Pilgrimage For Peace:

Women on the Pilgrimage to Peace Anna Hamling, 2024-01-09 This interdisciplinary volume examines intersecting journeys of women from around the globe on their pilgrimages to peace. It consists of twelve chapters that discuss theoretical and practical issues related to the study of peace. The focus of this volume is the successful movement from war to building peace through nonviolent means. It is a study of how and why contemporary tactics of a nonviolent approach have proved effective. International scholars from Ukraine, India, Lebanon, and the US, amongst others, explore the ways in which journeys towards peace have evolved amid the twenty-first century's growing social changes in their respective countries. This collection will provide a valuable resource for those researching and practising peace and conflict resolution studies, sociology, comparative cultural studies, history, and international development studies. **Pilgrimage for Peace** Satish Kumar, 2021-05-13 Perfect for those interested in peaceful activism, pilgrimage, spirituality, and autobiographies.

A Pilgrimage to the World of Peace and Nonviolence Chandan Sengupta, It is true that we are passing through a critical situation during which entire society is getting divided into class and section day by day on the basis of different types of superficial parameters. Such differences are so prominent that they even hamper the normal acculturation process of early schooling and socialisation of individuals through which newly introduced fellows are allowed to gain a perfect pitching in the multi-plural community. Service-oriented life of modern world is also moving on with such kind of toss and twist giving birth to regional as well as global tension of different degree and radial expansion. It is also becoming difficult for us to overcome the situation due to its deeper impression in the mind set of individual coming out from the isolated segments of restricted mechanism of acculturation. Main objective of our discussion and analysis is to cultivate a balanced process of educational, social as well as economic acculturation which will be suitable enough for ensuring implementation and continuation of world peace.
