Reason Revelation And The Foundations Of Political Philosophy:

Reason, Revelation, and the Foundations of Political Philosophy James V. Schall, 1987 **Reason, Revelation, and the Foundations of Political Philosophy** James V. Schall (s.j.), 1987 **The Nature of Political Philosophy** James V. Schall, 2022-10-02 In his final collection of essays Father Schall explores the life of faith across a dazzling array of subjects from Martin Luther to bioethics With his characteristic patience brilliance and careful tenacity Father Schall interrogates profoundly what it means to try to be a citizen of the Kingdom of God in the city of Man Never shying away from controversy across 14 articles and 4 book reviews Father Schall investigates the critical themes of his life and scholarship reason and revelation the nature of modernity literature and salvation metaphysics and politics and much more Whether the reader is new to Father Schall or a longtime student this posthumously published collection of essays offers a profound meditation on the nature of political philosophy and particularly what it would mean for Catholicism to offer a political philosophy From such fundamental considerations Schall explores ethical literary and legal themes displaying his typical breadth and depth of engagement with all that is real Ultimately Father Schall leads one on a Socratic enterprise an education whereby one comes to question for oneself basic assumptions and to dig deeper into the first principles as they are recalled in the orders of knowledge and being While Father Schall has passed on to his reward this collection of essays helps ensure that his lessons continue to guide challenge and enrich students for generations to come *Roman Catholic Political Philosophy* James V. Schall, 2006-08-01 In *Roman Catholic Political Philosophy* author James V Schall tries to demonstrate that Roman Catholicism and political philosophy revelation and reason are not contradictory It is his contention that political philosophy the primary focus of the book asks certain questions about human purpose and destiny that it cannot by itself answer Revelation is the natural complement to these important questions about God human being and the world Schall manages to avoid polemicism or triumphalism as he shows that revelation and political thought contribute to a fuller understanding of each other

Liberty, Wisdom, and Grace John Hittinger, 2002-01-01 *Liberty Wisdom and Grace* is a comprehensive survey of the Thomists contributions to contemporary political thought as well as a detailed analysis of their approach to democracy

Leo Strauss Kenneth L. Deutsch, Walter Nicgorski, 1994 In this book 19 prominent representatives of each side in the basic division among Strauss s followers explore his contribution to political philosophy and Jewish thought The volume presents the most extensive analysis yet published of Strauss s religious heritage and how it related to his work and includes Strauss s previously unpublished *Why We Remain Jews* an extraordinary essay concerned with the challenge posed to Judaism by modern secular thought The extensive introduction interrelates the major themes of Strauss s thought

Culture and the Thomist Tradition Tracey Rowland, 2003-09-02 *Culture and the Thomist Tradition* examines the crisis of Thomism today as thrown into relief by Vatican II and synthesises the theological critiques of modernity to be found in the works of Alasdair MacIntyre and the Radical Orthodoxy circle *Leo Strauss and His Catholic Readers* Geoffrey M.

Vaughan,2018-05-11 This book looks at the work and influence of Leo Strauss in a variety of ways that will be of interest to readers of political philosophy It will be of particular interest to Catholics and scholars of other religious traditions Strauss had a great deal of interaction with his contemporary Catholic scholars and many of his students or their students teach or have taught at Catholic colleges and universities in America Leo Strauss and His Catholic Readers brings together work by scholars from two continents some of whom knew Strauss one of whom was his student at the University of Chicago The first section of essays considers Catholic responses to Strauss s project of recovering Classical natural right as against modern individual rights Some of the authors suggest that his approach can be a fruitful corrective to an uncritical reception of modern ideas Nevertheless most point out that the Catholic cannot accept all of Strauss s project The second section deals with areas of overlap between Strauss and Catholics Some of the chapters explore encounters with his contemporary scholars while others turn to more current concerns The final section approaches the theological political question itself a question central to both Strauss s work and that of the Catholic intellectual tradition This section of the book considers the relationship of Strauss s work to Christianity and Christian commitments at a broader level Because Christianity does not have an explicit political doctrine Christians have found themselves as rulers subjects and citizens in a variety of political regimes Leo Strauss s return to Platonic political philosophy can provide a useful lens through which his Catholic readers can assess what it means for there to be a best regime Jacques Maritain James V. Schall,1998 The engaging and inquiring mind of French philosopher Jacques Maritain reflected on subjects as varied as art and ethics theology and psychology and history and metaphysics Maritain s work on the theoretical groundings of politics arose from his diverse studies In this book distinguished theologian and political scientist James V Schall explores Maritain s political philosophy demonstrating that Maritain understood society state and government in the tradition of Aristotle and Aquinas of natural law and human rights and duties Schall pays particular attention to the ways in which evil appears in political forms and how this evil can be morally dealt with Schall s study will be of great importance to students and scholars of political science philosophy and theology **On the Unseriousness of Human Affairs** James V. Schall,2023-05-02 In this wise and witty book acclaimed author James Schall illuminates a fundamental truth that will shock ceaselessly busy and ambitious Americans human affairs are unserious Following Plato Schall shows why singing dancing playing contemplating and other useless human activities are not merely forms of escape but also indications of the freedom in and for which men and women were created The joy that accompanies leisure festivity and conviviality he demonstrates gives us a glimpse of the eternal On the Unseriousness of Human Affairs offers a vital message that is truly countercultural The Mind That Is Catholic James V. Schall,2011-01-30 In this wide ranging collection of philosophical essays the acclaimed Catholic intellectual presents his vision of Catholic thought applied in the world In The Mind That Is Catholic political philosopher and Catholic intellectual James V Schall presents a retrospective collection of his academic and literary essays written in the past fifty years In these essays exploring

topics from war to friendship philosophy politics and everyday living Schall exemplifies the Catholic mind at its best According to Schall the Catholic mind seeks to recognize a consistent and coherent relation between the solid things of reason and the definite facts of revelation It seeks to understand how they belong together each profiting from the other It respects what can be known by faith alone but does not exclude the intelligibility of what is revealed In these contemplative and insightful essays Schall shares a lifetime of study in political philosophy a wide ranging discipline and perhaps the most vital context in which reason and revelation meet Father James V Schall is one of the few renaissance men still among us His knowledge of various areas of reality and human endeavor is encyclopedic Kenneth Baker S J editor Homiletic Pastoral Review

Personalism for the Twenty-First Century Thomas W. Holman, Richard Avramenko, 2025-02-15 The noted professor David Walsh has called for a new personalist language of persons with vast implications in a variety of academic fields Moving away from a language that refers to persons as things and seeks to find connections and relations within all of us In *Personalism for the Twenty First Century Essays in Honor of David Walsh* a diverse group of scholars apply and extend Walsh s unique personalist approach to political theory theology and current events It is a collection of refreshingly original essays for those interested in exploring the potential of a renewed personalist thought for addressing the crises of our afflicted age

The Structure of Political Thought Charles N. R. McCoy, 2017-07-05 Originally published in 1963 this classic book is a rethinking of the history of Western political philosophy Charles N R McCoy contrasts classical medieval principles against the hypotheses at the root of modern liberalism and modern conservatism In Part I *The Classical Christian Tradition* from Plato to Aquinas the author lays the foundation for a philosophical structure capable of producing constitutional liberty Part II *The Modern Theory of Politics* from Machiavelli to Marx attempts to show beginning with Machiavelli the reversal and destruction of the pre modern structure postulated in Part I McCoy stresses the great contributions of Aristotle to political thought found in his more familiar *Ethics* and *Politics* but also includes key insights drawn from *Metaphysics* and *Physics* These contributions are developed and perfected McCoy argues by Augustine and Aquinas Two other important features include McCoy s epistemological insights into Plato s work that will be new to many readers and the author s juxtaposition of traditional natural law with the modernized theory of natural law The modern account of autonomous natural law in McCoy s view helps explain the totalitarian direction of key aspects of modern political thought This classic volume on the origins of modern philosophical thought remains a standard in the field

The Differentiation of Authority James Greenaway, 2012-04-04 In this study James Greenaway explores the philosophical continuity between contemporary Western society and the Middle Ages Allowing for genuinely modern innovations he makes the claim that the medieval search for order remains fundamentally unbroken in our search for order today

present their invaluable insight into the rapid land reform strategy implemented in Armenia Unique among the former Soviet Republics the entire agricultural sector of this country shifted from collective large scale farm enterprises to individual production in 1992 The authors pay special attention to the commercialization of private farms and their access to supply and marketing channels outside the old state controlled system Family incomes from farming and off farm sources are discussed as well as problems of rural social services and social infrastructure The authors demonstrate how official statistical measures and record keeping practices in Armenia do not adequately account for this dramatic transition *The Politics of Truth and Other Untimely Essays* Ellis Sandoz,1999 This volume explores the historical and theoretical underpinnings of personal liberty and free government and provides an analysis of the crisis of civic consciousness endangering both

Francis Bacon's New Atlantis in the Foundation of Modern Political Thought Kimberly Hurd Hale,2013-10-10 Francis Bacon long considered a minor figure in the founding of modern political thought is now recognized as one of its foremost thinkers Bacon not only championed a new type and method of scientific inquiry he also developed a plan for how modern society could be re ordered to accommodate and promote scientific progress Bacon s scientific writings cannot be wholly understood apart from his political writings and many of his works combine the two topics so subtly that it is difficult to even place them in a definitive category in this book Kimberly Hurd Hale identifies the thread in Bacon s body of work that links modern science and liberalism Hale provides a detailed analysis of New Atlantis examining Bacon s place in the founding of modern political philosophy and the ways he relates to Plato Machiavelli and Hobbes Hurd argues that Bacon s demonstration of scientific rule in the New Atlantis is not meant as a blueprint for modern society rather it shows us the dangers of a scientific society devoid of liberty By examining what is troubling about the New Atlantis this book explains what problems lead to the emergence of Atlantean societies i e societies that are prosperous ambitious and doomed It shows that Bacon s portrait of Bensalem may provide the light necessary to guide those of us living in a world shaped by modern science through the dangerous seas **A Thomistic Tapestry** ,2021-12-28 This book written by well known students of
