Abduction Files Nick Redfern, 2018-11-01 Why and how the government monitors those who have been kidnapped by strange unearthly beings with even stranger agendas from the author of Final Events For decades people have reported close encounters with extraterrestrial entities Witnesses describe being kidnapped by large headed black eyed creatures from other worlds Those same creatures have become popularly known as the Grays There is however another aspect to the alien abduction controversy Abductees very often report being followed and spied upon by military and government personnel It is typical for abductees to see black helicopters hovering directly over their homes in an intimidating manner Phone calls are monitored Emails are hacked into Strange men dressed in black suits are seen photographing the homes of the abductees All of this brings us to the matter of what have become known in the domain of alien abduction research as Military Abductions or MILABS According to numerous abductees after being kidnapped by aliens they are kidnapped again by the government These follow up events are the work of a powerful group hidden deep within the military and the intelligence community It is the secret agenda of this highly classified organization to figure out what the so called Grays are really up to And the best way for the government to get the answers is to interrogate those who have come face to face with the UFO phenomenon the abductees Why is the government secretly compiling files on alien abductees Is the alien abduction issue so sinister that it has become a matter of national security proportions **Invasion from Beyond** Pasquale De Marco, 2025-08-09 Embark on

Bunk Kevin Young, 2017-11-14 Longlisted for the National Book Award for Nonfiction There Kevin Young goes again giving us books we greatly need cleverly disguised as books we merely want Unexpectedly essential Marlon James Award winning poet and critic Kevin Young tours us through a rogue s gallery of hoaxers plagiarists forgers and fakers from the humbug of P T Barnum and Edgar Allan Poe to the unrepentant bunk of JT LeRoy and Donald J Trump Bunk traces the history of the hoax as a peculiarly American phenomenon examining what motivates hucksters and makes the rest of us so gullible Disturbingly Young finds that fakery is woven from stereotype and suspicion race being the most insidious American hoax of all He chronicles how Barnum came to fame by displaying figures like Joice Heth a black woman whom he pretended was the 161 year old nursemaid to George Washington and What Is It an African American man Barnum professed was a newly discovered missing link in evolution Bunk then turns to the hoaxing of history and the ways that forgers plagiarists and journalistic fakers invent backstories and falsehoods to sell us lies about themselves and about the world in our own time from pretend Native Americans Grey Owl and Nasdijj to the deadly imposture of Clark Rockefeller from the made up memoirs of James Frey to the identity theft of Rachel Dolezal In this brilliant and timely work Young asks what it means to live in a post factual world of truthiness where everything is up for interpretation and everyone is subject to a pervasive cynicism that damages our ideas of reality fact and art

They Know Us Better Than We Know Ourselves Bridget Brown, 2007-08-01 What s really behind Americans persistent belief in alien abductions Since its emergence in the 1960s belief in alien abduction has saturated popular culture with the ubiquitous image of the almond eyed alien appearing on everything from bumper stickers to bars of soap Drawing on interviews with alleged abductees from the New York area Bridget Brown suggests a new way for people to think about the alien phenomenon one that is concerned not with establishing whether aliens actually exist but with understanding what belief in aliens in America may tell us about our changing understanding of ourselves and our place in the world They Know Us Better Than We Know Ourselves looks at how the belief in abduction by extraterrestrials is constituted by and through popular discourse and the images provided by print film and television Brown contends that the abduction phenomenon is symptomatic of a period during which people have come to feel increasingly divested of the ability to know what is real or true about themselves and the world in which they live The alien abduction phenomenon helps us think about how people who feel left out create their own stories and fashion truths that square with their own experience of the world
