**Serving Print Disabled Library Patrons:**

*Serving Print Disabled Library Patrons* Bruce E. Massis,1996 To a large extent library schools have provided little training for librarians who serve visually or physically impaired patrons Left to their own devices librarians have developed a myriad of programs often through a combination of professional savvy and creative instinct While librarians have made an admirable effort to develop programs for print disabled patrons many are unaware of or unable to access information on programs and services in place elsewhere This work written by experts in the field provides a detailed course in serving the print impaired patron The areas covered include education and training accessing the library services to students the impact of technology production practices and awareness issues for librarians      Creating Inclusive Library Environments Michelle Kowalsky,John Woodruff,2016-10-31 Librarians are continually faced with challenges of how to best meet the needs of patrons with disabilities whether those patrons have physical or intellectual disabilities differing learning styles or even temporary problems which impact their access and may change over time And because planning considerations range from policies and organizational culture to facilities technologies and beyond librarians need a guide that covers everything areas that can be addressed quickly and easily as well as those that require long term strategies That guide is here Packed with research based best practices and handy checklists applicable to all types of libraries this comprehensive resource defines what makes environments barrier free whether physical or virtual and talks about how libraries can develop a user centered culture includes techniques for writing policies and procedures that are clear realistic and flexible provides strategies for setting up facilities training staff and maintaining daily operations discusses collaboration and outreach through community partnerships including ways to connect patrons with nonprofits and disability organizations offers programming and workshop ideas such as open houses tutorials and tours of the library delves into assistive technology website design making vendor purchased products accessible and other information technology issues and shares ideas for library assessment realigning strategies and staying current This planning guide will enable libraries to create and maintain a truly inclusive environment for all patrons      **The Challenges to Library Learning** Bruce E. Massis,2008-11 The Challenges to Library Learning Solutions for Librarians is an insightful volume that offers a practical philosophy of engagement that can be used to meet the growing challenges facing librarians including staffing shortages depleted or eliminated training budgets longer hours greater workloads and rapidly changing technology hindering the ability and willingness of employees to continue job education in library sciences With three decades of experience as a library administrator author Bruce E Massis details an effective plan for inspiring initiative in the learner to pursue a goal oriented and individualized approach to learning helping the library to become more efficient productive and user centered Topics discussed include overcoming staff disengagement accepting e learning as a routine learning model teaching and measuring information literacy training creating a flexible alternative staffing model the Community of Learning Program CLP for library staff and the details of creating and

implementing a training program The Challenges to Library Learning Solutions for Librarians is a vital and practical resource for anyone actively involved or pursuing a career in library administration **Library Literature** H.W.
