Reshaping Faculty Careers Warren Todd Furniss, 1981 **Education Policy Outlook 2024 Reshaping Teaching into a Thriving Profession from ABCs to AI** OECD, 2024-11-25

Teacher shortages have intensified across several OECD countries making this an urgent priority for education systems. Between 2015 and 2022 the share of students whose principals reported shortages rose from 29% to 46.7% on average across the OECD. Simultaneously rapid technological advances such as artificial intelligence AI and broader socio economic shifts increase the need to support teachers in delivering quality education in evolving contexts. Addressing both the number of teachers and ensuring they possess the skills to meet new educational needs is essential for student success. This report presents a policy roadmap to help education systems balance the supply and demand for quality teaching in these changing times. Drawing on responses from 33 education systems to the Education Policy Outlook National Survey for Comparative Analysis as well as additional evidence the report outlines current challenges and key factors in their interplay. It also explores policy responses to attract retain and develop teachers enhancing their teaching practices and professional learning. In doing so the report aims to support countries in advancing the goals set by the 2022 OECD Declaration on Building Equitable Societies Through Education. This report is part of the Education Policy Outlook series the OECD's analytical observatory of education policy.

In demonstrating how you can manage your career they weave in the personal and institutional dimensions of their experience and offer vignettes from their longitudinal study of pre-tenure faculty to illustrate typical issues you may have to contend with and normalize many of the concerns you may face as a new member of the academy. This book offers you the resources tips and strategies to develop a strong healthy career as a faculty member. Empowerment you take ownership of and become an active agent in shaping your career.
