**The Political Economy of the American Revolution** Nancy Spannaus, Christopher White, Alexander Hamilton, Thomas More, Henry VIII, Thomas Gresham, John Milton, Jean Bodin, Benjamin Franklin, Gottfried Wilhelm Leibniz, George Washington, 2015-09-04 Do You Know What the American System Of Economics is All About Most

Americans actually don't and it's not because they are actually stupid. It's because there's been a systematic suppression of the truth to the point where it's been written out of the history books and schools throughout the nation. The Political Economy of the American Revolution was first published in 1977 in order to revive the truth about American history. Newspaper editor Nancy Spannaus and historian Christopher White assembled the crucial writings which defined the American System as a continuation of the Italian Golden Renaissance tradition and a war against British imperialism and free trade. They produced a book of readings which served as an assault on the Treason School of American history. This new edition adds some crucial materials but its guts are the same: the works of Alexander Hamilton and his French predecessor Jean Baptiste Colbert. These are writings you either can't find anywhere else or which are hard to find. They are supplemented by introductory essays by Spannaus and White. The scholar and the conscientious citizen will find this book indispensable. The American war against British imperialist methods continues today and must be won. AMERICAN REVOLUTION
