Seth Speaks:

Seth Speaks Seth (Spirit), Jane Roberts, 1994 Seth dictates his startling view of the universe through channeler Jane Roberts *Seth Speaks* Jane Roberts, 1982-01-01 The Individual and the Nature of Mass Events Jane Roberts, 2011-07-08 From the Bestselling Author of *Seth Speaks* Speaking exclusively through Jane Roberts Seth has repeatedly stressed the concept that we create our own reality according to our individual beliefs But how do our realities merge and combine to form mass reactions such as the overthrow of governments the birth of a new religion wars epidemics earthquakes and new periods of art architecture and technology In this pioneering work Seth explores the connection between personal beliefs and world events He pinpoints the unconscious and often negative beliefs pervading science and religion medicine and mythology and offers thought provoking reflections on Darwinism Freudianism religions cults and medical beliefs With fascinating and inspiring implications Seth asserts that the personal impulses we are often taught to see as dangerous chaotic or contradictory are instead crucial to the best interests of the species and the natural world for they lead us to live not only as loving caretakers but as partners with other species Only people who trust their spontaneous impulses can be consciously wise enough to choose from a myriad of probable futures the most promising events Jane Roberts Speaking for Seth **Seth Speaks** Jane Roberts, 1972 **Seth Speaks** Jane Roberts, Seth (Spirit), 1972 **Channeling** Joel Bjorling, 2019-06-19 Originally published in 1992 Channeling is a comprehensive bibliography on the subject of channeling The book defines channeling as any message received or conveyed from transcendent entities and covers material on the history of channeling those that have claimed to transcend death contact with UFOs and contemporary channeling groups The book acts as a research guide and seeks to outline the historical roots of channeling explaining its major teachings and considers its significance as a spiritual movement It provides sources from books booklets articles and ephemeral material and offers a comprehensive list of both primary and secondary materials related to channeling the bibliography takes the most diverse and useful sources of the time This volume although published almost 30 years ago still provides a unique and insightful collection for academics of religion in particular those researching spiritualism and the occult The System of Antichrist Charles Upton, 2005 The System of Antichrist examines the present religious and cultural scene from the standpoint of traditional metaphysics and critiques the New Age spiritualities within their postmodern context Its many references to Rene Guenon and Frithjof Schuon also help introduce these important but little known traditionalist thinkers The book presents lore relating to the latter days of the present cycle from the vantage point of comparative religion drawing upon relevant doctrines from Buddhism Hinduism Judaism Christianity Islam Zoroastrianism and the Native American traditions It also speculates upon the social psychic and spiritual nature of that being known to Christianity Judaism and Islam as the Antichrist presenting him as both an individual and a system and warning those willing to be warned against the spiritual seduction and terror he represents and against the regime which will be and is the social expression of that seduction and

that terror Finally in tracing the roots of Antichrist in the fallen nature of man the author sketches the particular quality of spirituality proper to apocalyptic times the dangers it faces the unique opportunities open to it And along the way he describes his own course from the spiritual revolution of the 1960s through the world of New Age spiritualities to the threshold of traditional esoterism and metaphysics As he says speaking of the angst that characterizes the modern world The specific medicine for the shock of despair is the deeper shock of meaning Nothing but the weight of eternity breaking through the thin brittle shell of the postmodern sky can set us on our feet

The Outline of Parapsychology Jesse Hong Xiong,2009-11-09 This is a work of systematic parapsychology The book aims to construct a framework and system of parapsychology taking a comprehensive approach to the field The Outline of Parapsychology states that parapsychology has a different philosophical background from the existing science and religions and posits that pantheism could be the theoretical basis of parapsychology The book also integrates parapsychology with oriental philosophies and New Age movement thought

The Delight Makers Catherine L. Albanese,2023-01-17 Can you draw a clear line through American history from the Puritans to the Nones of today On the surface there is not much connective tissue between the former who often serve as shorthand for a persistent religious fanaticism in the United States and the almost one quarter of the population who now regularly check the None or None of the above box when responding to surveys of religious preference But instead of seeing a disconnect between these two groups separated by time historian Catherine Albanese insists there is a deep connection that spans the centuries With a targeted romp through American history from the seventeenth century to the present Albanese ties together these seemingly disparate groups through a shared and distinctively American preoccupation with delight and desire Albanese begins our journey with the role of delight and desire in the brand of Calvinism championed by renowned Puritan minister Cotton Mather and later Jonathan Edwards She then traces the development of these themes up through the present treating the reader to revelatory readings of Ralph Waldo Emerson Horace Bushnell Andrew Jackson Davis William James Emma Curtis Hopkins Elizabeth Towne and others revealing the contours of an evolving theology of desire The result is an original and entertaining take on an underexamined through line in American history **Awakening**
