Psychology Through the Eyes of Faith - Lessons from the Past David G. Myers, 2002

The Outrageous Idea of Christian Scholarship George M. Marsden, 1997 In this book Marsden argues forcefully that mainstream American higher education needs to be more open to explicit expressions of faith and to accept what faith means in an intellectual context

Instructor's Manual for Psychology Through the Eyes of Faith Wayne D. Norman, 1987* **Exploring Psychology and Christian Faith** Paul Moes, Donald J. Tellinghuisen, 2023-07-11 Drawn from more than sixty years of classroom experience this introductory guide provides students with a coherent framework for considering psychology from a Christian perspective Paul Moes and Donald Tellinghuisen explore biblical themes of human nature in relation to all major areas of psychology showing how a Christian understanding of humans can inform the study of psychology The first edition has proven to be a successful textbook with over 11 000 copies sold The second edition has been updated and revised throughout based on student and instructor feedback Brief accessible chapters correspond to standard introductory psychology textbooks making this an excellent supplemental text The book includes end of chapter questions An updated test bank for professors is available through Textbook eSources

Scholarship and Christian Faith Douglas Jacobsen, Rhonda Hustedt Jacobsen, 2004-04-08 This book enters a lively discussion about religious faith and higher education in America that has been going on for a decade or more During this time many scholars have joined the debate about how best to understand the role of faith in the academy at large and in the special arena of church related Christian higher education The notion of faith informed scholarship has of course figured prominently in this conversation But argue Douglas and Rhonda Jacobsen the idea of Christian scholarship itself has been remarkably under discussed Most of the literature has assumed a definition of Christian scholarship that is Reformed and evangelical in orientation a model associated with the phrase the integration of faith and learning The authors offer a new definition and analysis of Christian scholarship that respects the insights of different Christian traditions e g Catholic Lutheran Anabaptist Wesleyan Pentecostal and that applies to the arts and to professional studies as much as it does to the humanities and the natural and social sciences The book itself is organized as a conversation Five chapters by the Jacobsens alternate with four contributed essays that sharpen illustrate or complicate the material in the preceding chapters The goal is both to map the complex terrain of Christian scholarship as it actually exists and to help foster better connections between Christian scholars of differing persuasions and between Christians and the academy as a whole

Joining the Mission Susan VanZanten, 2011-02-18 Joining the Mission is a helpful guide for new and experienced faculty at religious colleges and universities Susan VanZanten here provides an orientation to the world of

Christian higher education and an introduction to the academic profession of teaching scholarship and service with a special emphasis on opportunities and challenges common to mission driven institutions From designing a syllabus to dealing with problem students from working with committees to achieving a balanced life VanZanten s guidebook will help faculty across the disciplines Art to Zoology and every subject between understand better what it means to pursue faithfully a vocation as professor Susan VanZanten s *Joining the Mission* is an exceptional resource for all faculty members at Christian colleges and universities While it is a very practical guide to teaching at a university the book also helps the reader understand and wrestle with the nuances of what it means to be a faculty member at a mission driven institution I appreciate VanZanten s contribution to articulating why mission is important at our institutions why we care about it so much and how we can better accomplish it Thomas Cedel President Concordia University Texas

The Noetic Effects of Sin Stephen K. Moroney, 2000-01-01 Stephen Moroney s fascinating study examines the frequently neglected topic of the noetic effects of sin a phenomenon in which sin distorts human thinking Drawing on the detailed models formulated by John Calvin Abraham Kuyper and Emil Brunner Moroney sets forth a more contemporary model of the subject He extends beyond all previous views by relating the noetic effects of sin to the complex and unpredictable interaction between the object of knowledge and the knowing subject Moroney also further examines some of the implications of the noetic effects of sin for the rationalist theology of Wolfhart Pannenberg and the Reformed epistemology of Alvin Plantinga and Nicholas Wolterstorff Lastly Moroney undertakes an interdisciplinary study of what social psychology and Christian theology contribute to our understanding of the noetic effects of sin An invaluable addition to current conversations on theology and epistemology *The Noetic Effects of Sin* will be of interest to scholars of theology religion and social psychology

Integrative Approaches to Psychology and Christianity, Fourth Edition David N. Entwistle, 2021-11-03 Since the first edition of *Integrative Approaches to Psychology and Christianity* was published in 2004 this has become the standard textbook on the topic Now in its fully revised fourth edition Dr Entwistle s book elucidates historical philosophical and practical issues in the integration of psychology and Christianity As in previous editions the current text provides an introduction to many of the worldview issues and philosophical foundations that frame the relationship of psychology and theology includes scholarly reflection on the integration literature and surveys six models of possible relationships between psychology and Christianity ranging from those that are completely opposed to either religion or psychology to intermediate models that assert that some limited interaction between them is possible to viewpoints which suggest that a Christian worldview approach can be used to provide a context for exploring areas of overlapping interest between psychology and Christianity The current edition considers recent advances in both Catholic and Protestant thinking on integration including contemporary questions about what evangelicalism is and is not that shape evangelical reactions to the integration debate New content ranges from information about the contrasting views of Tertullian and Augustine to insights from contemporary psychology about factors that

adversely affect the quality and reliability of human thinking to how conflict over COVID 19 has entered contemporary religious debate The book is designed to help readers become aware of the presuppositional backdrops that each of us brings to these issues Questions at the end of each chapter are included to help readers evaluate both the material and their own burgeoning approach to integration This book is ideal as a textbook for students of psychology and other behavioral and social sciences social work sociology theology counseling pastoral counseling at both the graduate and undergraduate level It is also written for the broader readership of psychologists counselors pastors and others who are interested in integration
