Delbos Léon Delbos, 1895

The Brief and Turbulent Life of Modernising Conservatism Stuart Mitchell, 2008-12-18 The Brief and Turbulent Life of Modernising Conservatism is an examination of government tensions and frustrations during a time of economic and social flux It concentrates on the development of domestic industrial policy in the Conservative Party between 1945 and 1964 with particular emphasis on Harold Macmillan s and Sir Alec Douglas Home s administrations Between the general elections of 1959 and 1964 the Conservative Government effected a series of striking and dangerously controversial policy transformations in response to its recognition of Britain s relative economic decline These adjustments were both practical and strategic The administration s aim was extraordinarily ambitious It sought to fashion a recognisably modern and dynamic yet socially stable nation that could retain its place in the international lite Thereby the Party hoped to ensure its own continuation in power The author considers policy innovations that included an ill starred attempt to join the European Community the development of macro economic planning and the abolition of resale price maintenance an exploit which roused the Tory Party to unusual heights of passion The book does not simply regurgitate an orthodox high political narrative Instead it investigates topics of interest to modern historians and political scientists alike It will be of value to anyone interested in questions of modern political ideology social and economic change the nature of popular political

support or the constraints on state power in the post war world **Britain, Germany and the Cold War** R. Gerald Hughes, 2007-06-11 This well researched book details the ambiguity in British policy towards Europe in the Cold War as it sought to pursue détente with the Soviet Union whilst upholding its commitments to its NATO allies From the early 1950s Britain pursued a dual policy of strengthening the West whilst seeking détente with the Soviet Union British statesmen realized that only through compromise with Moscow over the German question could the elusive East West be achieved Against this the West German hard line towards the East endorsed by the United States was seen by the British as perpetuating tension between the two blocs This cast British policy onto an insoluble dilemma as it was caught between its alliance obligations to the West German state and its search for compromise with the Soviet bloc Charting Britain's attempts to reconcile this contradiction this book argues that Britain successfully adapted to the new realities and made hitherto unknown contributions towards détente in the early 1960s whilst drawing towards Western Europe and applying for membership of the EEC in 1961 Drawing on unpublished US and UK archives Britain Germany and the Cold War casts new light on the Cold War the history of détente and the evolution of European integration This book will appeal to students of Cold War history British foreign policy German politics and international history *Personalities, War and Diplomacy* T.G. Otte, C. Pagedas, 2014-05-01 Combines essays on the personality dimension in the 19th and 20th century international history placing in a proper historical perspective the impact of individual diplomats politicians and military strategists on foreign policy making **Macmillan, Kennedy and the Cuban Missile Crisis** L. Scott, 1999-06-08 In October 1962 the world went to the brink of Armageddon This study provides a new archive based account of the Cuban missile crisis providing the first detailed and authoritative account from the British perspective The book draws upon new British and US archival material and recent scholarship in the west and the former USSR The diplomatic military and intelligence dimensions of British policy are scrutinised New material is presented and existing interpretations of UK US relations at this crucial moment are reassessed The book contributes a new aspect to the literature on the Cuban missile crisis by exploring where the views of Washington and its closest ally converged and diverged *Futile Diplomacy - A History of Arab-Israeli Negotiations, 1913-56* Neil Caplan, 2021-03-04 These four volumes provide a careful and balanced behind the scenes account of the intricate diplomatic activity of the period between 1913 and 1956 Exploiting a range of available archive sources as well as extensive secondary sources they provide an authoritative analysis of the positions and strategies which the principal parties and the would be mediators adopted in the elusive search for a stable peace The text of each volume comprises both analytical historical chapters and a selection of primary documents from archival sources providing an essential reference source for the student of the Arab Israeli conflict and its long history **Futile Diplomacy: Operation Alpha and the failure of Anglo-American coercive diplomacy in the Arab-Israeli conflict, 1954-1956** Neil Caplan, 1983 These four volumes provide a careful and balanced behind the scenes account of the intricate diplomatic activity of the period between

1913 and 1956 Exploiting a range of available archive sources as well as extensive secondary sources they provide an authoritative analysis of the positions and strategies which the principal parties and the would be mediators adopted in the elusive search for a stable peace The text of each volume comprises both analytical historical chapters and a selection of primary documents from archival sources

Futile Diplomacy, Volume 4 Neil Caplan, 2015-05-15 This book first published in 1997 focuses on the Anglo American cooperation which began during the relatively uneventful years 1953 and 1954 and which led to a covert operation code named Alpha which aimed unsuccessfully at convincing Egyptian and Israeli leaders to consider a settlement through secret negotiations As with the other three volumes that make up Futile Diplomacy this volume comprises Dr Caplan s expert in depth analysis with a wealth of primary source documents making this a key reference source in the study of the Arab Israeli conflict

Kennedy, Johnson and NATO Andrew Priest, 2006-09-27 Kennedy Johnson and the Defence of NATO is an incisive reassessment of Anglo American defence relations which form a crucial part of international security Andrew Priest closely examines this key relationship by focusing on the so called Nassau agreement of December 1962 He clearly places Nassau in its context and shows how multi level collaboration continued between the US and UK in NATO despite growing tensions over American involvement in Southeast Asia and Britain s global role Firstly he shows how agreements made between Presidents and Prime Ministers shape alliances in by encouraging interaction between politicians government officials and military personnel at various levels of formality Secondly by focusing on the NATO area he assesses US UK attitudes to European and North Atlantic defence Traditionally studies of US UK relations at this time have tended to concentrate on developing difficulties between Presidents and Prime Ministers particularly Harold Wilson and Lyndon B Johnson over global issues This study demonstrates the dynamics of alliance through a nuanced approach at high political official and working levels across different administrations in the US and UK Although more recently some authors have successfully integrated such a multi layered approach particularly to studies of nuclear affairs they have tended to treat the 1962 Nassau agreement as something of a d nouement This book will be essential reading for students of US foreign policy British foreign policy Anglo American relations European American relations and the history of NATO

Calendar of the University of Sydney University of Sydney, 1853

Thank you very much for downloading **Macmillan Pro**. As you may know, people have look numerous times for their chosen books like this Macmillan Pro, but end up in malicious downloads.

Rather than enjoying a good book with a cup of tea in the afternoon, instead they are facing with some harmful virus inside their computer.

Macmillan Pro is available in our digital library an online access to it is set as public so you can download it instantly. Our book servers hosts in multiple countries, allowing you to get the most less latency time to download any of our books like this one.

Kindly say, the Macmillan Pro is universally compatible with any devices to read
