Saloon Girl:

The Saloon Girl's Only Shot Dani Collins,2024-05-07 Can a charming saloon keeper convince a ruined barmaid he s a sure bet True love is worth more than gold in this delightful followup to The Prospector s Only Prospect Scandal has taught aspiring school teacher Temperance Goodrich to never trust a man Stranded in lawless Denver City she ll do anything to earn enough to return home before winter even work as a saloon girl But entertaining rough men who are starved for female company isn t easy and time is running out When Owen Stames finally finds a claim that pays he s determined to prove the naysayers wrong and open his own saloon before the gold runs out Too bad the sole vacant building is a former funeral parlor and the only available employee is the prickly city girl who s been fired from every bar in town Temperance is wary of Owen especially when the accommodation he offers is a bed they must share But when a brazen robbery nearly costs them everything they realize they only have one shot at love so they d better take it **The Saloon Girl's Journey** Angela

Nolan,2007 The ranching boom of the 1880s made the Texas Panhandle town of Tascosa the cowboy capital of the world Through it passed many people good and bad who made history in the West Yet when the large ranches broke up Tascosa disappeared as quickly as it had risen Provided by publisher **males order brides** , Tales from the Flashback: "The Ank Williams Story" Wayne Kyle Spitzer,2018-05-29 Ha The flu You should see em pale and black eyed as serpents just lying there in the Rio Grande like zombies She leaned toward him over the bar again and he caught a whiff of her fragrance and there was a stirring in his groin he hadn t felt since well since he couldn t remember What do you mean like zombies I mean like zombies like men who are dead but still walking or lying there staring at the ceiling See something attacked us only a few weeks after the Flashback something new At first everyone just assumed it was a rogue raptor because it didn t have a pack that was the first thing But then it started talking like a parrot I suppose saying things like Pig and Eggsucker She laughed her contagious laugh Can you imagine A raptor calling you names as it attacked you Deputies Creebald and Teller put up one hell of a fight you can be sure and they did eventually kill it with Rimshaw s help but all of them were wounded in the fight and the deputies worst of all After that things started changing around here At first it was just Creebald and Teller acting strangely

abusing their power you might say telling me not to forget to paint on my mole or insisting Doc Allen wear that ridiculous little vest But then Marshal Rimshaw started getting into the act as well and before any of us knew it we were living in a kind of police state Decker was the only one who didn't pile on which is funny because he was the only one not wounded in the fight with the raptor It all came to a head when Deputy Teller had his way with one of the saloon girls Molly was her name after which there was a full blown shootout between the Marshal and his deputies not Decker he tried to maintain the peace and the rest of the town She unscrewed the cap from a bottle of beer and took a swig then concealed it behind the bar You didn't see that Anyway the town didn't fair so well and now there's a row of graves out by Serpent's Butte She paused locking her beautiful brown eyes up in his own They were good men Williams The best I've ever known And now they're just as dead as that raptor She snapped the bar towel in her hands and then wiped the counter And that's why we all talk and dress this way She indicated his empty glass You want another Sure he said She pulled one from the wall and unscrewed its cap sat it down in front of him At last she said So what about you What's your story And how did you come to be travelling with an armored dinosaur

After the Flashback: The Flashback/Dinosaur Apocalypse Trilogy, Book Two Wayne Kyle Spitzer, 2022-09-24 First came the time storm which erased half the population Then came the dinosaur apocalypse How did it all begin That depends on where you were and who you ask In some places it started with the weather which quickly became unstable and began behaving in impossible ways In still others it started with the lights in the sky which shifted and pulsed and could not be explained Elsewhere it started with the disappearances one here a few there but increasing in occurrence until fully three quarters of the population had vanished Either way there is one thing on which everyone agrees it didn't take long for the prehistoric flora and fauna to start showing up often appearing right where someone was standing in which case the two were fused spliced amalgamated It didn't take long for the great Time displacement called the Flashback which was brief but had aftershocks like an earthquake to change the face of the earth Nor for the stories some long and others short some from before the maelstrom and resulting societal collapse and others after to be recorded Welcome to the world of the Flashback a world in which man's cities have become overgrown jungles and extinct animals wander the ruins You can survive here if you're lucky and if you're not in the wrong place at the wrong time which is everywhere all the time But what you'll never do is remain the same for this is a world whose very purpose is to challenge you for better or for worse It is a world where frightened commuters will do battle with murderous bikers even as primordial monsters close in and others will take refuge in an underground theme park only to find their worst enemy is themselves Where ordinary people never do wells on a cross country motorcycle trip a woman on a redeye flight to Hell a sensitive boy stricken with visions of what's to come will find themselves in extraordinary situations and a gunslinger and his telekinetic ankylosaurus will embark on a dangerous quest A world where travelers will be trapped with an unravelling President of the United States and a band of survivors will face roving packs of monsters and men in post apocalyptic Seattle where rioting

teenagers will face deadly predators as well as their own demons while ransacking the nation's capital where a Native American warrior will seek to bury his past and offer an elegy for all the Earth in what remains of Las Vegas In short it is a world where anything can and will happen So take a deep dive into these loosely connected tales of the Dinosaur Apocalypse each of which can be read individually or as a part of the greater saga tales of wonder and terror death and survival blood and beauty Do it today before the apocalypse comes

RAINBOW MEN John P. Wunderle Jr.,2007-12-19 Seven military men find themselves odd men out as the nineteenth century moves into the twentieth century The United States cavalry is almost a thing of the past After a fleeting

dalliance with glory in Cuba the men are dispatched to southwest Texas to serve under a pompous self serving martinet Trouble inevitably ensues and the men are eventually asked to leave the military With no clear plan for the immediate future the seven find action and adventure in Mexico before settling in the bayous of southwest Mississippi There still more fierce battles are waged spurred on by the clash of cultural and social disparity *Comfortable Shorts* Eddie Roy, 2022-04-19 A collection of twelve simple yet engaging short stories in two very different genres There is a suite of six interconnected western stories Then there are six stories of the holiday that are season sure to leave the reader feeling good **The Midnight Country** Wayne Kyle Spitzer, 2022-02-04 In retrospect I wish I had continued recording for what I saw in that instant is difficult to describe even now Suffice it to say that it had a body like that of a manta ray upon whose tail the balloonist had been impaled or a manta ray combined with a bat albeit huge and that it was covered with a kind of camouflage which reminded me of pictures I had seen of Jupiter just a roil of purples and pinks and browns I suppose that was when it first hit me the possibility that there might be a connection between this thing and the Jupiter 6 probe That the probe might have brought something back even if it had just been a sprinkling of microbes on its surface And then there was an explosion somewhere above us the concussion of which rocked our balloon and we all looked up to see Gas Monkey my God it was like the sun on fire and yet that wasn't all we saw for as it dropped it became evident that there were more of the bat manta ray things attached suckling it as it fell crawling upon it like flies Then it passed us like some kind of great meteor its occupants shrieking and calling out and was gone below the heat of it still painting our faces its awful smell which was the smell of rotten eggs filling our nostrils And then we were just drifting all of us crouched low in the basket and the only sounds were those of Karen sobbing and my own pounding heart
