Recasting Women Ebays In Colonial Histo:

Recasting Women Kumkum Sangari, Sudesh Vaid, 2010 **Recasting Women** Kumkum Sangari, Sudesh Vaid, 1990 The political and social life of India in the last decade has given rise to a variety of questions concerning the nature and resilience of patriarchal systems in a transitional and post colonial society The contributors to this interdisciplinary volume recognize that every aspect of reality is gendered and that such a recognition involves a dismantling of the ideological presuppositions of the so called gender neutral ideologies as well as the boundaries of individual disciplines *Recasting Women Essays in Colonial Histroy*, 2015 **Colonialism as Civilizing Mission** Harald Fischer-Tiné, Michael Mann, 2004 Inherent in colonialism was the idea of self legitimation the most powerful tool of which was the colonizer s claim to bring the fruits of progress and modernity to the subject people In colonial logic people who were different because they were inferior had to be made similar and hence equal by civilizing them However once this equality had been attained the very basis for colonial rule would vanish Colonialism as Civilizing Mission explores British colonial ideology at work in South Asia Ranging from studies on sport and national education and pulp fiction to infanticide psychiatric therapy and religion these essays on the various forms expressions and consequences of the British civilizing mission in South Asia shed light on a topic that even today continues to be an important factor in South Asian politics *Women Writing in India: 600 B.C. to the early twentieth century* Susie J. Tharu, Ke Lalita, 1991 Includes songs by Buddhist nuns testimonies of medieval rebel poets and court historians and the voices of more than 60 other writers of the 18th and 19th centuries Among the diverse selections are a rare early essay by an untouchable woman an account by the first feminist historian and a selection from the first novel written in English by an Indian woman **Women, Islam and Familial Intimacy in Colonial South Asia** Asiya Alam, 2021-01-25 *Women Islam and Familial Intimacy in Colonial South Asia* highlights the rich tradition of protest and defiance among the Muslim women of colonial India Bringing together a range of archival material including novels pamphlets commentaries and journalistic essays it narrates a history of Muslim feminism conversing with and confronting the dominant and influential narratives of didactic social reform The book reveals how discussion about marriage and family evoked claims of women s freedom and rights in a highly charged literary and cultural landscape where lesser known female intellectuals jostled for public space alongside well known male social reformers Definitions of Islamic ethics remained central to these debates and the book illustrates how claims of social obligation religious duty and freedom balanced and negotiated each other in a period of nationalism and reform By doing so it also illuminates a story of Muslim politics that goes beyond the well established accounts of Muslim separatism and the Pakistan movement *Dowry Murder: Reinvestigating A Cultural* Veena Talwar Oldenburg, Veena Talwar, 2010 Dowry in India has long been blamed for the murder of wives and female infants Reconstructing the history of dowry in this highly provocative book Veena Talwar Oldenburg argues that dowry is not always the motive for these killings as is widely believed nor are these crimes a product of Indian

culture or caste system In the pre colonial period dowry an institution managed by women to enable them to establish their independence was a safety net As a consequence of massive economic and societal upheaval brought on by British rule however women s control of the system diminished and dowry became extortion Page 4 of cover

Women at War Vera Hildebrand,2018-03-15 Among the more improbable events of the Asia Pacific Theater in World War II was the creation in Singapore of a corps of female Indian combat soldiers the Rani of Jhansi Regiment RJR They served under Indian freedom fighter Subhas Chandra Bose in the Indian National Army Because the creation of an Indian all female regiment of combat soldiers was a radical military innovation in 1943 and because the role of women in today s broader context of Indian culture has become a prevalent and pressing issue the extensive testimony of the surviving veterans of this unit is timely and urgent The history of these brave women soldiers is little known their extraordinary service and the role played by Bose remains largely unexplored In the years since the RJR surrender in 1945 the story of Subhas Chandra Bose and the Rani Regiment of

female combatants as signature symbols of both the national fight for independence and of Indian women's struggle for gender equality has taken on aspects of myth. Lengthy interviews with the veteran Ranis together with archival research comprise the evidence that separates the myth of the Bengali hero and his jungle warrior maidens from historical fact and this resulting book presents an accurate narrative of the Ranis. The facts are nearly as impressive as the legend. State, Law and Gender Shreya Roy, 2023-12-12

A critical analysis of marriage law in India from the late nineteenth to early twentieth century. In *State Law and Gender* Shreya Roy highlights how Indian law has been implicated in women's subordination. It explores the ideological expectations that underpin women's legal regulation as well as the traditions in which law subjugates women the multifaceted and elusive ways wherein law validates profoundly gender based suppositions relationships and characters. The book demonstrates that the correlation of moral precepts and legal norms is associated with the broader history of the age of marriage of girls in India and it has also shown how history includes diverse alternatives to understanding and addressing the problem of child marriages that do not rely on liberal legal frameworks. The book critically analyzes and evaluates the social and legislative history of the period focusing particularly on three significant pieces of legislation: Act III of 1872 the Age of Consent Act of 1891 and the Child Marriage Restraint Act of 1929. It traces the history of the legal changes related to the age of marriage in India after Independence and links this issue with the present day concern and the Government's initiative for raising the age of marriage of girls. *Women's Roles in Asia* Kathleen Nadeau, Sangita Rayamajhi, 2013-06-11

Fragmentation in the Developing World H. Afshar,S. Barrientos,1999-07-05 The process of globalization has had a dramatic impact on the lives of women in developing countries in the past decade They have been increasingly drawn into insecure flexible employment working for the world market The feminisation of the labour market has increased the burdens on women and the inability of men to access full time well remunerated employment has exacerbated the process of male out migration and has left many families headed by women At the same time the reduction in state services and welfare has increased the burdens placed on women Nevertheless the consequences of globalization have been different for different women in different places In some circumstances it has created opportunities for greater empowerment whilst in others it has stimulated a reaction and increased the subordination of women This book explores the experiences of women in diverse local contexts within different cultures and faiths drawing on case studies from Asia Africa and Latin America It draws out the contradictory and fragmented impact of globalization at the local level on the lives of women in the developing world

India and the British Empire Douglas M. Peers,Nandini Gooptu,2017-02-09 South Asian History has enjoyed a remarkable renaissance over the past thirty years Its historians are not only producing new ways of thinking about the imperial impact and legacy on South Asia but also helping to reshape the study of imperial history in general The essays in this collection address a number of these important developments delineating not only the complicated interplay between imperial rulers and their subjects in India but also illuminating the economic political environmental social cultural ideological and intellectual contexts which informed and were in turn informed by these interactions Particular attention is paid to a cluster of binary oppositions that have hitherto framed South Asian history namely colonizer colonized imperialism nationalism and

modernity tradition and how new analytical frameworks are emerging which enable us to think beyond the constraints imposed by these binaries Closer attention to regional dynamics as well as to wider global forces has enriched our understanding of the history of South Asia within a wider imperial matrix Previous impressions of all powerful imperialism with the capacity to reshape all before it for good or ill are rejected in favour of a much more nuanced image of imperialism in India that acknowledges the impact as well as the intentions of colonialism but within a much more complicated historical landscape where other processes are at work

Women, Labour and the Economy in India Deepita Chakravarty, Ishita Chakravarty, 2015-10-30 The last available census estimated around 10 per cent of total urban working women in India are concentrated in the low paid domestic services such as cleaning cooking and taking care of the children and the elderly This is found to be much higher in certain parts of India emerging as the single most important avenue for urban females surpassing males in the service since the 1980s By applying an imaginative and refreshing mix of disciplinary approaches ranging from economic models of the household empirical analysis and literary conventions this book analyses the changing labour economy in post partition West Bengal It explains how and why women and girl children have replaced this traditionally male bias in the gender segregated domestic service industry since the late 1940s and addresses the question of whether this increase in vulnerable individuals working in domestic service the growth of the urban professional middle class in the post liberalization period and the increasing incidences of reported abuses of domestics in urban middleclass homes in the recent years are related Covering five decades of the history of gender and labour in India this book will be of interest to scholars working in the fields of gender and labour relations development studies economics history and women and gender studies

Women and Politics Dr. Nisha Mann, 2021-08-14 Women and Politics with special reference to PRIs The 73rd Constitutional amendment Act of 1993 has played a significant part in achieving the goal of inclusive democracy in India It served as the institutional breakthrough towards ensuring equal access and enhanced participation of women in the inclusive democratic process through their participation in the local government at the grassroots level The Amendment has greatly contributed to the political empowerment of women from marginalized communities in the rural areas who were not initially very confident of their abilities to assume leadership roles at the grassroots level as the male dominant rural power structure did not budge to lose its traditional grip over the political institutions The present book examines changing role of women from domestic work to grass root level democracy The book contains nine chapters The book is about women s participation in the political sphere Women came out in large numbers during the independence and later with the 73rd amendment and reservation their percentage increased a lot It will see women s role in the International sphere too The book will see the developing leadership among women for securing their rights undertaking responsibilities for civil society empowerment and overcoming the barrier to women s development With the help of case studies of various states I have found how women are empowering themselves and also facing violence and challenges in this political field I have also suggested ways through

which women can be empowered Transforming Communication About Culture Mary Jane Collier, 2002 The 24th volume addresses how people's lives and experiences across the world are being transformed by technological changes media institutions political ideologies and social forces Nine articles consider such topics as implications of the privatization of television in India diasporic cinema and media definitions of Indian femininity the construction of Latinos and Latino issue and peril and play in an Arab American community The contributors are from a range of countries but all now working in the US c Book News Inc Words of Her Own Maroona Murmu, 2019-11-05 Words of Her Own situates the experiences and articulations of emergent women writers in nineteenth century Bengal through an exploration of works authored by them Based on a spectrum of genres such as autobiographies novels and travelogues this book examines the sociocultural incentives that enabled the dawn of middle class Hindu and Brahmo women authors at that time Murmu explores the intersections of class caste gender language and religion in these works Reading these texts within a specific milieu Murmu sets out to rectify the essentialist conception of women's writings being a monolithic body of works that displays a firmly gendered form and content by offering rich insights into the complex world of subjectivities of women in colonial Bengal In attempting to do so this book opens up the possibility of reconfiguring mainstream history by questioning the scholarly conceptualization of patriarchy being omnipotent enough to shape the intricacies of gender relations resulting in the flattening of self fashioning by women writers The book contends that there were women authors who flouted the norms of literary aesthetics and tastes set by male literati thereby creating a literary tradition of their own in Bangla and becoming agents of history at the turn of the century
