Reception La Litierature:

Littérature africaine et sa critique Locha Mateso, 1986-01-01 The Court Reconvenes International Courtly Literature Society. Congress, 2003 Table of contents Reception and Renewal in Modern Spanish Theatre, 1939-1963 John London, 1997 The book constitutes the first attempt to provide an overview of the reception of foreign drama in Spain during the Franco dictatorship John London analyses performance stage design translation censorship and critical reviews in relation to the works of many authors including Noel Coward Arthur Miller Eugene Ionesco and Samuel Beckett He compares the original reception of these dramatists with the treatment they were given in Spain However his study is also a reassessment of the Spanish drama of the period Dr London argues that only by tracing the reception of non Spanish drama can we understand the praise lavished on playwrights such as Antonio Buero Vallejo and Alfonso Sastre alongside the simultaneous rejection of Spanish avant garde styles A concluding reinterpretation of the early plays of Fernando Arrabal indicates the richness of an alternative route largely ignored in histories of Spanish theatre **Communication Littéraire Et Réception** International Comparative Literature Association. Congress, 1980 **Literary Translation, Reception, and Transfer** Norbert Bachleitner, 2020-09-21 The three concepts mentioned in the title of this volume imply the contact between two or more literary phenomena they are based on similarities that are related to a form of travelling and imitation or adaptation of entire texts genres forms or contents Transfer comprises all sorts of travelling with translation as a major instrument of transferring literature across linguistic and cultural barriers Transfer aims at the process of communication starting with the source product and its cultural context and then highlighting the mediation by certain agents and institutions to end up with inclusion in the target culture Reception lays its focus on the receiving culture especially on criticism reading and interpretation Translation therefore forms a major factor in reception with the general aim of reception studies being to reveal the wide spectrum of interpretations each text offers Moreover translations are the prime instrument in the distribution of literature across linguistic and cultural borders thus they pave the way for gaining prestige in the world of literature The thirty eight papers included in this volume and dedicated to research in this area were previously read at the ICLA conference 2016 in Vienna They are ample proof that the field remains at the center of interest in Comparative Literature **Bakhtin and cultural theory** Ken Hirschkop, David Shepherd, 2024-06-04 An important collection of essays which treats Bakhtin as a provocative theorist whose work must be tested explored and compared with the work of others Contributors assess Bakhtin's contribution to difficult issues of colonialism feminism reception theory and theories of the body amongst others New articles explore the origins previously unacknowledged of Bakhtin's theory of language and provide a vivid account of the dramatic scandal surrounding Bakhtin's thesis on Rabelais Contains dramatic new material drawn from post perestroika sources which demythologizes the image of this important writer A new bibliographical essay and introduction bring the English language reader up to date with the progress of Bakhtin studies in Russia **Receptions**

of Paul in Early Christianity Jens Schröter, Simon Buttica, Andreas Dettwiler, 2018-10-22 The volume deals with interpretations of Paul his person and his letters in various early Christian writings Some of those written in the name of Paul became part of the New Testament others are included among Ancient Christian Apocrypha still others belong to the collection called The Apostolic Fathers Impacts of Paul are also discernible in early collections of his letters which became an important part of the New Testament canon This process resulting in the canonical Paul is also considered in this collection

Receptions of Antiquity Jan Nelis, 2011 This volume presents a series of papers which cover the general theme of the reception of antiquity a topic which has in recent years become a discipline in itself or what some might call a cross discipline Indeed the Nachleben of the culture of classical antiquity and of antiquity as a whole manifests in a number of diverse domains opening up the field of reception studies to scholars from disciplines other than Classics This collection of papers illustrates this diversity uniting as it does original research by scholars from a variety of disciplines classicists historians theatre historians architectural historians psychologists archaeologists artists and more all of whom have treated some aspect of the so called classical tradition by means of their own individual approaches leading to a volume rich and dense in themes and methodologies Receptions of antiquity has been written by friends of Freddy Decreus in honour of his career and in celebration of his thought Exegesis and History of Reception Régis Burnet, 2021-01-26 Why should we take into account the history of reception in biblical methods It is because as exegetes we have no choice Recognizing our dependence on interpretations of the past is not a new method but it is the very way we understand texts Régis Burnet shows how this allows us to put our current interpretations into perspective but also to dialogue with those of the past Cognate Connections ENGLISH AND FRENCH COGNATES AND SENTENCE EXAMPLES FOR LANGUAGE LEARNERS II Önder Ertürkler, ENGLISH AND FRENCH COGNATES AND SENTENCE EXAMPLES FOR LANGUAGE LEARNERS Book 2 Over 600 English French Cognates for Self Study Beginners and All Levels Easy Learning Vocabulary Practice and Dictionary Guide French Language Learning eBook Version Receptions of Simon Magus as an Archetype of the Heretic Alberto Ferreiro, Ephraim Nissan, 2023-10-14 This book about receptions of Simon Magus uncovers further facets of one who was held to be the evil archetype of heretics Ephraim Nissan and Alberto Ferreiro explore how Simon Magus has been represented in text visual art and music Special attention is devoted to the late medieval Catalan painter Lluís Borrassà and the Italian librettist and musician Arrigo Boito The tradition of Simon Magus demonic flight ending in his crashing down first appears in the patristic literature The book situates that flight typologically across cultures Fascinating observations emerge as the discussion spans flight of the wicked in rabbinic texts flight and death of King Lear's father and a Soviet era Buryat Buddhist monk flight and doom of the fool in an early modern German broadsheet and more The book explains and moves beyond extant scholarly wisdom on how the polemic against Mani the founder of Manichaeism was tinged with hues of Simon Magus The novelty of this book is that it shows that Simon Magus receptions teach us a great deal about the contexts in

alike a wide range of new thoughts and ideas *The Reception and Interpretation of the Bible in Late Antiquity* Lorenzo DiTommaso, Lucian Turcescu, 2008 The volume is a Festschrift offered to Charles Kannengiesser on the occasion of his 80th birthday and honours him for his numerous scholarly accomplishments Its twenty five contributions discuss some of the major issues pertaining to the reception and interpretation of the Bible in late antique Christianity and Judaism They focus on the ways in which communities and individuals understood the Bible and interpreted its traditions to address their historical social and theological requirements Since the Bible was by far the most important book during these centuries a discussion of its influence in such contexts will illuminate significant aspects of the formation of western civilisation **Littérature maghrébine et littérature mondiale** Charles Bonn, 1995 Andere Ausg wie idn 4687726 Brill's Companion to the Reception of Aristotle's Poetics , 2024-12-16 It is hardly possible to read Aristotle's Poetics today without acknowledging the influence of its reception history our understanding of Aristotle's poetical theory has been reshaped in past decades thanks to a reappraisal of long held prejudices whose history may be no less fascinating to explore than the text of the Poetics itself To grasp what the Poetics has to say therefore involves questioning what its many readers have been looking after What was the Poetics used for And what are we using it for now Into which bodies of texts has it been incorporated and put into perspective How have these uses and contexts influenced past readings of the Poetics and how do they still inform the way we read it **Aesthetics and the Literature of Ideas** François Jost, Melvin J. Friedman, 1990 This collection explores the aesthetic principles that pervade all sectors of human activities involving intellectual perceptiveness The three areas of investigation are aesthetics and rationality in the realm of literary history and criticism the genres and meanings in the metamorphosis of the arts and aesthetics in literature society and politics **The Cambridge History of Literary Criticism: Volume 8, From Formalism to Poststructuralism** George Alexander Kennedy, Raman Selden, 1989 Volume 8 of The Cambridge History of Literary Criticism deals with the most influential and hotly debated areas of literary theory those developing in Europe but having their main impact in the Anglo American world of academic literary studies whose course they have fundamentally redirected The structuralism poststructuralism Russian formalism semiotics narratology hermeneutics phenomenology reception theory and speech act theory associated with European writers including Barthes Todorov Derrida and Iser are here described in the context of their original development but with an eye also to their eventual influence and the volume includes a reflective chapter by Richard Rorty on deconstruction Incorporating full bibliographies this volume engages systematically with the history of the twentieth century's most profound and extensive set of cross cultural intellectual movements
