## **Rebels And Rivals The Contestive Spirit In The Canterbury Tales Smc 29:**

A Companion to Medieval Poetry Corinne Saunders, 2010-02-12 A Companion to Medieval Poetry presents a series of original essays from leading literary scholars that explore English poetry from the Anglo Saxon period up to the 15th century. Organised into three parts to echo the chronological and stylistic divisions between the Anglo Saxon Middle English and Post Chaucerian periods each section is introduced with contextual essays providing a valuable introduction to the society and culture of the time. Combines a general discussion of genres of medieval poetry with specific consideration of texts and authors including Beowulf Sir Gawain and the Green Knight Chaucer Gower and Langland. Features original essays by eminent scholars including Andy Orchard Carl Schmidt Douglas Gray and Barry Windeatt who present a range of theoretical, historical and cultural approaches to reading medieval poetry as well as offering close analysis of individual texts and traditions.

*Chaucer and the Making of Optical Space* Peter Brown, 2007 The author links Chaucer's writings with the medieval optical tradition in its various forms: scholastic texts, encyclopedias, exempla, vernacular poetry both in general cultural terms and through the discussion of specific examples. He shows how the science of optics or perspectiva provides an account of spatial perception including visual error and demonstrates how these aspects of optical theory impact on Chaucer's poetry. He provides detailed and sustained analysis of the spatial content of narratives across the range of Chaucer's works relating them to optical ideas and making use of Lefebvre's theory of the production of space. The texts discussed include the Book of the Duchess House of Fame Knight's Tale Miller's Tale Reeve's Tale Merchant's Tale Squire's Tale and Troilus and Criseyde.
