**Community as Church, Church as Community** Michael Plekon, 2021-07-22 Parishes of all denominations are in decline shrinking closing dying We know that there are increasing numbers young and older who are religious nones and dones This book explores why the decline is taking place why the distancing is going on But it goes on to examine parishes from all over the country and from various church bodies that are resurrecting The central theme of death and resurrection shapes the analysis of parishes covered Parishes are resurrecting by reinventing their ministries by repurposing their building to better serve their neighborhoods thus replanting and reconnecting with them All of this is the Spirit's doing but

through the community of sisters and brothers who make up each congregation of faith Community as the core of church is the other reality shaping the book's reflection And community a parish being with those around living for more than its own survival are visions for going forward Other aspects of congregational life are also examined most importantly the pastors how they serve when budgets shrink how they are trained how pastors act with the community not above it No recipes are suggested for parish resurrection but the stories of the parishes that have revived bear within numerous lessons for us in the future

**Conscience and Community** Andrew R. Murphy, 2009-03-02 Religious toleration appears near the top of any short list of core liberal democratic values. Theorists from John Locke to John Rawls emphasize important interconnections between the principles of toleration, constitutional government, and the rule of law. *Conscience and Community* revisits the historical emergence of religious liberty in the Anglo-American tradition, looking deeper than the traditional emergence of toleration to find not a series of self-evident or logically connected expansions but instead a far more complex evolution. Murphy argues that contemporary liberal theorists have misunderstood and misconstrued the actual historical development of toleration in theory and practice. Murphy approaches the concept through three myths about religious toleration: that it was opposed only by ignorant, narrow-minded persecutors; that it was achieved by skeptical Enlightenment rationalists; and that tolerationist arguments generalize easily from religion to issues such as gender, race, ethnicity, and sexuality, providing a basis for identity politics.

**Quest for Spiritual Community** Angela H. Reed, 2011-04-25 Many churches recognize the importance of the genuine spiritual hunger in our time and are attempting to bridge the gulf between traditional religious institutions and the contemporary spiritual quest by revitalizing and retooling ancient spiritual practices. This book suggests that it is possible to relish the spiritual quest while honoring tradition and theological inquiry through practices such as spiritual guidance. It presents a sociological analysis of contemporary spirituality, case studies of congregations with spiritual guidance ministries, and reflection on historical practices and Protestant theological roots to explore the strengths and pitfalls of nurturing the contemporary spiritual quest in the average congregation. The resulting vision for congregation-based spiritual guidance incorporates practices that attend to person, community, and mission.

**Authentic Girlfriends** Mary Snyder, 2014-08-04 Many women find themselves trapped in fake, spray-on kind of faith-based relationships. In *Authentic Girlfriends: Real Women Finding Real Faith*, totally transparent girlfriend Mary Snyder invites women to go on a life-changing and fun faith adventure together. Women will explore through Scripture how authentic girlfriend relationships should be developed. With the small group in mind, this six-week study combines daily Bible study and weekly gatherings. A unique companion group guide gives women the opportunity to share conversation and prayer with a

partner throughout the study Women will explore differing personalities boundaries priorities and most importantly learn how to encourage one another to be consistent in looking to God s truth for direction Authentic Girlfriends is an easy to use practical fun tool to help busy women build godly friendships      Worship and Festivals Gwyneth Windsor,1990 One of a series for lower secondary pupils which aims to provide a foundation for GCSE and Standard Grade work It uses an active learning approach to help students to develop an understanding of all aspects of the Christian faith This book covers worship and the Christian festivals      **God's Church-Community** David Emerton,2020-07-09 David Emerton argues that Dietrich Bonhoeffer s ecclesial thought breaks open a necessary third way in ecclesiological description between the Scylla of ethnographic ecclesiology and the Charybdis of dogmatic ecclesiology Building on a rigorous and provocative discussion of Bonhoeffer s thought Emerton establishes a programmatic theological grammar for any speech about the church Emerton argues that Bonhoeffer understands the church as a pneumatological and eschatological community in space and time and that his understanding is built on eschatological and pneumatological foundations These foundations in turn give rise to a unique methodological approach to ecclesiological description an approach that enables Bonhoeffer to proffer a genuinely theological account of the church in which both divine and human agency are held together through an account of God the Holy Spirit Emerton proposes that this approach is the perfect remedy for an endemic problem in contemporary accounts of the church that of attending either to the human empirical church community ethnographically or to the life of God dogmatically and to each problematically at the expense of the other This book will act as a clarion call towards genuinely theological ecclesiological speech which is allied to real ecclesial action
