Louv joined a bass tournament on Lake Erie and got a casting lesson from fly fishing legend Joan Wulff. He angled with corporate executives in Montana and fly fished for sharks in California. He spent time with fishing boat captains in Florida, the regulars who fish New York City's Hudson River and a river witch in Colorado. He teamed secrets of fishing and living from steelheaders in the Northwest, Bass n Gals in Texas and an ice fisher in the North Woods. Along the way he heard from one of Hemingway's sons what it was like to fish with Papa and from Robert Kennedy Jr how fishing changed his life. As he describes the eccentricities, obsessions and tribulations of dedicated anglers, he also uncovers the values that unite them. He reveals the healing qualities of fishing, how it binds the generations, how the angling business has grown and how the future of fishing is threatened. But most of all, *Fly Fishing for Sharks* is about the unforgettable characters Louv meets on the water and the stories they tell. From them, Louv learns about our changing relationship with nature, about a hidden America and about himself.

The Old Man and the Sand Eel Will Millard, 2018-03-01 A wonderfully fluent account of how the strange magic of water and the beings that inhabit it can enchant and intoxicate. Chris Yates Growing up on the Cambridgeshire Fens Will Millard never felt more at home than when he was out with his granddad on the riverbank whiling away the day catching fish. As he grew older, his competitive urge to catch more and bigger fish led him away from that natural connection between him, his grandfather and the rivers of his home. That is, until the fateful day he let a record-breaking sand eel slip through his fingers and he knew that he had lost the magic of those days down by the river and that something had to change. *The Old Man and the Sand Eel* is at its heart the story of three generations of men trying to figure out what it is to be a man, a father and a fisherman. It plots Will's scaly stepping stones back to his childhood innocence when anything was possible and the wild was everywhere. Will Millard is a master wordsmith and his first book is a joyful testament to that. Isabelle Broom Heat Will Millard writes with a genuine sense of humility, humour and reflection. Kevin Parr Countryfile Delightful and informative, beautifully drawn. *The Old Man and The Sand Eel* will be enjoyed by anyone who loves the challenge and mystery of baiting a hook and plopping it into the water. Spectator This is post-modern nature writing that embraces beauty where it finds it and marvels at nature's tenacity. But there's more here than just fish. This is also a book about growing up, about how to retain a connection with those who raised you while forging your own identity, what to keep and what to discard. And it's about men. The strong surges of emotion that both draw them together and keep them apart and the shared pastimes which recognise that intimacy and meaning aren't always accompanied by words.
