Piggy Sneed:

Trying to Save Piggy Sneed John Irving, 2016-02-02 A commemorative hardcover edition of the only collection ever published of the celebrated novelist's shorter works. Here is a treat for devoted fans of John Irving. First published twenty years ago, Trying to Save Piggy Sneed contains a dozen short works by the author, beginning with three memoirs. The longest of the memoirs is The Imaginary Girlfriend, his candid account of his twin careers in writing and wrestling, which, as the Denver Post observed, is filled with anecdotes that are every bit as hilarious as the antics in his novels and combines the lessons of both obsessions. The middle portion of the book is fiction. Over a career that spans thirteen novels, these are the six stories that Mr. Irving considers finished. Among them is Interior Space, for which he won the O. Henry Award. In the third and final section are three homages: one to G. Vinter Grass and two to Charles Dickens. To each of the twelve pieces, he has contributed the author's notes, which provide some perspective on the circumstances surrounding the writing of each piece. For readers who prefer a hardcover, this commemorative edition is a book to treasure. For new readers, it is a perfect introduction to the author of works as moving and mischievous as The World According to Garp, A Prayer for Owen Meany, and In One Person. Skyhorse Publishing, as well as our Arcade, Yucca, and Good Books imprints, are proud to publish a broad range of books for readers interested in fiction, novels, novellas, political and medical thrillers, comedy, satire, historical fiction, romance, erotic and love stories, mystery, classic literature, folklore, and mythology, literary classics including Shakespeare, Dumas, Wilde, Cather, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

The challenges that Christian churches face have changed immensely in the last quarter century. One of the central issues facing the churches everywhere in the world is their missionary presence in their nations and societies. The authors of this volume are among the world's leading missiological thinkers and represent major Christian traditions in Europe, Africa, and North America. In this new century, the Christian church faces new situations that include, for example, the fall of communism, the globalization of culture, cultural and religious minorities, and multiple religious majorities in nearly every country, ethnic and interreligious tensions, relativism, and individualism in Western culture, the rise of a global impact of a postmodern world view, poverty in poor countries and in urban areas in wealthy countries, and the decline of Western cultural authority, and with notable exceptions of religious authority generally. This book speaks of ways in which Christian churches are seeking to respond to these challenges. The purpose of this book is to describe some of the main challenges facing the churches in mission today, particularly with reference to interreligious conversations all over the world. The title of this volume has been derived from the theme of the 24th General Assembly of the World Alliance of

Reformed Churches WARC at Accra in August 2004 whose theme is That All May Have Life in Fullness **Contemporary Fiction and Christianity** Andrew Tate,2010-10-12 **John Irving** Josie P. Campbell,1998-11-24 One of America s most noted contemporary novelists John Irving has created a body of fiction of extraordinary range moving with ease from romance to fairytale to thriller Although his fiction follows in the tradition of the great 19th century world novelists he is a quintessential American writer his novels are laced with broad humor farce and absurd situations He does not hesitate to tackle the troubling issues that have faced our nation in the past few decades such as war racism sexism abortion violence and AIDS This study offers a clear accessible reading of Irving s fiction It analyzes in turn all of his novels from Setting Free the Bears 1968 to his newest novel A Widow for One Year 1998 It also provides the reader with a complete bibliography of Irving s fiction as well as selected reviews and criticism Following a biographical chapter on Irving s life an overview of his fiction explores his work in light of his literary heritage and use of a variety of genres Each of the following chapters examines an individual novel Setting Free the Bears 1968 The Water Method Man 1972 The 158 Pound Marriage 1973 The World According to Garp 1976 The Hotel New Hampshire 1981 The Cider House Rules 1985 A Prayer for Owen Meany 1989 A Son of the Circus 1994 and A Widow for One Year 1998 The discussion of each novel includes sections on plot and character development thematic issues and a new and fresh critical approach from which to read the novel Campbell explores the great moral range in Irving s novels She shows that all his novels deal with a character s quest to discover the self a journey of raw energy that touches us because we recognize it as our own This study will help readers to appreciate the experimental fiction that is Irving s trademark and his ability to capture the essence of American life in the last part of the twentieth century **Geniuses, Addicts, and Scribbling Women** Cynthia Cravens,2023-01-15 Through a critical discussion of an array of written and visual texts that feature a writer as a main character Geniuses Addicts and Scribbling Women Portraits of the Writer in Popular Culture argues for a more nuanced conception of the role of writers in society their relationships with their reading publics the portrayals and realities of their labor and the construction of a writing identity Expounding upon the critical genre of authorship studies the contributors take on complex issues such as economics professionalization gender politics and writing pedagogy to shape the dialogue around the nature of representation and the practice of narrative Ultimately contributors consider the ways in which debates over art craft authorial celebrity and the literary marketplace define the parameters of culture in a given period and influence the work of culture producers The implications of such an analysis reveal much about the status and value of creative writers and their work This collection covers a wide range of historical periods offering a complex understanding of representations of writers from the medieval period to the Netflix era Such an evolution challenges the perception of the writer as a monolithic presence in society and highlights its multiplicity diversity and its transformations through cultural and political movements Laughter Among the Ruins Henry Jansen,2001 Contemporary postmodern secularized society has largely abandoned the central religions

narratives that helped people to deal with such basic questions as the meaning of life the experience of transcendence suffering The issues however remain und thus the question What stories do we tell today to help us process the suffering that we undergo In this book the author looks at the stories that our contemporary society offers to deal with suffering The general story the Christian tradition has told has often been interpreted as a comic one one in which the hope of reconciliation and re creation is expressed But how does a secularized society deal with this issue The author explores the works of four contemporary comic novelists Iris Murdoch John Irving Cees Nooteboom and Anne Tyler He examines their worldviews as presented in their novels in order to understand how our secularized Western society deals with suffering In the end he offers a critical evaluation of their views acknowledging their strengths and points from which Christian theology can learn but also pointing out how differences from a Christian point of view
