History of Canadian Catholics Terence J. Fay, 2002-05-09 In *A History of Canadian Catholics* Terence Fay relates the long story of the Catholic Church and its followers beginning with how the church and its adherents came to Canada how the church established itself and how Catholic spirituality played a part in shaping Canadian society He also describes how recent social forces have influenced the church Using an abundance of sources Fay discusses Gallicanism French spirituality Romanism Roman spirituality and Canadianism the indigenisation of Catholic spirituality in the Canadian lifestyle Fay begins with a detailed look at the struggle of French Catholics to settle a new land including their encounters with the Amerindians He analyses the conflict caused by the arrival of the Scottish and Irish Catholics which threatened Gallican church control Under Bishops Bourget and Lynch the church promoted a romantic vision of Catholic unity in Canada By the end of the century however German Ukrainian Polish and Hungarian immigrants had begun to challenge the French and Irish dominance of Catholic life and provide the foundation of a multicultural church With the creation of the Canadian Catholic Conference in the postwar period these disparate groups were finally drawn into a more unified Canadian church *A History of Canadian Catholics* is especially timely for students of religion and history and will also be of interest to the general reader who would like an understanding the development of Catholic roots in Canadian soil Commerce of Taste Barry

Magrill, 2012-04-24 In the late nineteenth century the circulation of pattern books featuring medieval church architecture in England facilitated an unprecedented spread of Gothic revival churches in Canada Engaging several themes around the spread of print culture religion and settlement *A Commerce of Taste* details the business of church building Drawing upon formal architectural analysis and cultural theory Barry Magrill shows how pattern books offer a unique way of studying the relationships between taste ideology privilege social change and economics Taste was a concept used to legitimize British and to an extent Anglican privilege while other denominations resisted their aesthetic edicts Pattern books eventually lost control of the exclusivity associated with taste as advances in printing technology and transatlantic shipping brought more books into the marketplace and readerships expanded beyond the professional classes By the early twentieth century taste had become diluted the architect had lost his heroic status and architectural distinctions among denominations were less apparent Drawing together the history of church building and the broader patterns of Canadian social and historical development *A Commerce of Taste* presents an alternative perspective on the spread of religious monuments in Canada by looking squarely at pattern books as sources of social conflict around the issue of taste **Not Quite Us** Kevin P.

Anderson, 2019-04-08 In twentieth century Canada mainline Protestants fundamentalists liberal nationalists monarchists conservative Anglophiles and left wing intellectuals had one thing in common they all subscribed to a centuries old world view that Catholicism was an authoritarian regressive untrustworthy and foreign force that did not fit into a democratic British nation like Canada Analyzing the connections between anti Catholicism and national identity in English Canada Not

Quite Us examines the consistency of anti Catholic tropes in the public and private discourses of intellectuals politicians and clergymen such as Arthur Lower Eugene Forsey Harold Innis C E Silcox F R Scott George Drew and Emily Murphy along with those of private Canadians Challenging the misconception that an allegedly secular civic and more tolerant nationalism that emerged excised its Protestant and British cast Kevin Anderson determines that this nationalist narrative was itself steeped in an exclusionary Anglo Protestant understanding of history and values He shows that over time as these ideas were dispersed through editorials cartoons correspondence literature and lectures they influenced Canadians intimate perceptions of themselves and their connection to Britain the ethno religious composition of the nation the place of religion in public life and national unity Anti Catholicism helped shape what it means to be Canadian in the twentieth century Not Quite Us documents how equating Protestantism with democracy and individualism permeated ideas of national identity and continues to define Canada into the twenty first century

Christianity and Ethnicity in Canada Paul Bramadat, David Seljak, 2008-01-01 In Christianity and Ethnicity in Canada eleven scholars explore the complex relationships between religious and ethnic identity within the nine major Christian traditions in Canada *Households of Faith* Nancy Christie, 2002 Households of Faith examines a variety of religious traditions with a particular focus on the way in which religious communities define gender identities The authors explore the boundaries drawn in religious discourse between the private and public offering a revisionist perspective on the theoretical framework of separate spheres By analysing gender relations within the matrix of the family they explore both the conflicts and interdependency of gender roles

The Canny Scot Peter Ludlow, 2015-03-16 A revealing biography of one of twentieth century Nova Scotia s most prominent religious figures Canadian Baptist Fundamentalism, 1878-1978 Taylor Murray, Paul R. Wilson, 2022-04-01 As the first single volume work to present a national picture of Baptist engagement with the fundamentalist movement in Canada in the late nineteenth and twentieth centuries Canadian Baptist Fundamentalism fills an important gap in the historiography It explores the contributions of well known fundamentalists such as T T Shields William Bible Bill Aberhart and J J Sidey while also introducing the reader to several lesser known figures including Joshua Denovan E J Stobo and T A Meister Together these studies demonstrate the diversity of the fundamentalist movement as it emerged and developed across Canada By drawing on material from across the country Canadian Baptist Fundamentalism addresses old themes in new ways and in the process raises a variety of questions and possibilities for new avenues of study

W. Stanford Reid A. Donald MacLeod, 2004 MacLeod s in depth analysis examines how an observant Christian academic unapologetically Calvinist openly articulated his faith in a secular environment and helped convince evangelicals to abandon their ghettoizing anti intellectualism His discussion of Reid s international networking serves as a reminder of the way in which Canadian evangelicalism was influenced by and in turn influenced the United States where Reid s influence was appreciable both as a trustee of Westminster Seminary for thirty seven years and as editor at large of the nascent Christianity Today W Stanford Reid is a

Bruce Douville, 2021-05-20 In The Uncomfortable Pew Bruce Douville explores the relationship between Christianity and the New Left in English Canada from 1959 to 1975 Focusing primarily on Toronto he examines the impact that left wing student radicalism had on Canada's largest Christian denominations and the role that Christianity played in shaping Canada's New Left Based on extensive archival research and oral interviews this study reconstructs the social and intellectual worlds of young radicals who saw themselves as part of both the church and the revolution Douville looks at major communities of faith and action including the Student Christian Movement Kairos and the Latin American Working Group and explains what made these and other groups effective incubators for left wing student activism He also sheds light on Canada's Roman Catholic Anglican and United churches and the ways that progressive older Christians engaged with radical youth and the issues that concerned them including the Vietnam War anti imperialism around the globe women's liberation and gay liberation Challenging the idea that the New Left was atheistic and secular The Uncomfortable Pew reveals that many young activists began their careers in student Christian organizations and these religious and social movements deeply influenced each other While the era was one of crisis and decline for leading Canadian churches Douville shows how Christianity retained an important measure of influence during a period of radical social change **Puritanism and Historical Controversy**
