Samavaya Foundation Of Nyayavaisesika Philosophy:

Samavāya Foundation of Nyāya-Vaiśeṣika Philosophy Biswanarayan Shastri,1993 Samavaya the sixth category in the Kanada sutra the corner stone of the Nyaya Vaisesika system of philosophy on which the grand edifice of the said school has been assiduously built by the followers from Prasastapada to Sridhara Uddyotakara to Udayana and Gangesa has been dealt with in this work in its entirety and established that the theory of causality depends on Samavaya The criticism against the concept of Samavaya by the other schools of philosophy more particularly the attack mounted on it by Buddhist logicians Dharmakirti Asoka Pandita Santaraksita et al and the Jain scholars such as Akalanka Manikyanandin and Prabhacandra have been presented in their full vigour The arguments in defence of Samavaya marshalled by scholars of the Navya Nyaya school are also put forward maintaining their flavour strength and sharpness By presenting the strength and weakness of all arguments for and against the concept of Samavaya the present work establishes the concept of Samavaya in its true perspective This comprehensive work on Samavaya published for the first time helps to understand the basic theory of creation and the emergence of the world order as propounded and upheld by the Nyaya Vaisesika school of philosophy This is a significant contribution to the modern review of Indian philosophy **Accessions List, South Asia** Library of Congress.
