Política De Luta:

Soberania Popular e Razão Política Onelio Trucco, 2016-04-13 La cuestión en torno a la constitución de la soberanía origina creemos tres preguntas acerca el uso legítimo del poder quién cómo y por qué Nos parece que en torno a estas tres preguntas en una trama de diferenciaciones y matices que forman una red dispersa se continúan articulando las respuestas de las diversas posiciones que en filosofía política intentan componer la diversidad con la unidad La idea de democracia moderna nace con una sospecha sobre su viabilidad Rousseau es el primero que formula esa precaución como problema central Hegel la refina y Marx la radicaliza Desde entonces deviene una sucesión de interrogantes que perduran hasta la actualidad En este libro intentamos desarrollar una articulación de esas cuestiones en la actualidad teniendo como centro la noción de soberanía popular mediante la confrontación de tres posiciones acerca la democracia y la razón política Esas tres posiciones son las de J Habermas J Rawls y Ch Taylor

The Colonization of the Amazon Anna Luiza Ozorio de Almeida, 2010-07-22 Deforestation in the Amazon one of today's top environmental concerns began during a period of rapid colonization in the 1970s Throughout that decade Anna Luiza Ozorio de Almeida a Stanford trained economist conducted a complex and massive economic study of what was going on in the Amazon who was investing what what was gained and what it cost in all its aspects The Colonization of the Amazon the resulting work brings together information on the physical demographic institutional and economic dimensions of directed settlement in the Amazon Basin and raises significant questions about the gains and losses of the settlers the reasons for these outcomes and the economic rationale behind the devastation of the rainforest Particularly illuminating is Almeida's exploration of the role of the frontier in Brazil and her distinction between types of migrants and migrations She concludes that the political costs avoided by not undertaking agrarian reform are being paid by devastating the Amazon with the conflict between distribution and conservation steadily worsening Today it can no longer be circumvented

HISTÓRIA POLÍTICA DO BRASIL Shawn Armstrong, 2025-04-02 Preparando o cenário o cenário político do Brasil O cenário político do Brasil caracterizado por uma significativa diversidade geográfica e demográfica com temas profundamente enraizados como desigualdade clientelismo e autoritarismo moldando sua governança Os contextos históricos revelam um legado de estratificação racial e o impacto da

escravidão influenciando a participação e a representação política contemporâneas Capítulo 1 Estruturas políticas indígenas A governança indígena no Brasil marcada por sistemas descentralizados, laços de parentesco e práticas de construção de consenso A introdução da escravidão durante os tempos coloniais estabeleceu hierarquias raciais que persistem até hoje Os jesuítas desempenharam um papel notável na educação indígena enquanto o governo centralizado emergiu durante o período colonial levando a tensões entre as autoridades regionais e centrais Capítulo 2 A Implantação da República Brasileira A derrubada do imperador Dom Pedro II em 1889 marcou a transição para uma república repleta de instabilidade política dependência econômica das exportações de café e frequentes mudanças de governo A ascensão de Getúlio Vargas introduziu o intervencionismo estatal e as reformas trabalhistas solidificando seu legado como líder populista apesar das críticas subsequentes Capítulo 3 Ditadura Militar 1964-1985 O golpe militar de 1964 foi alimentado pela instabilidade política, desafios econômicos e temores do comunismo O envolvimento dos EUA exacerbou a situação levando a um regime marcado pela repressão e narrativas de segurança nacional que justificavam medidas autoritárias Capítulo 4 Democratização pós-ditadura 1985 presente A transição para a governança civil em 1985 deu início a um processo gradual de democratização Os principais desenvolvimentos incluem a eleição de Tancredo Neves e o estabelecimento da Constituição de 1988 que consagrou os direitos fundamentais e o poder descentralizado No entanto, desafios como escândalos de corrupção, principalmente a Operação Lava Jato, testaram as instituições democráticas e a confiança do público Clima político atual Nos últimos anos, houve mudanças significativas no ambiente político do Brasil A Operação Lava Jato revelou ampla corrupção levando ao impeachment da presidente Dilma Rousseff e a ascensão de Jair Bolsonaro em 2018 O governo Bolsonaro tem sido marcado por políticas de extrema direita, descontentamento público com a instabilidade econômica, preocupações ambientais com a Amazônia e respostas controversas à pandemia de COVID-19 Principais desafios O Brasil enfrenta problemas contínuos incluindo desigualdade econômica, degradação ambiental e corrupção A interação entre mídia social e política intensificou a polarização enquanto influenciava a opinião pública As altas taxas de desemprego contribuem ainda mais para a instabilidade política exigindo reformas institucionais para restaurar a confiança do público e aumentar o engajamento cívico Conclusão O cenário político do Brasil moldado por sua complexa história de estruturas de governança, movimentos sociais e lutas contínuas pela consolidação democrática A evolução do regime autoritário para as práticas democráticas atuais reflete tanto o progresso quanto os desafios persistentes que definirão a futura trajetória política do Brasil

COLETA NEA GEPOS Iraildes Caldas Torres, Karla Patrícia Palmeira Frota, 2017-01-09 A existência da mulher indígena na mitologia um caso labirintado que nem sempre nos deixa tirar conclusões lógicas Esta peremptória afirmativa nos permite inferir que em se tratando da mulher satermaw, não possivelmente conhecermos o seu valor dentro da etnia se localizarmos a inscrita capaz de nos levar até o rastro onde se firma o ethos feminino Tecer fina tessitura sobre o ethos da mulher satermaw, supõe recompor o conjunto de valores arquetípicos que vicejam no dorso do contemporâneo e que pulsam nas veias da tradição como um escuro potencialmente capaz de ver a luz
