## **Reason Diminished Shakespeare And The Marvelous Modern German Culture Literature:**

*Shakespeare and Renaissance Literary Theories* Professor Michele Marrapodi, 2013-05-28 Throwing fresh light on a much discussed but still controversial field this collection of essays places the presence of Italian literary theories against and alongside the background of English dramatic traditions to assess this influence in the emergence of Elizabethan theatrical convention and the innovative dramatic practices under the early Stuarts Contributors respond anew to the process of cultural exchange cultural transaction and generic intertextuality involved in the debate on dramatic theory and literary kinds in the Renaissance exploring with special emphasis on Shakespeare's works the level of cultural appropriation contamination revision and subversion characterizing early modern English drama Shakespeare and Renaissance Literary Theories offers a wide range of approaches and critical viewpoints of leading international scholars concerning questions which are still open to debate and which may pave the way to further groundbreaking analyses on Shakespeare's art of dramatic construction and that of his contemporaries

*Reason Diminished* Peter G. Platt, 1997-01-01 Reason Diminished examines the power that wonder wields over reason in Shakespeare's late plays both philosophically and dramaturgically Peter Platt posits that in these famous plays wonder and the marvelous are assigned preeminent positions over reason and order In fact Platt argues that the marvelous played a crucial role in Renaissance culture as a whole The book opens by surveying theories of wonder from Aristotle's Poetics and Metaphysics through the writings of Renaissance theorists A crucial chapter examines the many ways that the Renaissance attempted to bring the marvelous to bear on the world around it The next two chapters look at the tension between realism and the marvelous in Elizabethan fiction and the theatrical tradition of the masque Part of the book examines the role of wonder and the marvelous in Shakespeare's romances Pericles Cymbeline The Winter's Tale and The Tempest Shakespeare's romances writes Platt represent various experiments with the marvelous Platt argues that late Shakespeare invites the spectators to engage in and in some cases to shape the marvels on the stage before them A persuasive and resourceful study of some of Shakespeare's most celebrated works Reason Diminished will add significantly to the ongoing reassessment of Shakespeare's plays and the world in which they took shape
