Paulette Ramsay, 2021-03-25 There have been many great and enduring works of literature by Caribbean authors over the last century The Caribbean Contemporary Classics collection celebrates these deep and vibrant stories overflowing with life and acute observations about society *Empire Windrush* has long had an iconic status in British and Caribbean history This book largely told in the form of diary entries and letters home reveals the day to day experience of the first immigrants and the far reaching effects on their lives and relationships Jen has left a young daughter Sunshine in Jamaica and in these letters to her daughter she attempts to make sense of the dislocation and displacement she experiences her response and the effect on those close to her A companion novel to *Aunt Jen Letters Home* is a penetrating and devastating study of the immigrant experience in 1960s Britain and its long lasting consequences Suitable for readers aged 16 and above **The Nutmeg's**

Curse Amitav Ghosh, 2021-10-14 The author of *The Great Derangement* finds the origins of our climate crisis in Western colonialism's violent exploitation of human life and the environment A powerful work of history essay testimony and polemic Amitav Ghosh's new book traces our contemporary planetary crisis back to the discovery of the New World and the sea route to the Indian Ocean *The Nutmeg's Curse* argues that the dynamics of climate change today are rooted in a centuries old geopolitical order constructed by Western colonialism At the center of Ghosh's narrative is the now ubiquitous spice nutmeg The history of the nutmeg is one of conquest and exploitation of both human life and the natural environment In Ghosh's hands the story of the nutmeg becomes a parable for our environmental crisis revealing the ways human history has always been entangled with earthly materials such as spices tea sugarcane opium and fossil fuels Our crisis he shows is ultimately the result of a mechanistic view of the earth where nature exists only as a resource for humans to use for our own ends rather than a force of its own full of agency and meaning Writing against the backdrop of the global pandemic and the Black Lives Matter protests Ghosh frames these historical stories in a way that connects our shared colonial histories with the deep inequality we see around us today By interweaving discussions on everything from the global history of the oil trade to the migrant crisis and the animist spirituality of Indigenous communities around the world *The Nutmeg's Curse* offers a sharp critique of Western society and speaks to the profoundly remarkable ways in which human history is shaped by non human forces *Confectioners Journal*, 1919 *The Queen of Storm and Shadow* Jenna Rhodes, 2017 The world of Kerith has reached a pivotal moment in its history as rival factions are forced to band together against both known enemies and an

unexpected invasion force Life Death and the elemental Gods have awakened in the lands of Kerith after a cataclysmic collision with Trevalka home of Vaelinar ambition lies and magic Only a handful of the bravest and most foolhardy left standing dare to face the consequences of these two worlds meeting Unwillingly thrust through space and time the Vaelinars have made the most of their exile and woven the threads of their magic deep into the fabric of Kerith Makers and masters of the Elven Ways now they and the Gods must choose their final paths

Tommy Raw Thomas Mondello,2003-06 Sometimes people say and do things that just make you sit back and wonder Well this book is definitely

three chapters of pure wonderment It all begins innocently enough within the womb then guides you on a path of fifth grade laughter and hi jinx Each tale contains real life situations that will surely bring a smile to your face In fact they re almost therapeutic as they confirm the fact that yes there is actually someone out there in the world more moronic than yourself Now isn t that a comforting thought Stories from childhood through high school to a three year stint with the United States navy right up to present day only proves one thing That years and experience of life mean absolutely nothing if you can t look back on them and have yourself a good hearty laugh Hopefully some of the stories within this book will help to stir up a few entertaining memories from your own past Remember memories are the fuel powering our sanity Welcome to Tommy s world
