Contractor Agreements Stephen Fishman, 2023-09-26 Get Your Contract in Writing With the rise of the gig economy, independent contractor arrangements are more common than ever. Whether you're an independent contractor or a business hiring one to work for you, a written agreement will help to protect your rights, define expectations, and prove that there's no employer-employee relationship. Included are customizable agreements for independent contractors and freelancers in a multitude of fields such as sales, accounting, software, consulting, and construction. Along with the agreements, you'll find detailed instructions on how to draft a binding agreement, define a project's scope, preserve confidentiality, distinguish between employees and independent contractors, protect your intellectual property, amend your agreement, and satisfy IRS requirements. Each chapter has two agreements: one geared towards the independent contractor and one geared towards the business hiring an independent contractor. The 11th edition is completely updated to provide the latest rules and regulations.
