Murdoch The Great Escape:

Murdoch Richard Belfield, Christopher Hird, Sharon Kelly, 1994 **Murdoch's Pirates** Neil Chenoweth, 2012-11-01 What happens when one of the biggest media groups in the world sets up its own private security force What happens when part of this operation goes rogue News of the World is not the first Murdoch company to be accused of skulduggery Murdoch's Pirates is about the dark deeds of a secret division of News Corp based in Jerusalem operating in a combustible world of ambitious ex Scotland Yard men and former French and Israeli secret service agents who have one thing in common they have all left their previous employment under controversial circumstances NDS produces smart cards for use by pay TV operators this is a fiercely competitive field and one of the ways you get business is to demonstrate that the smart cards produced by your rivals can be easily pirated Unless you are very careful sometimes those pirated versions make their way out into the real world where they can really damage your competitors businesses Murdoch's Pirates reads like a thriller set in the arcane world of hackers and pirates There are mysterious deaths break ins and wild chases Some of the individuals involved may well be amongst the brightest minds on the planet but sometimes their rivalry can get out of hand and their impulsive behaviour can defy logic Chenoweth recounts this clandestine war with his customary lucidity drollery and brio

Hidden Agendas John Pilger, 2010-09-02 In this powerful book journalist and film maker John Pilger strips away the layers of deception dissembling language and omission that prevent us from understanding how the world really works From the invisible corners of Tony Blair's Britain to Burma Vietnam Australia South Africa and the illusions of the media age power he argues has its own agenda Unchallenged it operates to protect its interests with a cynical disregard for people shaping and often devastating millions of lives By unravelling the hidden histories of contemporary events Pilger allows us to read between the lines He also celebrates the eloquent defiance and courage of those who resist oppression and give us hope for the future Tenaciously researched and written with passion and wit Hidden Agendas will change the way you see the world

High Above Chris Forrester, 2010-04 And the Sun Shines Now Adrian Tempany, 2016-05-20 SHORTLISTED FOR THE GORDON BURN PRIZE FEATURED IN THE OBSERVER'S SPORTS WRITERS BOOKS OF THE YEAR On 15 April 1989 96 people were fatally injured on a football terrace at an FA Cup semi final in Sheffield The Hillsborough disaster was broadcast live on the BBC it left millions of people traumatised and English football in ruins And the Sun Shines Now is not a book about Hillsborough It is a book about what arrived in the wake of unquestionably the most controversial tragedy in the post war era of Britain's history The Taylor Report Italia 90 Gazza's tears All seater stadia Murdoch Sky Nick Hornby The Premier League The transformation of a game that once connected club to community to individual into a global business so rapacious the true fans have been forgotten disenfranchised In powerful polemical prose against a backbone of rigorous research and interviews Adrian Tempany deconstructs the past quarter century of English football and examines its place in the world How did Hillsborough and the death of 96 Liverpool fans come to change the national game beyond recognition

And is there any hope that clubs can reconnect with a new generation of fans when you consider the startling statistic that the average age of season ticket holder here is 41 compared to Germany's 21? Perhaps the most honest account of the relationship between the football and the state yet written. And the Sun Shines Now is a brutal assessment of the modern game.

News Corp Graham Murdock, Benedetta Brevini, Michael Ward, 2024-09-27 A comprehensive scholarly look at the dominance, power and influence of News Corp as one of the most potent communication giants of current times. Drawing on a wealth of empirical evidence, this book offers an authoritative, wide-ranging and accessible analysis of the development, operations and political influence of the most widely commented-on media company of modern times, directed by the world's most famous media mogul, Rupert Murdoch. It details News Corp's ownership and control, traces its global expansion in print, television and film, examines the crises that have prompted sell-offs, withdrawals and retrenchment, and explores losses and gains in its responses to the rise of digital media. The book explores Rupert Murdoch's close relations with successive prime ministers and presidents, examines the mobilisation of his news outlets to make and break political reputations, and details the consistent promotion of right-wing populist ideology on a range of key issues across the company's tabloid outlets. This is an invaluable resource to students and scholars of global media industries, the political economy of media, media policy and media and politics.

Heroes of Time Legends: Murdoch's Shadow Wayne D. Kramer, 2022-10-24 Shadows descend in this thrilling sequel to Murdoch's Choice. It all started with a mysterious client asking us to retrieve an artifact known as the Grimstone. We were sure it was just a myth, along with the so-called Shadow Age it had come from. But in the course of our journey, having successfully recovered the Grimstone, we learned that not only was the Shadow Age very real, it had never truly ended. Choices have consequences, even if you're the famous sea captain, Zale the Gale Murdoch. Following their quest for the mythical Grimstone, Zale, his daughter Starlina, and the entire crew find their home town of Warvonia in a dire state. Once a major sea hub, the harbor is in ruin, covered in life-threatening darkfrost. High Count Vidimir Tefu, Zale's former client, will stop at nothing to restore the full might of Void, what he views as the kingdom's salvation. Ancient forces and sorcery from the Shadow Age itself are rallied against Zale, his crew, and his home. Meanwhile, as Starlina Murdoch witnesses both her father and her fiancé, Jensen, fall to the Shadow's devices, she must find strength within herself, she never knew existed, to take up her father's quest for the Eye of Shi Kha, all the while wondering if she will ever see Jensen or her father again. Can Zale, Starlina, and the motley crew of Murdoch's Mates recover the darkest, once-concealed powers of Void and Shadow and hope to control them before it's too late? Find out in Murdoch's Shadow.

Censorship Julian Petley, 2012-12-01 Ever wonder what you're not being told? When we think of the word censorship, we imagine blacked-out words and authoritarian political regimes of the past. However, censorship is alive and well today and just as pervasive in

capitalist democracies as repressive regimes Offering a potted history of the phenomenon from the execution of Socrates in 399BC to the latest in internet filtering Petley provides an impassioned manifesto for freedom of speech Also explaining how media monopolies and moguls censor by limiting what news entertainment they impart this is an invaluable resource for anyone interested in global media in the information age

[International IDEA Handbook on Democracy Assessment](#) Iain Kearton, Sarah Bracking, Stuart Weir, David Beetham, 2021-11-15 The International IDEA Handbook on Democracy Assessment is a robust and sensitive guide to assessing the quality of democracy and human rights in any country around the world The Handbook introduces an easy to use and universal methodology for assessing the condition of democracy in any country or its progress in democratisation that has been developed in a three year action programme at IDEA the inter governmental Institute for Democracy and Electoral Assistance in Sweden The Handbook provides a means to measure systematically the full range of values institutions and issues relating to modern democracy that is sensitive to the underlying principles and democracy and the differences between democracies themselves It is therefore both universal in application and capable of responding to particular aspects of any one nation's democratic arrangements The animating principle of the

Handbook is that only citizens of a nation themselves are qualified to assess the quality of their own democratic arrangements. Thus it provides a self help guide which gives academics lawyers political practitioners journalists and interested citizens the tools to assess the state of their democracy or any key aspects of their democracy. The Handbook is above all a practical working document that draws on the actual experience of assessing democracy in different countries comparative knowledge and research and democratic principles and practice. It gives a step by step guide to the purposes and methods of democracy assessment who to involve how to use the research tools how to validate the findings what standards of practice to adopt and how to present and publicise a finished assessment. It contains extracts from completed assessments guidance on the use of qualitative and quantitative data examples of codes of democratic practice and international and regional standards and a vast list of accessible data sources. The methodology was created by a team of political scientists assembled from all regions of the world by International IDEA and has been tried and tested in a variety of countries including Bangladesh El Salvador Italy Kenya Malawi New Zealand Peru South Korea and the United Kingdom. International organisations like the World Bank and UNECA are adapting it for in country use. The four main authors and editors have been directly involved from the inception of the project in developing and refining the methodology and participating in and advising on the nine country studies that form the essential practical core of experience on which this invaluable Handbook is based.

There was something unique about Australians and New Zealanders in war that prompted World War II Allied commanders to turn to ANZAC soldiers sailors and airmen to carry out the most dangerous and virtually impossible missions behind enemy lines. Paddling canoes 4 000 kilometres to attack enemy ships in Singapore lightning raids on Rommel's forces in the deserts of North Africa. Flying bombers at tree top level deep into Nazi Germany to destroy vital targets rescuing sultans and future US presidents from under the noses of the Japanese and playing crucial roles in the greatest commando raid of the war at St Nazaire the Aussies and Kiwis were there. Popular Newspapers, the Labour

Party and British Politics James Thomas, 2007-05-07 IT S THE SUN WOT WON IT was the famous headline claim of Britain s most popular newspaper following the Conservative party s victory over Labour in the 1992 general election The headline referred to a virulent press campaign against Neil Kinnock s Labour party and dramatically highlighted one of the chief features of British politics during the twentieth century the conflict between a socialist Labour party and a capitalist popular press Labour s frequent complaints of the political and electoral unfairness of newspaper bias meant that some commentators considered that this dispute had a heritage as old as the party itself Others including the Labour leadership at the time argued that despite past tensions the 1992 election marked the culmination of an unprecedented campaign of vilification against the party Popular Newspapers the Labour Party and British Politics assesses these competing claims looking not only at 1992 but both back and forward to examine the continuities and changes in newspaper coverage of British politics and the Labour party over the twentieth century The book explores whether the popular press has lived up to its claim of being a democratic fourth estate or has merely as Labour politicians have argued been a powerful fifth column distorting the democratic process Drawing on a range of previously unexamined sources this book offers the first original and comprehensive history of a fascinating aspect of British politics from Beaverbrook to Blair James Thomas is a lecturer at the Cardiff School of Journalism Media and Cultural Studies at Cardiff University and has published articles and essays exploring the relationship between the popular press and British politics
