Roth, 2016-01-20 Why is the history of communism in a country at the bottom of the African continent still important enough to warrant this book South Africa is one of the few countries in the world that still has a strong communist party whose views are not only taken into account by the government but whose members hold important positions in both the cabinet and in government offices This is the first account of the history of the Communist Party of South Africa based on archival sources The initial accounts were written by party members and had very little to do with reality The months that Mia Roth spent in the newly opened Russian and South African Archives in 1998 and the number of years she spent in writing it revealed to her not only the racism in the South African party but also the role it played in destroying the ICU the only genuine African mass movement of that time Its depiction of the part played by African communists was only a facade **WITS: The 'Open'**

doors to other races and whites in particular And what did non racialism mean This is the real miracle of South Africa that at the height of white supremacy and repression black and white democrats in their different organisations coming from vastly different backgrounds and traditions agreed on one thing that the future for South Africa would be non racial **Red Road to Freedom** Tom Lodge,2022 Definitive and gripping narrative history of the Communist Party of South Africa General Catalogue of Printed Books British Museum. The Fires Beneath Seán Morrow, 2016-06-01 The life of Monica Wilson is a story of groundbreaking scholarship passionate creativity and personal tragedy during South Africa's bitter and divided twentieth century As a young anthropologist in the 1930s Monica immersed herself in the lives work and beliefs of African communities in southern and East Africa while carefully observing the effects of historical change At the core of her existence was her intellectual collaboration and intense personal relationship with her husband the brilliant but clinically depressive Godfrey Wilson who took his own life in 1944 After Godfrey's death Monica raised their two children and built a career as a leading academic at Fort Hare Rhodes University College and the University of Cape Town In a political environment where black academics were under constant threat and ideas were censored she outspokenly advocated racial equality and freedom of speech her publications emphasising a common South African identity and implicitly challenging apartheid separate development This fascinating biography moves between the Eastern Cape Cambridge Tanganyika Nyasaland Northern Rhodesia and Cape Town It explores the relationship between anthropology and history and the tensions between liberalism Christianity Marxism and apartheid ideology Drawing on the letters and diaries left by Monica and Godfrey Wilson this is a powerful story about politics race war faith love and loss

Imperialism, Race and Resistance Barbara Bush, 2002-01-04 Imperialism Race and Resistance marks an important new development in the study of British and imperial interwar history Focusing on Britain West Africa and South Africa Imperialism Race and Resistance charts the growth of anti colonial resistance and opposition to racism in the prelude to the post colonial era The complex nature of imperial power is explored as well as its impact on the lives and struggles of black men and women in Africa and the African diaspora Barbara Bush argues that tensions between white dreams of power and black dreams of freedom were seminal in transforming Britain's relationship with Africa in an era bounded by global war and shaped by ideological conflict
