Hartie,2021-07-26 Dr Faith on Faith The Realities is an inspirational read on the power and the impact of faith in the lives of everyday people and beyond The focus is how we interact with ourselves during our self to self and our self to others life moments The human experiences shared are compelling but still relatable and adaptable for most The internal invisible and foundational faith we inherently possess ignites many psychological and physiological sentiments in us as we proceed to formulate various aspects of our global society here on earth Numerous challenges of the social political economical and emotional strata perpetuate reactions warranting expressed behaviors of love devastation hatred community struggle apathy empathy sympathy tolerance and indulgence The human race s prospective on faith s potency and significance in life can undoubtedly influence and or deter one s direction or chosen path of action Your ideologies trust belief conviction and confidence serve as the fundamental pillars of your faith indoctrination Christianity Catholicism Judaism Jehovah Hinduism Buddhism or Islam the above mentioned and numerous other communities are true believers in the Higher Power and the generational doctrines are deeply rooted in the faith practices Phenomenal acts of faith are recorded in history from BC to AD Miracles and inexplicable acts that have changed the world are still occurring Most kingdoms countries and continents have been affected and effected by the power and determination of faith warriors and the power of the Almighty Men women boys and girls around the world are influenced by generational faith practices religious doctrines and human interactions This account of faith power is written to uphold and promote the undeniable strength capacity fortitude sanctity and gratifying spirituality that your faith provides in each and every aspect of your life Faith rules      **The Realities of Faith. The Revolution in Cultural Forms....** Bernard Eugene Meland (théologien).),1962      **Faith Facing Reality** John W. de Gruchy,2022-10-21 The COVID 19 pandemic and the war in Ukraine have starkly reminded us of the realities that threaten our future on planet Earth Christian faith is not a way of escaping these realities but of engaging them in the struggle for justice and peace motivated by love enabled by faith and sustained by hope This is based on the conviction that in Jesus Christ the reality of God has become redemptively embodied within the reality of the world Written within the context of South Africa but with global vision and in conversation with the legacy of Dietrich Bonhoeffer this book is an attempt to stir up discussion and inform action in connecting worldly and transcendent reality Inevitably this will be controversial not least because that is something that Bonhoeffer risked This is certainly true when it comes to the five realities that provide much of the book s substance the persistence of racism the will to power scientism and soulless technology the conflict in Israel Palestine and the threat of wars and pandemics Is it possible to believe in the God of Jesus Christ in such a world If so what does that mean and how does it help us live creatively redemptively and faithfully To answer these questions the author examines the meaning of faith the human desire for

Agoha ,2016-09-27 Faith is the foundation on which the Christian life is built the one indispensable condition for any meaningful relationship with God Yet so few Christians live the empowered life available to them through an understanding of faith More than simply a dry concept one hears preached on Sunday morning faith should play a key role in every Christian s life for it is the way to realize God s purpose and blessings Many Christians wonder why they fail to manifest God s blessings in their lives Agoha reveals the answer failure to have appropriate faith In practical terms Agoha teaches how a believer must boldly declare the blessings and provisions he or she has perceived from God s Word and then act upon that declaration in order to receive Christians will reap the abundance of God s blessings as well as command an arsenal of spiritual weapons when they learn to exercise faith Faith Works Miracles Patrick Kibui,2016-01-14 Everything in God s Kingdom functions by the principle of faith and Christian life is a life of faith However to successfully function in this realm of life you must live by the principle of faith This

The Faith of Emerson Daniel A. Campana, 2023-09-11 In The Faith of Emerson American Transcendentalism Kantian Epistemology and Vedantic Thought Daniel A Campana makes the case for seeing Emerson as a prophet for a new concept of religious faith that transcends the boundaries of particular religious traditions By tracing Emerson s intellectual development from his early years to his last works Campana demonstrates the progression in Emerson s thought from a dogmatic to a dynamic sense of living faith He presents Emerson s synthesis of Kantian and Vedantic philosophies as the key to understanding his life and works from a new perspective forging a novel connection between Emerson s transcendental idealism and developments in contemporary analytic philosophy of religion In both cases post Kantian epistemology provides the impetus for a notion of faith as an active interpretive process that is not bound to religious truth claims Vedantic monism supplies an image for how one might understand this interpretive process in its larger metaphysical context This book provides us a vision of life as participation in a narrative greater than ourselves a narrative that may be spoken of in the language of various religious traditions but is not constrained to any one
