Hawkeye Greats, by the Numbers Lyle Hammes, Neal Rozendaal, Kevin Hammes, 2010. Hawkeye Greats By the Numbers features prominent Hawkeye football and men's basketball players by their jersey numbers and it's bound to be a hit with Hawkeye fans as they recall all the fine players in Iowa football and men's basketball history who wore those numbers. Ron Gonder: "I think it's marvelous how you are arranging Hawkeye Greats By the Numbers. So often books in this genre are arranged by a ranking with no historical significance and I'm glad to see a book with a truly unique approach." University of Iowa Press.

A-Z of Learning Outside the Classroom Russell Grigg, Helen Lewis, 2016-04-07. Learning outside the classroom has been high on the political agenda for several years now but recent Ofsted reports indicate that this can be confined to termly or yearly trips as an extra. This book provides a convincing and readable promotion of regular outdoor learning. It draws on relevant research to reinforce that working in real environments benefits children's all-round development: cognitively, emotionally, physically and spiritually. This is illustrated through a wide range of engaging activities: from how to make a scarecrow to interpreting a painting in a gallery, from getting the best from a library visit to how best to attack a medieval castle. This practical guide for busy teachers will help them to link what they do in and out of the class. It's a must for every staffroom bookshelf.
