Warner, 2006-09-01 Written from the French front by a brave Red Cross nurse these home letters were hurriedly penned amid the incessant roar of the mighty guns and surrounded by the wounded and the dying This collection provides a fascinating glimpse into the life of a nurse at war **Letters Home** Sally Hitchcock Pullman, 2004-11-03 This book is the story of just one newly graduated nurse told in her own words in her letters home saved by her parents and friends All these collected letters repressed memories and commentary spell out the details and background for Letters Home It is one of the few stories of nurses in the Pacific area In the century's greatest war one nurse one boxful of letters photos drawings and documents and a broken leg at the age of 78 came together here in a warm honest sometimes graphic description about a time in history that is slipping from our collective memory Battles are forever documented troops heroism is scribed and caught on news clips and film but the role of nurses has not until recently been well recorded Nurses too are part of The Greatest Generation facing unknown places unknown dangers extreme physical discomfort and physical exhaustion They served alongside America's finest troops cared for them when they were sick and injured They mourned for those who could not make it home Finally recognized by the opening of the Women's Memorial in Washington DC October 1997 are women who served and are serving in the uniform of the United States They are being honored and remembered for their service in the many branches of the Armed Forces This book gives a glimpse into the Southwest Pacific area in WWII through the eyes of one nurse who saw and recorded how it was *A War Nurse's Diary* A. World War 1. Nurse, 2005 A British Nurse's

experiences working on the Belgian Front during the First World War **Letters from the Trenches** Jacqueline Wadsworth, 2014-11-30 A history of World War I told through the letters exchanged by ordinary soldiers and their families Letters from the Trenches reveals how people really thought and felt during the Great War and covers all social classes and groups from officers to conscripts to women at home to conscientious objectors Voices within the book include Sgt John Adams 9th Royal Irish Fusiliers who wrote in May 1917 For the day we get our letter from home is a red letter day in the history of the soldier out here It is the only way we can hear what is going on The slender thread between us and the homeland Pvt Stanley Goodhead who served with one of the Manchester Pals battalion wrote home in 1916 I came out of the trenches last night after being in four days You have no idea what four days in the trenches means The whole time I was in I had only about two hours sleep and that was in snatches on the firing step What dugouts there are are flooded with mud and water up to the knees and the rats hold swimming galas in them We are literally caked with brown mud and it is in all our food tea etc Jacqueline Wadsworth skillfully uses these letters to tell the human story of the First World War what mattered

to Britain's servicemen and their feelings about the war how the conflict changed people and how life continued on the home front

A Nurse at the Front Ruth Cowen, 2012-03-01 This is the first in a series of four unique War Diaries produced in conjunction with the Imperial War Museum will tell a story that is rarely heard the experiences of a nurse working close to the Western Front in the First World War. Incredibly Edith Appleton served in France for the whole of the conflict. Her bravery and dedication won her the Military OBE the Royal Red Cross and the Belgian Queen Elizabeth medal among others. Her diary details with compassion all the horrors of the war to end wars including the first use of poison gas and the terrible cost of battles such as Ypres but she also records what life was like for nurses and how she spent her time off duty. There are moments of humour amongst the tragedy and even lyrical accounts of the natural beauty that still existed amidst all the destruction.

World War I for Kids R. Kent Rasmussen, 2014-04-01 One hundred years after the start of the Great War World War I for Kids provides an intriguing and comprehensive look at this defining conflict that involved all of the world's superpowers. Why and how did the war come about? What was daily life like for soldiers in the trenches? What roles did zeppelins, barbed wire and the passenger ship Lusitania play in the war? Who were Kaiser Wilhelm, the Red Baron and Edith Cavell? Young history buffs will learn the answers to these questions and many others including why the western front bogged down into a long stalemate, how the war ushered in an era of rapid military technological and societal advances and how the United States entry helped end the war. Far from a dry catalog of names, dates and battles, this richly illustrated book goes in depth into such fascinating topics as turn of the 20th century weaponry and the important roles animals played in the war and explains connections among events and how the war changed the course of history. Hands-on activities illuminate both the war and the times. Kids can make a periscope, teach a dog to carry messages, make a parachute, learn a popular World War I song, cook Maconochie Stew and much more.

New Jersey Women during World War II Patricia Chappine, 2023-10-24 While World War II has long been viewed as a pivotal period that allowed women expanded opportunities in the military and the labor force, locally focused considerations have long been left out of the national narrative. *New Jersey Women during World War II: On the Home Front and Abroad* by Patricia Chappine explores the experiences that detail the wartime narrative of New Jersey women on the home front and abroad and describes the impact these women had as they pushed past gendered social boundaries and joined the war effort in numbers greater than any previous generation of Americans. Through expansive research, Chappine examines the critical role the women of New Jersey played as they stepped into newly formed military branches and entered the labor force in areas never before open to them, volunteering in staggering numbers. Focusing on the nuances of women's wartime experiences, this book blends the personal with the social, political and economic climate of New Jersey and the communicated aspirations, uncertainties and fears of women during World War II to offer new insights into the role they all played.

[Doughboys on the Great War](#) Edward A. Gutiérrez, 2017-01-20 It is impossible to reproduce the state of mind of the men who waged war in 1917 and 1918. Edward

Coffman wrote in *The War to End All Wars* In Doughboys on the Great War the voices of thousands of servicemen say otherwise The majority of soldiers from the American Expeditionary Forces returned from Europe in 1919 Where many were simply asked for basic data veterans from four states Utah Minnesota Connecticut and Virginia were given questionnaires soliciting additional information and remarks Drawing on these questionnaires completed while memories were still fresh this book presents a chorus of soldiers voices speaking directly of the expectations motivations and experiences as infantrymen on the Western Front in World War I What was it like to kill or maim German soldiers To see friends killed or maimed by the enemy To return home after experiencing such violence Again and again soldiers wrestle with questions like these putting into words what only they can tell They also reflect on why they volunteered why they fought what their training was and how ill prepared they were for what they found overseas They describe how they interacted with the civilian populations in England and France how they saw the rewards and frustrations of occupation duty when they desperately wanted to go home and perhaps most significantly what it all added up to in the end Together their responses create a vivid and nuanced group portrait of the soldiers who fought with the American Expeditionary Forces on the battlefields of Aisne Marne Argonne Forest Belleau Wood Chateau Thierry the Marne Metz Meuse Argonne St Mihiel Sedan and Verdun during the First World War The picture that emerges is often at odds with the popular notion of the disillusioned doughboy Though hardened and harrowed by combat the veteran heard here is for the most part proud of his service service undertaken for duty honor and country In short a hundred years later the doughboy once more speaks in his own true voice

British Children's Literature and the First World War David Budgen,2018-05-17 Perceptions of the Great War have changed significantly since its outbreak and children s authors have continually attempted to engage with those changes explaining and interpreting the events of 1914 18 for young readers *British Children s Literature and the First World War* examines the role novels textbooks and story papers have played in shaping and reflecting understandings of the conflict throughout the 20th century David Budgen focuses on representations of the conflict since its onset in 1914 ending with the centenary commemorations of 2014 From the works of Percy F Westerman and Angela Brazil to more recent tales by Michael Morpurgo and Pat Mills Budgen traces developments of understanding and raises important questions about the presentation of history to the young He considers such issues as the motivations of children s authors and whether modern children s books about the past are necessarily more accurate than those written by their forebears Why for example do modern writers tend to ignore the global aspects of the First World War Did detailed narratives of battles written during the war really

convey the truth of the conflict Most importantly he considers whether works aimed at children can ever achieve anything more than a partial and skewed response to such complex and tumultuous events **Marvels of Australia** MD
