Serving The Word Lutheran Women Consider Their Calling:

Serving the Word Marilyn Preus, 1988 **Called** Christopher J. Richmann, 2022-05-31 **Called Recovering Lutheran Principles for Ministry and Vocation** explores vocation and the call to ministry from a Lutheran perspective and reveals their promise for the wider church. It offers a foundation and clarity for those considering the office of rostered ministry while encouraging all believers to live their spiritual priesthood and faith vocation by responding to the gospel's call to love and serve the neighbor. The book has two main parts. The first part provides a historical overview of the inner call to ministry in the European and American contexts. This inner call in Lutheranism was encouraged by pietist leaders and later required by orthodox writers. In the American context, nineteenth-century Lutherans in the Muhlenberg tradition gave unprecedented emphasis to inner call, and Midwest confessionalists continued the tradition of encouraging inner call while treating it separately from the regular call. Both streams flowed into the twentieth century as the church experienced mergers and addressed the ordination of women. The second part of the book provides a Lutheran theology of vocation and ministry with chapters on vocation, ministerial call, and lay ministry. The importance of external factors is applied to the calling to the office of ministry with applications for clergy commitment and mission and to the priesthood of all believers with applications for the mission of the church in an era of institutional decline. The book aims to support pastors and others considering rostered ministry and helps thoughtful lay readers support ordained ministry while discovering their own rights and duties to minister. **Called** will be especially helpful for congregational call committees and denominational ministry candidacy committees.

Authority Vested Mary Todd, 2000. Like other major Protestant denominations in the United States, the 2.6 million member Luther Church Missouri Synod (LCMS) founded in 1847 has struggled with issues of relevance and identity in society at large. In this book, Mary Todd chronicles the history of this struggle for identity in the LCMS, critically examining the central, often contentious issue of authority in relation to Scripture, ministry, and the role of women in the church. In recounting the history of the denomination, Todd uses the ministry of women as a case study to show how the LCMS has continually redefined its concept of authority in order to maintain its own historic identity. Based on oral histories and solid archival research, **Authority Vested** not only explores the internal life of a significant denomination but also offers critical insights for other churches seeking to maintain their Christian distinctives in religiously pluralistic America.

Historical Dictionary of Lutheranism Günther Gassmann, Mark W. Oldenburg, 2011-10-10. The Reformation of the 16th century was a complex and multifaceted political, social, cultural, and religious process. Most historians agree, however, that in the framework of this process, it was the religious and theological efforts to reform and renew the late medieval church, decadent and irrelevant in many ways, that were the initiating forces that set a broad historical movement in motion. Among these reforming religious and theological forces, the Lutheran reform movement was the most important and influential one. It was the historical impact of the theological genius of the Wittenberg professor Martin Luther (1483-1546) that profoundly changed and shaped the face
