Nuer Journeys Nuer Lives Sudanese Refugees In Minnesota:

Nuer Journeys, Nuer Lives Jon D. Holtzman, 2015-09-07 This book examines contemporary migration to the United States through a surprising and compelling case study the Nuer of Sudan whose traditional life represents one of the most important case studies in the history of anthropology It provides an opportunity to examine issues of current importance within anthropology such as social change transnationalism displacement and diaspora in an easy to understand manner In understanding the experiences of the Nuer students will not only gain insights into the world refugee problem and the role of immigration in the United States they will also learn about the features of Nuer life which are considered a standard part of the anthropology curriculum The book juxtaposes elements of Nuer culture which are well known within anthropology and featured in most anthropology textbooks with new developments arising from the immigration of many other Nuer to the U S in the 1990s as refugees from civil war in southern Sudan Consequently this book will fit well within existing anthropology curricula while providing an important update on descriptions of traditional life *Nuer Journeys, Nuer Lives* Jon D. Holtzman, 2015-09-07 This book examines contemporary migration to the United States through a surprising and compelling case study the Nuer of Sudan whose traditional life represents one of the most important case studies in the history of anthropology It provides an opportunity to examine issues of current importance within anthropology such as social change transnationalism displacement and diaspora in an easy to understand manner In understanding the experiences of the Nuer students will not only gain insights into the world refugee problem and the role of immigration in the United States they will also learn about the features of Nuer life which are considered a standard part of the anthropology curriculum The book juxtaposes elements of Nuer culture which are well known within anthropology and featured in most anthropology textbooks with new developments arising from the immigration of many other Nuer to the U S in the 1990s as refugees from civil war in southern Sudan Consequently this book will fit well within existing anthropology curricula while providing an important update on descriptions of traditional life *Sudanese Women Refugees* J. Edward, 2007-10-29 This book examines the social cultural economic and political transformations that have occurred among southern Sudanese women refugees as they experience life in Cairo Egypt It intends to show how these women use their newly acquired skills and knowledge to challenge their past and to challenge the image of women refugees as victims and dependents The author counters previous literature s tendency to categorize these women as victimized dependent and backwards rather than recognizing their strength and contributions to their new societies *Imagining the Heartland* Britt E. Halvorson, 2022-06-21 An overdue examination of the Midwest s long influence on nationalism and white supremacy Though many associate racism with the regional legacy of the South it is the Midwest that has upheld some of the nation s most deep seated convictions about the value of whiteness From Jefferson s noble farmer to The Wizard of Oz imagining the Midwest has quietly gone hand in hand with imagining whiteness as desirable and virtuous Since at least the U S Civil War the imagined Midwest has served as a

screen or canvas projecting and absorbing tropes and values of virtuous whiteness and its opposite white deplorability with national and global significance Imagining the Heartland provides a poignant and timely answer to how and why the Midwest has played this role in the American imagination In Imagining the Heartland anthropologists Britt Halvorson and Josh Reno argue that there is an unexamined affinity between whiteness Midwestness and Americanness anchored in their shared ordinary and homogenized qualities These seemingly unremarkable qualities of the Midwest take work they do not happen by default Instead creating successful representations of ordinary Midwestness in both positive and negative senses has required cultural expression through media ranging from Henry Ford s assembly line to Grant Wood s famous American Gothic Far from being just another region among others the Midwest is a political and affective logic in racial projects of global white supremacy Neglecting the Midwest means neglecting the production of white supremacist imaginings at their most banal and at their most influential their most locally situated and their most globally dispersed **A Companion to**

the Anthropology of Politics David Nugent, Joan Vincent, 2008-04-15 This Companion offers an unprecedented overview of anthropology s unique contribution to the study of politics Explores the key concepts and issues of our time from AIDS globalization displacement and militarization to identity politics and beyond Each chapter reflects on concepts and issues that have shaped the anthropology of politics and concludes with thoughts on and challenges for the way ahead Anthropology s distinctive genre ethnography lies at the heart of this volume **Other Immigrants** David Reimers, 2005 Publisher

description In Other immigrants David M Reimers offers the first comprehensive account of non European immigration chronicling the compelling and diverse stories of frequently overlooked Americans Reimers traces the early history of Black Hispanic and Asian immigrants from the fifteenth century through World War II when racial hostility led to the virtual exclusion of Asians and aggression towards Blacks and Hispanics He also describes the modern state of immigration to the U S where Blacks Hispanics and Asians made up nearly thirty percent of the population at the turn of the twenty first century

Not Just Child's Play Felicia R. McMahon, 2009-10-20 Winner of the 2008 Chicago Folklore Prize Felicia R McMahon breaks new ground in the presentation and analysis of emerging traditions of the Lost Boys a group of parentless youths who fled Sudan under tragic circumstances in the 1990s With compelling insight McMahon analyzes the oral traditions of the DiDinga Lost Boys about whom very little is known Her vibrant ethnography provides intriguing details about the performances and conversations of the young DiDinga in Syracuse New York It also offers important insights to scholars and others who work with refugee groups The author argues that the playful traditions she describes constitute a strategy by which these young men proudly position themselves as preservers of DiDinga culture and as harbingers of social change rather than as victims of war Drawing ideas from folklore linguistics drama and play theory the author documents the danced songs of this unique group Her inclusion of original song lyrics translated by the singers and descriptions of conversations convey the voices of the young men Well researched and carefully developed this book makes an original contribution to our

understanding of refugee populations and tells a compelling story at the same time The Road to the Two Sudans Souad Ali, Richard Lobban, 2014-03-17 Parallel with the previous volume of conference papers in 2008 Sudan's Wars and Peace Agreements most of these selected and thematic articles were originally presented as papers at the 31st meeting of the Sudan Studies Association SSA at Arizona State University in 2012 Since that time the Comprehensive Peace Agreement of 2005 provided for the self determination referendum of 2011 that resulted in the independence of the new Republic of South Sudan The previous book presaged this present volume as the perhaps inevitable outcome of endless conflicts with no serious effort to make unity attractive As this book goes to press the new Republic of South Sudan is itself wracked with violent conflict The hopes to build a new democratic and civil society in the south from the many inherited problems have now devolved to dysfunction itself Reading this book will realistically help in understanding these Roads taken The editors and authors have created a multi faceted account which reveals the complex foundations of these conflicts between north and south and recently within the south itself While Khartoum struggles onward with the Islamist project regional conflicts and grave economic problems Juba stumbles with corruption armed rebellion and a grave humanitarian crisis The half full glass of dreams of social and economic development supported by oil revenue has been replaced by a glass half empty with new varieties of political dysfunction in which both nations have grave problems in security and economic stability in a generally troubled regional neighborhood **Dancing Skeletons** Katherine A. Dettwyler, 2013-09-26 One of the most widely used ethnographies published in the last twenty years this Margaret Mead Award winner has been used as required reading at more than 600 colleges and universities This personal account by a biocultural anthropologist illuminates not soon forgotten messages involving the sobering aspects of fieldwork among malnourished children in West Africa With nutritional anthropology at its core Dancing Skeletons presents informal engaging and oftentimes dramatic stories that relate the author's experiences conducting research on infant feeding and health in Mali Through fascinating vignettes and honest vivid descriptions Dettwyler explores such diverse topics as ethnocentrism culture shock population control breastfeeding child care the meaning of disability and child death in different cultures female circumcision women's roles in patrilineal societies the dangers of fieldwork and facing emotionally draining realities Readers will laugh and cry as they meet the author's friends and informants follow her through a series of encounters with both peri urban and rural Bambara culture and struggle with her as she attempts to reconcile her very different roles as objective ethnographer subjective friend and mother in the field The 20th Anniversary Edition includes a 13 page Q A with the Author in which Dettwyler responds to typical questions she has received individually from students who have been assigned Dancing Skeletons as well as audience questions at lectures on various campuses The new 23 page Update on Mali 2013 chapter is a factual update about economic and health conditions in Mali as well as a brief summary of the recent political unrest Almost All Aliens Paul Spickard, 2009-05-07 Almost All Aliens offers a unique reinterpretation of immigration in the history of the United States

Leaving behind the traditional melting pot model of immigrant assimilation Paul Spickard puts forward a fresh and provocative reconceptualization that embraces the multicultural reality of immigration that has always existed in the United States His astute study illustrates the complex relationship between ethnic identity and race slavery and colonial expansion Examining not only the lives of those who crossed the Atlantic but also those who crossed the Pacific the Caribbean and the North American Borderlands *Almost All Aliens* provides a distinct inclusive analysis of immigration and identity in the United States from 1600 until the present For additional information and classroom resources please visit the *Almost All Aliens* companion website at www.routledge.com/textbooks/almostallaliens
