which were published by Cham used argot to create highly sexualised images that were often racist in nature In contrast the volume proposes that Daumier used slang in his caricatures to challenge racism and to make secret reference to current political leaders and politics The book will be of interest to scholars working in art history visual culture media studies and communication studies

Anthony Lodge,2004-02-26 This book examines the interlinked history of Parisian speech and the Parisian population **The Aesthetics of Clarity and Confusion** Geoffrey A. Baker,2016-12-22 What should literature with political aims look like This book traces two rival responses to this question one prizing clarity and the other confusion which have dominated political aesthetics since the late nineteenth century Revisiting recurrences of the avant garde experimentalism versus critical realism debates from the twentieth century Geoffrey A Baker highlights the often violent reductions at work in earlier debates Instead of prizing one approach over the other as many participants in those debates have done Baker focuses on the manner in which the debate itself between these approaches continues to prove productive and enabling for politically engaged writers This book thus offers a way beyond the simplistic polarity of realism vs anti realism in a study that is focused on influential strands of thought in England France and Germany and that covers well known authors such as Zola Nietzsche Arnold Mann Brecht Sartre Adorno Luk cs Beauvoir Morrison and Coetzee **The Dance of Death** Dubem Okafor,1998 Christopher Okigbo 1932 1967 was one of Africa s foremost poets until his life was cut short by the Biafran civil war This work analyses his poetry and considers its importance as prophecy in the light of the current concern about the direction of the Nigerian government **Linguistic Change in French** Rebecca Posner,1997 What is French and how has it changed over time Can we distinguish language history from historical linguistics and language change from linguistic change These questions are explored using copious material from the history of the French language concentrating on changes in the relatively modern period in particular Posner explains how change comes about and how changes at different levels of language interact and the role of sociological and ideological factors is set against the internal mechanisms that trigger change This work makes a substantial contribution to the theory of linguistic change as well as to discussion of the relationship between language and history in French speaking areas including Canada and French Creole speaking countries *Minstrelsy and Murder* Andrew Silver,2006-02-01 In *Minstrelsy and Murder* Andrew Silver locates the foundation of the

South's dark humor in the great and violent cultural upheavals of the nineteenth century Examining the connection between comic victimization and real acts of aggression Silver shows southern humor to be a product not of America's wholeness and national unity but of its internal fears divisiveness and perpetual civil strife He focuses on the work of southern writers Augustus B Longstreet George Washington Harris Charles Chesnutt and Mark Twain exploring a strain of regional humor that runs counter to the more familiar American comic tradition A profound distress about class emerges clearly in Silver's reading of Longstreet's Georgia sketches just as Harris's post Civil War stories reveal an escalating anger toward Yankees emancipated African Americans and upstart women Twain and Chesnutt however mark a turning point for southern humor Silver argues By resisting entrenched comic elements of racist acts of violence and instead using narratives that turn upon and expose the destructive power of racist typing they created humor that both wounds and dares to speak of wounds With engaging critical discussion of race class and gender Silver investigates the cultural fears that southern popular comedy of the 1800s addresses as well as the various forms and voices it employed Yankee humor minstrelsy sentimental fiction political broadsides Ku Klux Klan sketches frontier humor and sadistic slapstick He shows how southern humor as the product of middle class authors who were at once outraged and eminently practical revolutionary and conformist anti authoritarian and craving the approval of authorities evolved into a genre at war with itself stifling laughter by unearthing the trauma at the core of the comic

Charles Bally (1865-1947) Jean-Louis Chiss, 2006 Cet ouvrage s'inscrit dans le cadre des recherches en histoire des théories linguistiques et didactiques. Centre sur une œuvre celle de Charles Bally, il s'est construit à partir des questions qu'elle nous pose et que nous posons à travers elle. Le terme d'historicité dans le titre vient rappeler qu'au-delà des conditions de production du discours de Bally de son contexte historique géographique épistémologique et culturel les problématiques mises en place n'ont pas épuisé tant s'en faut leur énergie questionnante. Qu'il s'agisse de la stylistique de la perspective énonciative et sociologique de l'apprentissage et de l'enseignement des langues ce théoricien du langage n'est plus à tirer de l'oubli de l'indifférence ou de la marginalisation. L'ambition est certes ici d'explorer plus avant telle facette de l'œuvre d'un grand linguiste mais surtout de montrer que son travail s'inscrit à la confluence de problématiques essentielles pour la linguistique la didactique des langues et les sciences humaines les relations entre pensée et langage entre langue et littérature le sujet dans la langue le système et ses variations la langue à enseigner et à apprendre. Organisées en quatre ensembles Théorie générale et éléments de réception Débats sur la stylistique Problématiques énonciatives et sociolinguistiques Langue société et école les contributions du présent volume dessinent un continuum marqué de multiples recurrences comme si chacune d'elles disait à la fois la spécificité d'une prise et la nécessité d'un point de vue synthétique.
