Vitsentzos Kornaros, Erotokritos ,2004-01-01 During the later years of the Venetian occupation of Crete 1211 1669 the island enjoyed the intellectual and cultural stimulus of the Renaissance This bore fruit not only in the work of painters such as Dominikos Theotokopoulos alias El Greco but also in poetry where Vitsentzos Kornaros composed the most important work of early modern Greek literature Erotokritos Written c 1600 this romance takes over the

theme of a minor French poem *Paris et Vienne* of Pierre de la Cyprie and puts it in a Hellenic setting where knights both Greek and foreign come to joust in an imaginary pre-Christian Athens. It is here presented for the first time in a complete English prose translation with a scholarly introduction and notes. *Dr. Strangelove's America* Margot A.

Henriksen, 2023-04-28 Did America really learn to stop worrying and love the bomb as the title of Stanley Kubrick's 1964 film *Dr. Strangelove* would have us believe? Does that darkly satirical comedy have anything in common with Martin Luther King Jr.'s impassioned 'I Have a Dream' speech or with Elvis Presley's throbbing 'I'm All Shook Up'? In Margot Henriksen's vivid depiction of the decades after World War II, all three are expressions of a cultural revolution directly related to the atomic bomb. Although many scientists and other Americans protested the pursuit of nuclear superiority after World War II ended, they were drowned out by Cold War rhetoric that encouraged a culture of consensus. Nonetheless, Henriksen says, a culture of dissent arose, and she traces this rebellion through all forms of popular culture. At first, artists expressed their anger, anxiety, and despair in familiar terms that addressed nuclear reality only indirectly. But Henriksen focuses primarily on new modes of expression that emerged, discussing the disturbing themes of film noir with extended attention to Alfred Hitchcock and science-fiction films, Beat poetry, rock n' roll, and Pop Art. Black humor became a primary weapon in the cultural revolution, while literature, movies, and music gave free rein to every possible expression of the generation gap. Cultural upheavals from flower power to the civil rights movement accentuated the failure of old values. Filled with fascinating examples of cultural responses to the Atomic Age, Henriksen's book is a must-read for anyone interested in the United States at mid-twentieth-century. Did America really learn to stop worrying and love the bomb as the title of Stanley Kubrick's 1964 film *Dr. Strangelove* would have us believe? Does that darkly satirical comedy have anything in common with Martin Luther King Jr.'s impassioned

In the Eyes of Mr. Fury Philip Ridley, 2016-12-06 On the day Concord Webster turned eighteen, the Devil died. The Devil's real name was Judge Martin, but Concord's mother called him the Devil. She said he boiled babies for dinner and made lampshades out of human skin. So why did she, who hated him so venomously, have a key to his house? The key will unlock more than just Judge's front door. It will also unlock a multitude of stories where magic children talk to crows, men disappear in piles of leaves, and James Dean look-alikes kiss in dark alleys, and reveal a secret history that will change Concord's life forever. Philip Ridley's second novel, following the sexually charged tour-de-force *Crocodilia*, was an instant cult classic when originally published in 1989. Now, for this new edition, Ridley has reimagined the story, expanding the original short novel into the world's first LGBT magical realist epic. A vast labyrinthine hall of mirrors saga, its breathtaking imagery and stunning plot twists covering over a hundred years, reveal Ridley to be one of the most distinctive and innovative voices in contemporary fiction. **Typical Plays for Secondary Schools** James Plaisted Webber, Hanson Hart Webber, 1929
