Managing and Improving School Attendance and Behaviour Ken Reid, 2017-10-02 This new book on school attendance and behaviour brings an international flavour to the field with contributions on some of the latest empirical research and thinking from around the world It includes contributions from Canada and the USA Hong Kong Europe the United Kingdom and Ireland Some of the interesting wide ranging and often unique topics covered in the book include truancy and well being disaffection pupil absenteeism social mediation aggression in primary schools bullying emotional barriers to learning behaviour management training exclusion reintegration the role of educational psychologists and ethnic diversity and classroom disruption in the context of migration policies The book should prove both helpful and useful for a wide range of professionals students and academics across a wide range of educational care and social policy disciplines This book was originally published as a special issue of Educational Studies

Creating a Trauma-informed Classroom Sarah Lathan, 2025-02-28 A game changing toolkit for teachers empowering them to build their understanding of adverse childhood experiences ACEs and to develop their trauma informed teaching practice There is now a greater understanding on the impact of our early experiences on our stress response system and how this affects children in the classroom Based on research and real world experiences Creating a Trauma informed Classroom equips teachers of both primary and secondary phases to create compassionate and trauma sensitive learning environments by suggesting and explaining up to date and practical strategies An experienced ASN teacher who uses these strategies in her daily practice Sarah Latham focuses on how to build and

maintain positive relationships with pupils affected by trauma and ACEs how to create a supportive environment how to design and deliver learning how to work collaboratively with others and how to promote emotional regulation in the classroom including supporting dysregulated and distressed behaviours Each chapter summarises key points from literature research and policy to provide a concise and accessible text without data and jargon overload Pupil voice is also highlighted through reflections and opinions from children and young people and case studies from different schools and projects across Scotland that have developed new approaches to trauma informed practice A perfect resource for an teacher or senior leader wishing to create a trauma informed school *Policy, Provision and Practice for Special Educational Needs and Disability* Peter Wood,2021-12-30 This book showcases the diverse nature of policy provision and practice for special educational needs and disability SEND across different international settings Situated across a backdrop of varied international policies relating to inclusion the book offers insights into the rhetoric of SEND policy and practice across a range of settings to contribute to our understanding of SEND provision It explores the complexities concerns and challenges experienced by staff pupils parents and carers in contemporary education settings Chapters draw on empirical research and are structured around four parts special education needs and disability within policy stakeholder perceptions and experiences of SEND provision meeting the needs of SEND children and moving towards inclusive practice The volume will challenge thought stimulate critique and provoke debate in the field of special educational needs both locally and globally and will be of interest to researchers and postgraduate students in the field of inclusive education special needs education and comparative education

Contemporary Issues in Learning and Teaching Margery McMahon,Christine Forde,Margaret Martin,2010-11-15 Contemporary Issues in Learning and Teaching looks at current issues across the three key areas of policy learning and practice It will help you to think critically on your Education course and to make connections between the processes of learning and the practicalities of teaching The book addresses key issues in primary secondary and special education and includes examples from all four countries of the UK The contributors reflect on current thinking and policy surrounding learning and teaching and what it means to be a teacher today Looking at the practice of teaching in a wider context allows you to explore some of the issues you will face and the evolving expectations of your role in a policy led environment The book focuses on core areas of debate including education across different contexts and settings teaching in an inclusive environment Continuing Professional Development CPD for practitioners Each chapter follows the same accessible format They contain case studies and vignettes providing examples and scenarios for discussion introduction and summary boxes listing key issues and concepts explored in the chapter key questions for discussion reflection and further reading This essential text will be ideal for undergraduate and postgraduate courses including BEd BA degrees initial teacher training courses and Masters in Education programmes All editors and contributors are based in the Faculty of Education at Glasgow University UK *The Dangerous Rise of Therapeutic Education* Kathryn Ecclestone,Dennis Hayes,2019-02-01 The

Dangerous Rise of Therapeutic Education confronts the silent ascendancy of a therapeutic ethos across the educational system and into the workplace. Controversial and compelling Kathryn Ecclestone and Dennis Hayes classic text uses a wealth of examples across the education system from primary schools to university and the workplace to show how therapeutic education is turning children young people and adults into anxious and self preoccupied individuals rather than aspiring optimistic and resilient learners who want to know everything about the world. Remaining extremely topical the chapters illuminate the powerful effects of therapeutic education including How therapeutic learning is taking shape now and in the future How therapeutic ideas from popular culture have come to govern social thought and policies How the fostering of dependence and compulsory participation in therapeutic activities that encourage the disclosing of emotions can undermine parents and teachers confidence and authority How therapeutic forms of teacher training undermine faith in the pursuit of knowledge How political initiatives in emotional literacy emotional wellbeing and positive mental health propagate a diminished view of human potential throughout the education system and the workplace. The Dangerous Rise of Therapeutic Education is an eye opening read for every teacher and leader across the field of education and every parent and student who is passionate about the power of knowledge to transform people s lives. It is a call for a debate about the growing impact of therapeutic education and what it means for learning now and in the future.

Emotional Literacy at the Heart of the School Ethos Steve Killick, 2006-08-16 Includes CD Rom. This book will educate and enthuse teachers about emotional literacy while providing them with a host of practical suggestions for working with children to increase awareness understanding and control of their feelings. Professor Neil Frude Clinical Psychologist Western Mail Translating the theory of emotional literacy into a practical whole school approach this book is written for teachers psychologists and lecturers wishing to introduce and implement o the rationale o the practice o the policy development. Drawing on his practical experience as a consultant with a special school the author provides everything you will need to deliver a full training programme on this subject including activities and a Powerpoint presentation on a CD rom. His work explains the importance of considering children s emotional life in school situations and gives practical skills to help nurture children s emotional development. Dr Steve Killick is a Chartered Clinical Psychologist who works in the NHS with young people with severe mental health problems. He has worked in both adult and child mental health and education settings and also works as a consultant and trainer for organisations and individuals. He has recently worked with Headlands School in Wales to produce an emotional literacy programme for organisational change and curriculum development.
