**Living a Safe Universe** Lynda Madden Dahl, 2013 Seth channeled by Jane Roberts tells us You live in a safe universe He also reminds us we create our own realities through our mental acts Which means while we live in a safe universe we don't always live a safe universe because we don't always safely create within it What does it take to live a safe universe There is only one answer Trust After years of focused effort Lynda Madden Dahl award winning author of five Seth based books and co founder of Seth Network International found a path within the material not obvious at first but there nonetheless that resolves all trust issues if one is but willing to try Lynda takes the reader deep into the heart of Seth's teachings and one emerges with a new vision and understanding of concepts that will transform one's personal world and thus the world in general Highly recommended for all Seth readers who wish to take Seth's material to a whole new level Rich Kendall author of The Road to Elmira member of Jane Roberts ESP Class I love this book Living a Safe Universe brings us to a new understanding of the Seth material and how to apply this understanding to trust Lynda drives home the point that we are primarily consciousness which exists in the spacious present as opposed to being an ego in time and then explains why that fact changes the playing field entirely Lawrence Davidson member of Jane Roberts ESP class founder of California Seth Conference
