Nurse For The Moment:

Narrative Nursing - What Does it Mean to be a Professional Nurse Joyce J. Fitzpatrick, Peter Stoffan, 2025-12-01 A nursing narrative note is a type of nursing documentation used to provide clear detailed information about a patient A narrative note is written in paragraph form and tells a story if you will about the patient the care being received response to treatment and any interventions or education provided Narrative notes allow for more detailed descriptions of health conditions and concerns which means you have greater freedom when it comes to painting a representative picture of a patient's health You can communicate their thoughts and feelings as well as your own professional judgments The format of the book will cover the Narrative Nursing workshop format that has been instituted over the years with nurses from a range of organizations Each nurse will follow an outline of storytelling and select one meaningful nurse patient nurse colleague or nurse leader encounter to present as a story to share with other nurses Each chapter contains stories from nurses at all levels of development from the novice student nurse to the expert nurse and nurse leader The overall purpose is to illustrate in a structured format the impact of nursing care provided to individuals families and communities The storytelling process that will be used includes the key techniques of storytelling namely engaging the audience describing the scene building tension focusing on what is important keeping the flow logical and making the story conclusive particularly in light of the lessons learned from the story Each story will be accompanied by analysis and commentary from the two primary authors remarking on the meaningfulness of the story lessons learned and lessons for other nurses Each story will be unique but there will be conclusions drawn at the end of each story and there will also be an introductory chapter and a final chapter written by the primary authors to introduce the value of story telling and in the final chapter to synthesize lessons learned A main feature of this book is that the stories will allow the reader to identify personal and professional moral and ethical principles confronted by clinical nurses and nurse leaders at all levels Theories Guiding Nursing Research and Practice Joyce J. Fitzpatrick, Geraldine McCarthy, 2014-06-06 Print CourseSmart *COMPASSION, CARE AND COURAGE A Nurse's Journey* RGN. KHALID SAEED ALI ALQAHTANI, LPN. SAAD AYED AWDHAH, RGN. ABDULRAHEM SALMAN HAMDAN ALMALKI, Nursing is not just a profession its a calling and that calling is made of threads of compassion care and courage Compassion Care and Courage A Nurse's Journey is a document of individual experience and a testament from the rest of us to those who roam hospital and home hallways professing our profession with confident hands tender hearts and unwavering nerves From the prenatal beginning sparks of excitement in childhood to silent will ushering genius called for in the most critical moments the nursing career is paved in profound experience some bright and shining others painful but all fundamentally human We encounter others at some of the most vulnerable points in their lives as nurses We hear their fears their hopes and sometimes their last words This privilege is sacred Within these pages are tales woven from sweat and sacrifice chapters buoyed by clinical expertise and moments developed out of compassion and perseverance In this episode

we look at the history of the profession from the wards lit by the lantern of Florence Nightingale to the telehealth platforms of the 21st century We salute nursing educators researchers frontline responders and the many who are characteristically practicing change agents in boardrooms and policy circles The many chapters in here contribute to different aspects of nursing life be it the ethical dilemmas burnout leading through a crisis or in finding joy through patients and reflection What I d really like to accomplish is not just documenting the journey of one nurse but a message that all nurses out there for what we are and why it goes beyond you or me I invite the different readers nurses students patients and those who just have to be curious to walk this pathway with me I hope you walk away with a greater respect for the quiet strength of nurses the emotional labor that they carry and the bravery of caring deeply in a world that often hurries Let this book be a mirror and a map a mirror for reflection on where we have been and a map for where the heart of nursing needs to go **A Global**
